ABSTRACT

This handbook is designed to provide educators with the procedures and resources necessary to achieve compliance with Federal nondiscrimination regulations. The components of procedural compliance are examined as follows: (1) designation of a responsible coordinator; (2) institutional self-evaluation; (3) notification of nondiscrimination policy; (4) recordkeeping; (5) adoption of specific grievance procedures; and (6) federal assurances. A final section of the handbook contains a directory of State and Federal resources. A chart describing all areas of Federal nondiscrimination regulations appears at the beginning of section two and is followed by a grid of the procedural requirements for each regulation. A diagram outlining the evolution of Federal civil rights' mandates, a comprehensive procedural compliance check list, and an outline of the deadlines for section 504 compliance are also included. Each procedural regulation is reviewed in terms of its application to Title VI (race and national origin), Title IX (sex), Section 504 (handicap), and the Office of Civil Rights Guidelines for Vocational Education. Since the Lau remedies for students with limited English proficiency have some regulatory application to educational institutions, they are also covered as an adjunct to Title VI. (Author/JCD)

SECTION I

INTRODUCTION

INTRODUCTION

This handbook is designed to provide educators with the materials needed to achieve procedural compliance with federal nondiscrimination regulations. Procedural compliance refers to those initial procedures a school district is required to carry out in order to sign federal assurances of non-discrimination.

Such compliance is often labeled "minimal" because it establishes the foundation for eliminating discrimination in all district policies, procedures, and programs. The basic components of procedural compliance are outlined below:

1. Designation of a Responsible Coordinator
2. Institutional Self-Evaluation
3. Notification of Nondiscrimination Policy
4. Adoption of Specific Grievance Procedure
5. Federal Assurance

Another procedure that is covered in this handbook and which is related to the basic five is record keeping. Obviously, these procedures do not guarantee nondiscrimination, but they create the foundation for achieving it.

A chart describing all areas of federal nondiscrimination regulations appears at the beginning of "Section II." This workshop is concerned only with four of these areas: Title VI (race and national origin), Title IX (sex), Section 504 (handicap), and the Office of Civil Rights (OCR) Guidelines for Vocational Education. The originating legislation for each regulation is spelled out at the top of the chart. The chart is followed by a grid of the procedural requirements for each regulation. The grid is followed by a diagram outlining the evolution of federal civil rights' mandates and a comprehensive procedural compliance checklist. In addition, the section includes an outline of the deadlines for Section 504 compliance.

This handbook and the workshop that accompanies it are organized roughly along the same lines as the procedural compliance grid. Each procedural regulation is reviewed in terms of its application to Title VI, Title IX, Section 504, and the OCR Voc/Ed Guidelines. Since the LAU Remedies for students with limited English speaking skill have some regulatory application to educational institutions, they are also covered as an adjunct to Title VI. A quick overview of the "Table of Contents" will illustrate this pattern of organization. For instance, "Section III, Coordinator Responsibilities," provides sample lists of the basic responsibilities of coordinators in bilingual education (Title VI), sex discrimination

(Title IX), handicap discrimination (Section 504), and vocational education discrimination (OCR Voc/Ed Guidelines). The order in which procedures are presented differs from the arrangement of the grid and follows the order outlined at the beginning of this "Introduction."

While sample lists of responsibilities are given for bilingual and vocational education, as the grid shows, a designated person is not required by Title VI or the OCR Voc/Ed Guidelines. These lists are offered in the spirit of encouraging educational institutions to coordinate nondiscrimination procedures in these areas. Since such procedures exist in the areas of sex and handicap, it seems logical and fair to institute them in the areas of race, color, and national origin. If and when a bilingual regulation is developed, such procedures will undoubtedly be included within it. We recognize, however, that federal nondiscrimination regulations have placed a definite burden on the available resources of educational institutions and that such an affirmative posture might strain these resources even further. Even though we realize these constraints, sample procedures have been included for the areas in which they are not required. The grid clearly shows when such procedures are required or not required.

The procedures and samples contained in this handbook are presented as "reasonable" interpretations of the various regulations. Care has been taken to limit procedures to the specific requirements of the regulations and to develop procedures that are both comprehensive and helpful. While many of the samples are drawn from sources supported by federal grants, official sanction by the U.S. Department of Education or the Office of Civil Rights is not to be inferred. Instead, these "interpretations" represent the best efforts of people working in the field to provide districts and community colleges with helpful guidelines.

Achieving educational equity in the areas listed above is a significant undertaking. This handbook has been compiled only through the coordinated efforts of individuals with knowledge and specialization in each area. A team approach to coordinating and reinforcing educational equity is modeled in the workshop panel because such an approach seems most helpful in the educational setting. It allows pooling of knowledge, simplification of procedures, and elimination of duplicated effort. Furthermore, in an area such as the OCR Voc/Ed Guidelines, this type of approach seemed unavoidable. This workshop is presented in the hope that it will help you explore the usefulness of such coordination and at the same time simplify it.

AND
TRANSITION PLANS

TITLE VI BILINGUAL SELF-EVALUATION
OUTLINE FOR A COMPREHENSIVE EDUCATION PLAN

The attached outline is offered as a basic approach for a Comprehensive Education Plan (CEP) that will not only address itself to CRA, 1964, Title VII requirements including Lau, but hopefully will accentuate quality in an educational setting.

Although this outline was originally intended as assistance for ESAA school districts it was developed further and could be useful to school districts who are developing a CEP for other than ESAA eligibility reasons.

The agencies listed below were involved in several work sessions as the outline was developed. One of the sessions included representatives from OCR, Regions VI and IX.

The outline is purposely general and flexible to allow for school districts to utilize their own uniqueness and still meet basic requirements.

In this outline "Lau Remedies" refers to the Task Force Findings Specifying Remedies Available for Eliminating Past Educational Practices Ruled Unlawful Under Lau Vs. Nichols document accepted and enforced by OCR.

