AUTHOR Chorvinsky, Milton
TITLE Directory of Library Networks and Cooperative Library Organizations, 1985.
INSTITUTION National Center for Education Statistics (ED), Washington, DC.
REPORT NO NCES-85-215
PUB DATE 85
NOTE 109p.; For the 1980 edition, see ED 205 191.
AVAILABLE FROM Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.
PUB TYPE Reference Materials - Directories/Catalogs (132)
EDRS PRICE MF01/PC05 Plus Postage.
DESCRIPTORS *Libraries; Library Cooperation; *Library Networks; Shared Library Resources

ABSTRACT

Designed to ease communication and resource sharing by libraries across the nation, this directory lists 968 cooperating library organizations. Library networks are listed by state and are arranged alphabetically within each state listing. Each entry includes the network name, acronym (if any), address, name and title of the director of operations, and telephone number. An alphabetical index of library networks with cross-references to entry numbers is provided. (KM)

National Center for Education Statistics

"The purpose of the Center shall be to collect and disseminate statistics and other data related to education in the United States and in other nations. The Center shall . . . collect, collate, and, from time to time, report full and complete statistics on the conditions of education in the United States; conduct and publish reports on specialized analyses of the meaning and significance of such statistics; . . . and review and report on education activities in foreign countries."--Section 406(b) of the General Education Provisions Act, as amended (20 U.S.C. 1221e-1).

Foreword

The number of library networks has increased by about 60 percent over the 5 years that have elapsed since the National Center for Education Statistics published its first directory of networks in 1980. The *Directory* is designed to ease communication and resource sharing by libraries across the Nation. This edition lists 968 organizations, with the following information provided for each: name of organization; acronym, if any; address, including zip code; name and title of the director of operations; and telephone number. Individual entries are accessible alphabetically, by State and within State.

We would like to express our appreciation to the officials of the organizations whose responses and encouragement made this *Directory* possible.

David A. Sweet
Assistant Administrator
Division of Multilevel Education Statistics

September 1985

Acknowledgements

Acknowledgement is made to the late Helen M. Eckard of NCES, who directed the planning and initial stages of this project. The basic work was conducted by Enterprises for New Directions, Inc., with the assistance of Donald W. King of King Research, Incorporated, under contract to NCES. The contract project manager was Sandra E. Brouard.

How to Obtain More Information

Additional information about this survey is available from Milton Chorvinsky, National Center for Education Statistics, 1200 19th Street NW., Washington, D.C. 20208-1628.

Inquiries for survey forms and related computer products, including computer tapes, should be addressed to the Statistical Information Office, National Center for Education Statistics, at the same address, zip code 20208-1402.

Alphabetical Index of Library Networks . . .	85

Introduction

Criteria for Inclusion

This directory lists the cooperating library organizations that met all of the following criteria:

1. The participants in the network are primarily or exclusively libraries.
2. The network, its participants, or both engage in cooperative activities beyond the scope of traditional interlibrary loan services as stated in the American Library Association Code.
3. The activities of the network extend beyond reciprocal borrowing.
4. The network operates for the mutual benefit of participating libraries.
5. The scope of the network is interinstitutional (i.e., beyond branch libraries within an organization, or under a common funding source such as school libraries in a municipality).
6. The scope of network activities involves resource sharing (e.g., interlibrary lending, equipment, staff with special skills, collection development, cooperative purchasing, etc.)
7. The operation of the network is based on an oral or written agreement between its members.

Directory Composition

This publication consists of a main listing of library networks by State. Within the State listing, networks are shown in alphabetical order. Each entry includes the network name, acronym, address, name and title of the director of operations, and telephone number.

The State listing is followed by an alphabetical listing of the networks.