The Lau Remedies and the May 25, 1970 memo are also used with this outline since reference is made to those documents throughout.

I. District-Wide Advisory Committees

Adequate provisions for minority participation on the committee and adequate community input and review. This should apply to Advisory Committees under all federal projects.

II. Needs Assessment and Priority Settings

A. Inventory current curriculum, faculty capabilities, existing federal programs, existing state and local programs and funds, language cultural educational background and needs of students, current physical facilities, community resources, available evaluation data (current and applicable).

1. Language Assessment

A. Survey all students to determine home or primary language use Lau Remedies criteria. Survey forms available from SEA, Lau or NODAC. Lau Remedies document also available from the above sources.

B. Determine the linguistic proficiency of those students identified above and categorized as follows:

1. Monolingual other (than English)
2. Predominantly other
3. Bilingual
4. Predominantly English
5. Monolingual English

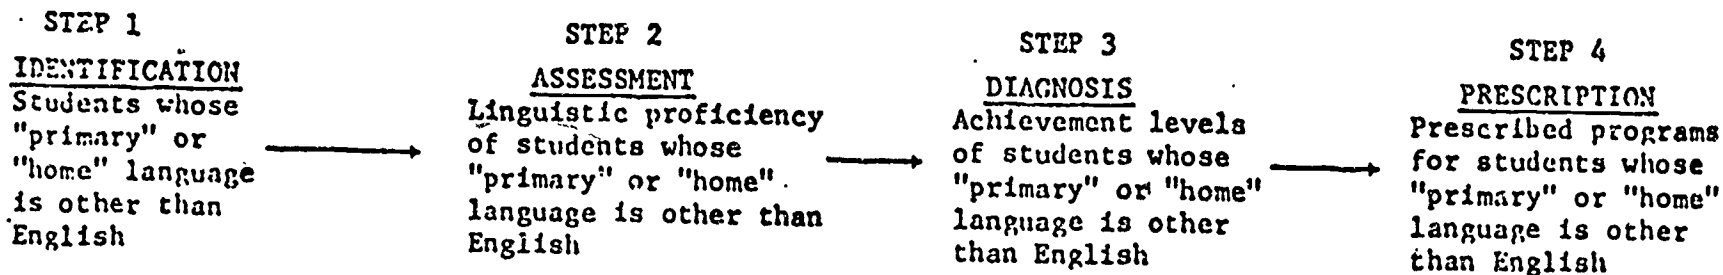

34

2. Determine Achievement levels of above students (See pp. 10, 11, and 22 of Lau Remedies, Also attachmen. A of this outline, pp. 4-5)

- B. Draw up set of priorities based on identified needs and resources.
- III. A. Restructure curriculum to meet the identified multilingual-multilingual needs of the students.
- 1. Describe the program(s) you will prescribe for students of limited English-speaking ability (LESA) identified in the language assessment. Provide for the cognitive and affective domains. (pp. 4 - Lau Remedies).
 - 2. Additional innovative initiatives by the district, or additional items to meet specific identified needs. Alternative programs aside from those suggested in the Lau Remedies but which fill the achievement criteria.
 - 3. Time lines, evaluation designs, staffing, etc., can be incorporated in this section of the CEP or as separate components addressing the total CEP.
- B. Eliminate discriminatory class assignments, ability grouping and special education grouping (see pp. 13, 18 - Lau Remedies and other regulations).
 - C. Adopt affirmative action plan to hire needed multilingual-multicultural and minority teachers and administrators. Document recruiting efforts, transfers, reassignments, etc., (pp. 17 - Lau Remedies and other regulations).
 - D. Develop training program to bring present staff into position to meet the assessed needs. Outline such a program, i.e., when, what (content), duration of training, by whom, participants, etc., (see pp. 15-17 - Lau Remedies).
 - E. Provide for orientation and involvement of secondary school students in the program.
 - F. Provide notification for parental involvement (see pp. 19 - Lau Remedies).
- IV. Evaluation (see pp. 20 - Lau Remedies)
- A. Provide for ongoing evaluation by components, including pre and post testing evaluations and formative assessment of programs for needed modification.
- V. Implementation and Reporting
- A. Set up reasonable and reliable goals and timetables. Implementation of a comprehensive education plan approved by Title VI may take place over a reasonable period of time, with immediate implementation of some parts and more gradual implementation of others, taking into account the particular item in question, the resources of the district, and the unique characteristics of the district.
 - B. Reporting . . . (see pp. 20 - Lau Remedies)

CEP must be officially supported by the ²⁵district's School Board.

IVB. Sample - Exit Design

Exit is defined as placement/reassignment of a student from a bilingual environment to an environment where English is used as the sole medium of instruction. Using the LAS I and II (K-12) district wide on a pre-post basis each year, five categories are identified ranging from level one monolingual other speakers to level five monolingual English speakers.

This will be done for two major purposes:

- a. to measure language growth
- b. to classify students from one category to another

The principal, bilingual resource and classroom teacher may initiate the reclassification process.

As part of the reclassification process and movement toward mainstreaming, transition, the transition from primary language instruction to second/English language instruction must meet the following criteria:

- a. bilingual level on LAS
- b. Student's age must be commensurate with the ages of students with which he/she is/will be placed.
- c. Students who have been categorized as other language dominant must meet grade level minimum math and language arts skill requirements of the district in Spanish prior to being placed in an English curriculum (22nd percentile on ITBS/SRA/State CRT).

Exit: Students who have been identified in needing English language development and who have been placed in Elko County School District's bilingual program must meet the following criteria to be exited from the bilingual program.

- a. Score in fluent or proficient English category as assessed by district adopted language assessment instrument (LAS). This proficiency will be assessed and must be mainstreamed for a period of two years.
- b. Meet state minimum reading, math, and writing skills standard in English (Stanines 1 and 2 on area ITBS/CRT - categories 2 & 3).

All exited students will be monitored for a period of two academic years using annual testing measures to assess that they maintain their English language proficiency as well as their academic success. Students who are not meeting the grade level minimum in reading, math, and writing skills shall be considered to be underachieving and shall be offered the same educational services as all nonachieving students in the School District.

TITLE IX COMPLIANCE AND SELF-EVALUATION*

The Department of Education does not imply that use of the enclosed forms 1-9 will assure full compliance with 86.3 of Title IX Regulations in all Nevada school districts, nor can the Department assume the legal responsibility for district compliance. The final decision for form and procedure resides with each school district administration, separately.

- Form #1: Essential Criteria. By July 21, 1976 you should have checked yes to each of the numbered questions and filed copies for documentation.
- Form #2: Access to Courses - General. Answers to questions 1-11 should be jotted in with other notes relevant to possible modification of access to courses. This completed form also seems a logical part of written documentation.
- Form #3: Treatment of Students. This could be used as a checklist with all principal administrators and, if desired with heads of departments and various other staff. A summary document could then become a part of the documents file with a memo as to procedures used:
- Form #4: Athletics. The Superintendent may wish to submit this form to various members of the athletic departments, and to principals.
- Form #5: Physical Education. This form also has potential as a checklist for physical education personnel and principals.
- Form #6: Counseling. In addition to the personnel mentioned on the form, you may wish to submit this checklist to elementary level teachers.
- Form #7: Employment. Some districts may wish to consider the assignment of a task force to research and check off these vital areas. Subpart E, (86.51 through 86.61) of the regulations pertain to employment. The person or persons assigned to this area of self-evaluation should be thoroughly familiar with Subpart E.
- Form #8: Financial Assistance (To Students). This section refers, not only to direct financial assistance, but to employment assistance and health and insurance benefits and services. (See 86.37 through 86.39 of the regulations.)
- Form #9: Vocational. This form also has various potentials for gathering information with which to compile the final documentary evidence desired for the files.

SELF-EVALUATION: AN OUTLINE
ACCESS TO COURSES - GENERAL

In order to assess and evaluate present compliance with the requirements of the Title IX Regulation for nondiscrimination in access to course offerings and to plan necessary modifications, it will be important to:

Review the following materials:

1. copies of graduation requirements
2. copies of policies or guidelines regarding procedures for the assignment of students to courses or classes
3. copies of course descriptions or course catalogs
4. copies of curriculum guides that outline the content, activities, or instructional methodologies of courses
5. copies of student handbooks.

Consider collection and use of the following data:

a. Course enrollment by sex in:

- advanced science courses
- advanced mathematics courses
- advanced placement courses
- vocational technical courses
- industrial and business courses
- distributive-cooperative education courses
- physical education classes**
- music courses
- adult education courses

b. List, by sex, of student placements and compensation in work-study programs.

Determine compliance by answering the following questions:

1. Are graduation requirements the same for males and females?
2. Are criteria and procedures for the assignment or selection of students to programs, courses or classes developed and applied without regard to sex?
3. Does the student handbook make clear that all courses are open to students of both sexes?
4. Are course titles and course descriptions gender-free (e.g. without such labels as "bachelor cooking" or descriptions as "course is designed to provide an introduction to basic child development and prepare students for the responsibilities of motherhood.")
5. Is the use of the generic 'he' or generic 'she' avoided in favor of such terms as "students" in student handbooks, course descriptions or curriculum guides?

** Physical education courses will be considered in a separate portion of this document.

6. Are courses free from prerequisites which have a sexually discriminatory effect on enrollment?
7. Are all programs, courses or classes conducted without sex differentiation in assignments, materials, services, or other treatment?
8. Are all classes conducted on a coeducational basis unless they are dealing exclusively with human sexuality or students are selected for participation on the basis of vocal range?
9. Is the enrollment of students of one sex 80% or above in any course? If so, have steps been taken to ensure that this is not the result of sex discrimination?
10. If the district operates any sex-segregated schools, are such schools provided for both males and females? Are these schools comparable in programs, extracurricular activities, services, facilities and equipment? If, for reasons of low enrollment, a particular course is offered in one school only, are provisions made for access to this course by students of the other school?
11. Have testing instruments and procedures been reviewed to assure nondiscrimination?

If you have answered "no" to any of these questions, you will need to undertake modifications and remedial steps to achieve compliance with Title IX.

Comments

District superintendents may wish to conduct a sample survey of instructional staff, using this outline or one of a more specific nature; or they may wish to use other approaches such as instructing the building administrators to involve their staff in compiling a report to the Superintendent.

FINANCIAL ASSISTANCE
(To Students)
86.37-86.39

6. Do all the above actions include consideration of both non-athletic and athletic financial assistance and/or scholarship programs? (See 86.37(c), (1) and (2)) YES _____ NO _____

Excerpts From Regulations

(a) General. Except as provided in paragraphs (b), (c) and (d) of this section, in providing financial assistance to any of its students, a recipient shall not: (1) on the basis of sex, provide different amount or types of such assistance, limit eligibility for such assistance which is of any particular type or source, apply different criteria, or otherwise discriminate; (2) through solicitation, listing, approval, provision of facilities or other services, assist any foundation, trust, agency, organization, or person which provides assistance to any of such recipient's students in a manner which discriminates on the basis of sex; or (3) apply any rule or assist in application of any rule concerning eligibility for such assistance which treats persons of one sex differently from persons of the other sex with regard to marital or parental status.

(b) Financial aid established by certain legal instruments. (1) A recipient may administer or assist in the administration of scholarships, fellowships, or other forms of financial assistance established pursuant to domestic or foreign wills, trusts, bequests, or similar legal instruments or by acts of foreign government which require that awards be made to members of a particular sex specified therein; provided, that the overall effect of the award of such sex-restricted scholarships, fellowships, and other forms of financial assistance does not discriminate on the basis of sex.

It is recommended that those district personnel participating in scholarship awards become familiar with all sections of 86.37.

Brief Comments

A key concept in the requirements for nondiscrimination is the concept which has been referred to as the "pooling" concept, outlined in §86.37 (c). Under the pooling provision, schools or districts may administer scholarships or funds which have been restricted by legal instruments to members of a specified sex, provided that such funds are administered in a nondiscriminatory fashion. Students must be selected for assistance on the basis of objective criteria, without any consideration of student sex or the availability of sex-restricted funds. Funds must then be awarded to the selected students in the order of their qualifications according to the objective criteria used. No student may be denied an award for which he or she was so selected due to the unavailability of appropriate sex-restricted funds.

The Regulatory requirements for athletic scholarships are somewhat different from those for non-athletic assistance. Following the Regulation's permission of sex-separated athletic teams, the overall allocation of athletic scholarships may be based upon sex. (Such separate treatment is clearly prohibited for non-athletic scholarships.) The key concept in the awarding of athletic scholarships is reasonableness: "reasonable opportunities" for athletic scholarships for males and females must exist "in proportion to the number of students of each sex participating in inter-scholastic...athletics" (§86.37(c)). Districts should assess whether male and female athletes at comparable levels of competition are afforded approximately the same opportunities to obtain athletic scholarships. Several approaches may be taken in the provision and administration of athletic scholarships.

TRANSITION PLAN FOR PROGRAM ACCESSIBILITY

1. Statement of Policy. It is the policy of (Program) not to discriminate on the basis of handicap. The Board of Trustees and management realize that it is necessary for our programs, when viewed in their entirety, to be accessible to handicapped persons. The Board of Trustees has, therefore, directed a review of all programs and activities and an identification of any obstacles precluding full participation by handicapped persons. The board has directed that such steps as necessary be taken to remove these obstacles through either administrative or architectural changes. In all cases, our intention is to promote full participation by handicapped persons, allowing them to function with maximum independence.

2. The Transition Plan Team. By an action of the Board of Trustees on (Date) (Name), (Title), was appointed as the responsible official for development and implementation of the Transition Plan. The board further charged the (Title) with forming a team to include representatives from all phases of the agency's operations and, also, to include persons with a wide range of disabilities: The following team was formed:

(List the team members by name, title and type of disability if appropriate.)

3. Survey Techniques. The survey was comprised of two parts, programmatic and architectural. For the first part, the team met as a group, analyzed the agency's operations, and identified administrative obstacles to full functioning by disabled persons. For the second part, the team was divided into two groups, each with representation of persons with varying disabilities. Each group, independently, conducted an architectural survey of each of the agency's facilities. The instrument utilized was the (Name of document) published by the (Source).

a. Administrative problems:

b. Architectural problems:

5. Actions Planned. After completion of the survey, the team met to discuss possible solutions. Representatives from the Board of Trustees attended the meeting. Recommendations from the meeting have since been discussed and approved by the Board of Trustees and now constitute the approved action items of the Transition Plan. Action items, agencies responsible for their accomplishment, and target dates are listed below:

a. Regarding Administrative Barriers Found:

b. Regarding Architectural Barriers:

6. Oversight. Management surveillance of the Transition Plan is essential to its success. Therefore, the (Title) will prepare a series of PERT or GANTT charts outlining milestones. The (Title) will report to the (Title) on the status of accomplishment of these milestones within five days of the occurrence of each. The Executive Director or the Deputy Executive Director will report on progress to the Board of Trustees on a quarterly basis. Reports will include an assessment by the Executive Director on the possibilities of outside funding.

7. This Transition Plan is considered a public document. It will be kept available for public review in the agency' business office during normal business hours.

origin, sex, handicap, and/or age.

INTRODUCTION

The following checklist was developed for the California State Department of Education and the Chancellor's Office, California Community Colleges.

The purpose of this checklist is to enable sub-recipients to identify areas in which their school/district may need technical assistance to ensure that the vocational education program is operated in compliance with Title VI (Civil Rights Act of 1964), Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the OCR Guidelines for eliminating discrimination and denial of services on the basis of race, color, national origin, sex, or handicap.

An answer Key is provided. Where your answers differ from those in the Key, it may be an indication of a potential civil rights problem. The Vocational and Continuing Education Branch of the Nevada Department of Education, under the direction of Bill Trabert, Director, Vocational and Continuing Education, Denis Graham, Consultant, Programs for the Disadvantaged and Handicapped Vocational Education, is available to provide sub-recipients with technical assistance in the identification and correction of violations.

This checklist is provided in "draft" form in order that we may adapt the suggestions herein to suit Nevada's unique needs. As you use the checklist, suggestions and adaptations will be appreciated.

P. O. Box 123

Glenwood, California 10654

(999) 886-9876

April 18, 1981

Dear Parents, Students and Employees:

Seven years ago the Congress passed the Education Amendments of 1972 which prohibits sex discrimination in educational programs and activities. On May 27, 1975, President Ford signed the final version of the regulations which govern that legislation.

Specifically, Title IX states that no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity.

It is the intent of the Union School District to comply with both the letter and the spirit of the law in making certain sex bias does not exist in its policies, regulations, and operations.

The guidelines which the district will follow are found in Title IX of the Education Amendments of 1972, and the regulation published by the Office of Civil Rights of the U. S. Department of Health, Education and Welfare for implementation of the law. In accordance with the Title IX regulations, the Union School District is making the following notification:

1. The Union School District does not knowingly discriminate against anyone because of sex, age, race, creed or national origin, or consider for employment candidates referred by agencies known to discriminate in defiance of Title IX regulations.
2. Every effort will be made to eliminate any known sex bias in counseling procedures and provide equal opportunity for enrollment by both sexes in all course offerings throughout the 1981-82 school year and thereafter.
3. The district will continue its past and present practice of offering all courses without regard to sex in all schools.
4. Grievance procedures have been established for students and their parents, employees, and prospective employees who feel sex bias has been shown by the school district.

As the first step in the grievance procedure parents and students should contact the principal of their school, employees should contact their immediate supervisor and prospective employees should contact the personnel director, Union School District.

5. Jean Smith, Director of Curriculum and Instruction, has been designated as the compliance officer by the Board of School Trustees. Any person who feels he/she has been affected by sex discrimination in dealing with the Union School District should notify Jean Smith, in writing, at P. O. Box 123, Glenwood, California, 10654 (telephone: (999) 886-9879), or contact the Regional Office for Civil Rights, Room 700 Phelan Building, 760 Market Street, San Francisco, California 94102 (415) 550-8586, Attention: Floyd L. Pierce, Director, Region Nine, Office for Civil Rights.

CHECKLIST FOR EVALUATING THE CONTENT
OF GRIEVANCE PROCEDURES
WORKSHEET

Listed below are a number of questions which may be used to evaluate the content of grievance procedures and determine possible needs for modification. Questions are organized into three sections: initiation and filing of the grievance; processing of the grievance; and basic procedural rights. Remember that these questions do not reflect requirements for grievance procedures; they reflect instead, general principles of grievance processing. A "no" answer does not indicate a violation of Federal requirements, but it may indicate an area where further specification is desirable.

Initiation and filing of grievances:

Does the grievance procedure:

1. Provide clear and adequate definitions of who may grieve, of what issues may be covered by grievances, and of the terms used throughout the procedure? Yes ___ No ___
2. Cover all students and employees? Yes ___ No ___
3. Clearly state the form and procedure for filing of grievances? Yes ___ No ___
4. Specify any applicable time limits for the initiation of a grievance? Yes ___ No ___
5. Provide for assistance to grievants in the filing/preparation/processing of a grievance? Yes ___ No ___
6. Specify the responsibilities of institutional/agency staff for the receipt and initial handling of grievances? Yes ___ No ___
7. Provide methods for informal and prompt resolution of grievances when further processing is not needed? Yes ___ No ___

1. State the number and levels of steps for grievance processing and the criteria for initial referral to each level? Yes ___ No ___
2. State the form of grievance presentation and processing (oral/written; hearing officer/hearing panel; etc.) at each step? Yes ___ No ___

3. Specify the criteria and procedure for the assignment of initial hearing levels? Yes ___ No ___
4. Delineate procedures and responsibilities for notification of all parties at each processing level? Yes ___ No ___
5. Delineate timelines for all activities within the grievance procedure? Yes ___ No ___
6. Specify the procedures which shall be used in conducting grievance hearings? Yes ___ No ___
- amount of time allocated to each hearing? Yes ___ No ___
 - amount of time allocated to each party to the grievance? Yes ___ No ___
 - right of each party to representation and assistance? Yes ___ No ___
 - right of each party to present witnesses and evidence? Yes ___ No ___
 - right of each party to question witnesses? Yes ___ No ___

7. Specify any requirements for submission of written information by grievants or others? Yes ___ No ___
8. State the form and timelines for the preparation of grievance decisions? Yes ___ No ___
9. Clearly state the procedures and timelines for the grievant's acceptance or appeal of grievance decisions? Yes ___ No ___
10. Specify the roles and selection of persons involved in grievance processing? Yes ___ No ___

Basic and procedural rights:

Does the grievance procedure:

1. Provide grievants with the right to appeal to progressive levels of decisionmaking? Yes ___ No ___
2. Provide assurances regarding the impartiality of hearing officers? Yes ___ No ___
3. Provide for confidentiality of grievance proceedings if so desired by the grievant? Yes ___ No ___

4. Provide for grievants' access to relevant institutional/agency records?

Yes ___ No ___

5. Provide for the protection of grievants and respondents from harassment and entry of information into student and personnel files?

Another "progress report" is also due thirty days after the last day of the school year in question.

TITLE IX
RECORD KEEPING

Maintenance of records and documentation relating to all modifications and remedial steps taken for a three-year period is a requirement of the Title IX Regulation. The form of the records to be kept will be a function of the data requested and the procedures used for their collection. Maintenance of centralized records of Title IX evaluation and compliance efforts provides a data base for the planning, evaluation, and revision of program efforts by administrative staff. It also provides a reference for the handling of inquiries regarding agency compliance and may be critical if allegations or complaints of noncompliance are filed with the Federal government. Such records are also the basis for the submission of the compliance assurances required with every application for Federal funding.

The agency has maintained a record of its notice.

The agency has maintained its self-evaluation for public inspection for at least three years after it was initially completed.

The agency has kept records describing any modifications made or remedial actions taken for at least three years after the initial self-evaluation was completed.

(Not Required) The agency has kept records of all Title IX grievances, complaints, and Letters of Findings, with whatever documents that describe their resolution.

DOCUMENTATION AND RECORD KEEPING

SECTION 504

504

§84.22

The transition plan developed if structural changes are required must be available for public inspection.

SECTION VIII

FEDERAL ASSURANCES

Explanation Of

HEW FORM NO. 441, ASSURANCE OF COMPLIANCE WITH THE DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE REG- ULATION UNDER TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

Section 80.4 of the Department of Health, Education, and Welfare's Regulation effectuating Title VI of the Civil Rights Act of 1964 requires that every application to the Department for Federal financial assistance shall contain or be accompanied by an Assurance that the program or facility to be assisted will be conducted or operated in compliance with Title VI of the Civil Rights Act and with all requirements imposed by or pursuant to the Department's Regulation.

Section 80.4 further provides that "the form of the foregoing Assurance and the extent to which like Assurances will be required of subgrantees, contractors, transferees, successors in interest and other participants," shall be specified by the responsible Department official. Under this authority, HEW Form No. 441 has been specified as the form of Assurance which shall apply to all applications for Federal financial assistance (except for continuing state programs which must meet the requirements of Section 80.4(b) and school districts availing themselves of Section 80.4(c) of the Regulation) submitted to the Department after January 3, 1965; also the circumstances have been specified under which an Applicant shall obtain comparable written Assurances of compliance from its subgrantees, contractors, and transferees. (See answers to Questions 11 and 12 below in this regard.)

HEW Form No. 441 constitutes a legally enforceable agreement to comply with Title VI of the Civil Rights Act of 1964, and with all requirements imposed by or pursuant to the Regulation of the Department of Health, Education, and Welfare issued thereunder. Applicants are urged to read the Department's Regulation before executing the Assurance.

The following explanation of the requirements of the Department's Regulation and the examples of the kinds of discriminatory practices prohibited by them are for the guidance of the Applicants.

1. *By executing the Assurance (HEW Form No. 441), what does an Applicant agree to do?*

A. The Applicant agrees to make no distinction on the ground of race, color, or national origin in providing to individuals any service, financial aid, or other benefit under any program receiving Federal financial assistance extended to the Applicant by the Department.

2. *What is meant by "distinction on the ground of race, color, or national origin"?*

A. "Distinction on the ground of race, color, or national origin" includes (1) any type of segregation, separate or different treatment, or other discrimination on that ground; (2) the imposition of any admission, enrollment quota, eligibility, or other requirement or condition which individuals must meet in order to be provided any service, financial aid, or other benefit under a program or to be afforded an opportunity to participate in a program, if the race, color, or national origin of individuals is considered in determining whether they meet any such requirement or condition; (3) the use of membership in a group as a basis for the selection of individuals for any purpose, if in selecting members of the group there is discrimination on the ground of race, color, or national origin; and (4) the assignment of personnel to provide services, or the assignment of times or places for the provision of services, on the basis of the race, color, or national origin of the individuals to be served. It does not, however, include distinctions on the ground of race, color, or national origin determined by the responsible Department official to be necessary to the conduct of research or experimental programs having as their primary objective the discovery of new knowledge concerning special characteristics of particular racial or other ethnic groups.

3. *What is meant by "service, financial aid, or other benefit"?*

A. "Service, financial aid, or other benefit" under a program receiving Federal financial assistance includes any education or training, any evaluation, guidance, counseling, or placement service, any health, welfare, rehabilitation, housing, or recreational service, any referral of individuals for any of the foregoing services, any scholarship, fellowship or traineeship stipend or allowance, and any loan or other financial assistance or benefit (whether in cash or in kind), which is made available to individuals (1) with the aid of Federal financial assistance, or (2) with the aid of the Applicant's or of other non-Federal funds required to be made available for the program as a condition to the receipt of Federal financial assistance, or (3) in or through a facility provided with the aid of Federal financial assistance or the non-Federal matching funds referred to in (2).

4. *What requirements are placed on the use of facilities?*

A. The Applicant agrees to make no distinction on the ground of race, color, or national origin in making available to individuals the use of any land, building, equipment, or other facility leased, acquired, constructed, improved, or equipped with the aid of Federal financial assistance extended to the Applicant by the Department, including—

(a) the use of any room, dormitory, ward, or other space in the facility;

(b) the use of any equipment in the facility;

(c) the use of any office, waiting room, restroom, eating, recreational, concession, or other accommodation or convenience provided in the facility;

(d) the use of any facility not provided with the aid of Federal financial assistance if the availability of such facility is required as a condition to the receipt of Federal financial assistance for the Federally-assisted facility.

5. *What requirements are placed on the opportunities to participate in a program receiving Federal assistance?*

A. The Applicant agrees to make no distinction on the ground of race, color, or national origin in affording opportunities to individuals to participate (other than as employees) in any program receiving Federal financial assistance extended by the Department to the Applicant, including opportunities to participate—

(a) as providers of any service, financial aid, or other benefit to individuals under the program (e.g., as physicians, surgeons, dentists, or other professional practitioners seeking the privilege of practicing in a Federally-aided hospital or other facility),

(b) as conferees, observers, consultants, or advisers, or as members of advisory or planning groups, or

(c) as volunteers (e.g., as voluntary workers, as patients or other subjects of study or experimentation in research, survey, demonstration, or like programs).

6. *Does that mean that an Applicant who signs the Department's Assurance may nevertheless make distinctions among his employees on the basis of race, color, or national origin?*

A. Title VI of the Civil Rights Act does not concern itself with employment practices except where a primary objective of the Federal financial assistance is to provide employment. Thus, where a basic objective of the program is to provide employment, the Applicant's employment practices are subject to the Department's Regulation. However, even where this is not the case an Applicant may be precluded from engaging in any discriminatory employment practices under the provisions of Title VII of the Civil Rights Act, Executive Orders 10925 and 11114, and the Merit System Regulations.

7. *When an Applicant's employment practices are covered by the Department's Regulation, what requirements must be met?*

A. The Applicant agrees to make no distinction on the ground of race, color, or national origin in its employment practices (including recruitment or recruitment advertising, hiring, layoff or termination, upgrading, demotion, or transfer, rates of pay or other forms of compensation, and use of facilities) with respect to individuals seeking employment or employed under any program receiving Federal financial assistance extended to the Applicant by the Department, in those programs where a primary objective of the Federal financial assistance is to provide employment to such individuals. This includes programs under which the employment is provided—

(a) as a means of extending financial assistance to students or to needy persons,

(b) to students, fellows, interns, residents, or others in training for related employment (including research associates or assistants in training for research work), or

(c) to reduce unemployment or to provide remunerative activity to individuals who because of severe handicaps cannot be readily absorbed in the competitive labor market.

8. *What effect will the Regulation have on a college or university's admission practices or other practices related to the treatment of students?*

A. An institution of higher education which applies for any Federal financial assistance of any kind must agree that it will make no distinction on the ground of race, color, or national origin in the admission practices or any other practices of the institution relating to the treatment of students.

(a) "Student" includes any undergraduate, graduate, professional, or postgraduate student, fellow, intern, student, or other trainee receiving education or training from the institution.

(b) "Admission practices" include recruiting and promotional activities, application requirements, eligibility conditions, qualifications, preferences, or quotas used in selecting individuals for admission to the institution, or any program of the institution, as students.

(c) "Other practices relating to the treatment of students" include the affording to students of opportunities to participate in any educational, research, cultural, athletic, recreational, social, or other program or activity; the performance evaluation, discipline, counseling of students; making available to students any housing, eating, health, or recreational service; affording work opportunities, or scholarship, loan or other financial assistance to students; and making available for the use of students any building, room, space, materials, equipment, or other facility or property.

9. *Does the Assurance of nondiscrimination apply to the entire operation of an institution?*

A. Insofar as the Assurance given by the Applicant relates to the admission or other treatment of individuals as students, patients, or clients of an institution of higher education, a school, hospital, nursing home, center, or other institution owned or operated by the Applicant, or to the opportunity to participate in the provision of services, financial aid, or other benefits to such individuals, the Assurance applies to the entire institution. In the case of a public school system the Assurance would be applicable to all of the elementary or secondary schools operated by the Applicant.

10. *What about a university which operates several campuses?*

A. Section 80.4(d)(2) of the Regulation provides for a more limited Assurance only where an institution can demonstrate that the practices in part of its operation in no way affect its practice in the program for which it seeks Federal funds. This would be a rare case.

11. *If an Applicant intends to make use of other individuals to help carry out the Federally-assisted program, does the requirement not to discriminate apply to such a subgrantee or contractor?*

A. It does. The Applicant must require any individual, organization, or other entity which it utilizes, to which it subgrants, or with which it contracts or otherwise arranges to provide services, financial aid, or other benefits under, or to assist it in the conduct of, any program receiving Federal financial assistance extended to the Applicant by the Department, or with which it contracts or otherwise arranges for the use of any facility provided with the aid of Federal financial assistance for a purpose for which the Federal financial assistance was extended, to comply fully with Title VI of the Civil Rights Act of 1964 and the Regulation of the Department of Health, Education, and Welfare issued thereunder.

12. *Must this Assurance of nondiscrimination by the subgrantee, etc., be in writing?*

A. In the case (1) of any contractual or other arrangement with another such individual or entity which will continue for an indefinite period or for a period of more than three months, (2) of any subgrant, or (3) of any conveyance, lease, or other transfer of any real property or structures thereon provided with the aid of Federal financial assistance extended to the Applicant by the Department, the Applicant shall obtain from such other person, subgrantee, or transferee, an agreement, in writing, enforceable by the Applicant and by the United States, that such other individual or entity, subgrantee, or transferee will carry out its functions under such subgrant, or contractual or other arrangement, or will use the transferred property, as the case may be, in accordance with Title VI of the Act and the Regulation will otherwise comply herewith.

(Name of Applicant)

(hereinafter called the "Applicant")

HEREBY AGREES THAT it will comply with title VI of the Civil Rights Act of 1964 (P.L. 88-352) and all requirements imposed by or pursuant to the Regulation of the Department of Health, Education, and Welfare (45 CFR Part 80) issued pursuant to that title, to the end that, in accordance with title VI of that Act and the Regulation, no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Applicant receives Federal financial assistance from the Department; and HEREBY GIVES ASSURANCE THAT it will immediately take any measures necessary to effectuate this agreement.

If any real property or structure thereon is provided or improved with the aid of Federal financial assistance extended to the Applicant by the Department, this assurance shall obligate the Applicant, or in the case of any transfer of such property, any transferee, for the period during which the real property or structure is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. Explanation Of

HEW FORM 639 A (3/77), ENTITLED "ASSURANCE OF COMPLIANCE WITH TITLE IX OF THE EDUCATION AMENDMENTS OF 1972 AND THE REGULATION OF THE DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE IN IMPLEMENTATION THEREOF"

Section 901 of Title IX of the Education Amendments of 1972 provides that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance. Section 902 of Title IX authorizes and directs the Department of Health, Education, and Welfare (hereinafter the "Department") to effectuate the nondiscrimination requirements of section 901 by issuing rules, regulations, and orders of general applicability. Pursuant to section 902, the Department has issued 45 C.F.R. Part 86 (hereinafter "Part 86") which became effective on July 21, 1975.

Section 86.4 of Part 86 requires that every application for Federal financial assistance for any education program or activity shall, as a condition of its approval, contain or be accompanied by an assurance from the applicant satisfactory to the Director of the Office for Civil Rights (hereinafter the "Director") that each education program or activity operated by the applicant and to which Title IX of the Education Amendments of 1972 and Part 86 apply will be operated in compliance with Part 86.

Section 86.4 also provides that the Director will specify the form of the assurance required and the extent to which such assurance will be required of the applicant's subgrantees, contractors, subcontractors, transferees, or successors in interest. Under this authority, HEW Form 639 A, (3/77) has been specified as the form of assurance which shall apply to all recipients of and applicants for Federal financial assistance subject to the provisions of Title IX and awarded by the Department.

HEW Form 639 A, (3/77) constitutes a legally enforceable agreement to comply with Title IX and all of the requirements of Part 86. Applicants are urged to read Part 86 and the accompanying preamble. The obligation imposed by Title IX and Part 86 are independent of, and do not alter, the obligation not to discriminate on the basis of sex imposed by Title VII of the Civil Rights Act of 1954 (20 U.S.C. 2000e et seq.); Executive Order 11246, as amended; sections 799A and 855 of the Public Health Service Act (42 U.S.C. 295h-9 and 298b-2); and the Equal Pay Act (29 U.S.C. 206 and 206 (d)).

PERIOD OF ASSURANCE

HEW Form 639 A, (3/77) is binding on a recipient for a period during which Federal financial assistance is extended to it by the Department. With respect to Federal financial assistance used to aid in the purchase or improvement of real or personal property, such period shall include the time during which the real or personal property is used for the purpose of providing an education program or activity. A recipient may transfer or otherwise convey title to real and personal property purchased or improved with Federal financial assistance so long as such transfer or conveyance is consistent with the laws and regulations under which the recipient obtained the property and it has obtained a properly executed HEW Form 639 A, (3/77) from the party to whom it wishes to transfer or convey the title unless the property in question is no longer to be used for an education program or activity or the Federal share of the fair market value of such property has been refunded or otherwise properly accounted for to the Federal government.

An applicant or recipient which has submitted an HEW Form 639 A, (3/77) to the Director need not submit a separate form with each grant application but may, if the information contained therein remains accurate, simply incorporate by reference, HEW Form 639 A, (3/77), giving the date it was submitted. On the other hand, a revised HEW Form 639 A, (3/77) must be submitted within 30 days after information contained in the submitted form becomes inaccurate, even if no additional financial assistance is being sought.

OBLIGATION OF RECIPIENT TO OBTAIN ASSURANCES FROM OTHERS

As indicated in Article III, paragraph 2, of the Assurance, if a recipient subgrants to, or contracts, subcontracts, or otherwise arranges with an individual, organization, or group to assist in the conduct of an education program or activity receiving Federal financial assistance from the Department or to provide services in connection with such a program or activity, the recipient continues to have an obligation to ensure that the education program or activity is being administered in a nondiscriminatory manner. (See 45 C.F.R. 86.31.) Accordingly, the recipient must take reasonable steps to ensure that the individual, organization, or group in question is complying with Title IX and Part 86. These steps may include, but do not necessarily require, obtaining assurances of compliance from such subgrantees, contractors, and subcontractors in the form of, or modeled on, the HEW Form 639A, (3/77). These steps to require, however, such activities as may be reasonably necessary to monitor the compliance of these subgrantees, contractors, or subcontractors, regardless of whether they have submitted assurances to the recipient. If a recipient is unable to assure itself that any contractor, subcontractor, subgrantee, or other individual or group with whom it arranges to provide services or benefits to its students and employees does not discriminate on the basis of sex as described in Part 86, the recipient may not initiate or continue contracts, subcontracts, or other arrangements with that individual or group or make subgrants to it.

ADMINISTRATIVELY SEPARATE UNITS

If an educational institution is composed of more than one administratively separate unit, a separate HEW Form 639 A, (3/77) may be submitted for each unit or one may be submitted for the entire institution. If separate forms are submitted, the administratively separate unit for which the form is submitted should be clearly identified in the first line of HEW Form 639 A, (3/77). An "administratively separate unit" is defined as a school, department or college of an educational institution (other than a local educational agency) admission to which is independent of admission to any other component of such institution. See 45 C.F.R. 86.2(o).

STATE EDUCATION AGENCIES

State education agencies are generally not responsible for running pre-school, kindergarten, elementary or secondary programs. Such responsibility is generally left to local education agencies although some supervisory authority may be vested with the state education agency. Consequently, most state agencies should not check the boxes for "Pre-school," "Kindergarten," or "Elementary or Secondary" in Article I of HEW Form 639 A, (3/77). If the state agency runs special programs for the handicapped, including those on the pre-school, kindergarten, elementary, or secondary level, the box marked "Other" should be checked and the appropriate description inserted in the space provided.

Under Article III, paragraph 5, of HEW Form 639A, (3/77) a state education agency may be called upon from time to time to submit reports necessary to determine Title IX compliance by local education agencies within its jurisdiction. The form and content of such reports will be specified by the Director at the time the request is made.

RELIGIOUS EXEMPTION

Applicants or recipients which are educational institutions controlled by a religious organization are not covered by Part 86 to the extent that application of Part 86 would be inconsistent with the religious tenets of the controlling religious organization.

Section 86.12 of Part 86 requires an institution seeking an exemption to submit a written statement to the Director identifying the provisions of Part 86 which conflict with a specific tenet of the controlling religious organization. Such a statement must be signed by the highest ranking official of the educational institution claiming the exemption. An applicant or recipient claiming an exemption is not relieved of its obligations to comply with that portion of Part 86 not specified in its statement to the Director as being inconsistent with the tenets of the controlling religious organization.

Although 86.12 imposes no time restrictions when a recipient or applicant may claim an exemption, applicants or recipients are urged to make such claims when they initially submit HEW Form 639 A, (3/77) by checking the appropriate box in Article I of HEW Form 639 A, (3/77) and attaching thereto the statement required by 86.12(b). Such an approach will avoid misunderstandings on the part of both the Department and the applicant or recipient as to what, if any, action is required under Part 86.

An applicant or recipient will normally be considered to be controlled by a religious organization if one or more of the following conditions prevail:

- (1) It is a school or department of divinity; or
- (2) It requires its faculty, students or employees to be members of, or otherwise espouse a personal belief in, the religion of the organization by which it claims to be controlled; or
- (3) Its charter and catalog, or other official publication, contains explicit statement that it is controlled by a religious organization or an organ thereof or is committed to the doctrines of a particular religion, and the members of its governing body are appointed by the controlling religious organization or an organ thereof, and it receives a significant amount of financial support from the controlling religious organization or an organ thereof.

The term "school or department of divinity" means an institution or a department or branch of an institution whose program is specifically for the education of students to prepare them to become ministers of religion or to enter upon some other religious vocation, or to prepare them to teach theological subjects. (This definition is adopted from section 1201(1) of the Higher Education Act of 1965, P.L. 89-329.)
