ABSTRACT

A study conducted at William Rainey Harper College (WRHC) (Illinois) surveyed 1991 transfer-oriented students 1 year after they had accumulated at least 48 semester hours of credit to evaluate how well the students were prepared for transfer. All alumni meeting these criteria (N=904) were surveyed regarding their current status, their evaluation of WRHC, and their activity pattern while at WRHC. Study findings, based on a 74% response rate, including the following: (1) about one-third of the respondents were employed full time and another third were working part time; (2) 57% were enrolled full time in college and 19% were enrolled part time; (3) 23.1% of the alumni did not transfer immediately, but, due to the higher cost of education, remained at WRHC; (4) the most popular alumni major was business, followed by education and engineering; (5) alumni received higher grade point averages at the transfer school; (6) a majority described their WRHC experience as positive and rated WRHC student services higher than those at their new institution; (7) the most popular transfer institutions were Northern Illinois, University of Illinois/Chicago, Illinois State, and Roosevelt; (8) the most beneficial WRHC courses were speech, career planning, English, education, psychology, math and business; (9) the most beneficial outcomes for alumni were communication skills, greater maturity and self-confidence; and (10) the least attained outcomes were managerial skills, and specific job knowledge and skills. A B S T R A C T

THE PURPOSE OF THIS STUDY WAS TO FOLLOW UP 1991 TRANSFER ORIENTED STUDENTS ONE YEAR AFTER THEY HAD ACCUMULATED AT LEAST 48 SEMESTER HOURS OF CREDIT AT HARPER COLLEGE. ALL ALUMNI MEETING THESE CRITERIA WERE MAILED A SURVEY FORM ASKING ABOUT THEIR CURRENT STATUS, THEIR EVALUATION OF HARPER AND THEIR ACTIVITY PATTERN WHILE AT HARPER. AFTER FOLLOW-UP PROCEDURES WERE COMPLETED, A 74 PERCENT RESPONSE RATE WAS ATTAINED.

THE COST OF ALUMNI ATTENDING COLLEGE CONTINUES TO INCREASE FASTER THAN THE COST OF LIVING. WITH THE STEADY INCREASE IN THE COST OF EDUCATION, A NUMBER OF THINGS ARE RESULTING. FIRST, ALMOST ALL STUDENTS ARE WORKING WHILE GETTING THEIR EDUCATION. A GOOD NUMBER OF THE ALUMNI ARE REMAINING AT HARPER RATHER THAN IMMEDIATELY TRANSFERRING TO A FOUR-YEAR INSTITUTION.

HARPER ALUMNI CONTINUE TO REPORT SUCCESS WHEN TRANSFERRING TO FOUR-YEAR INSTITUTIONS. THE RESULTS OF THE SURVEY REFLECT IMPROVED GPA AVERAGES AT THE NEW SCHOOL. MOST OF THE ALUMNI STATED THEIR EXPERIENCE AT HARPER WAS POSITIVE, WHICH HELPED PREPARE THEM FOR THE NEW INSTITUTION. THEY RATE HARPER SERVICES BETTER THAN AT THEIR NEW INSTITUTION. HARPER ALUMNI TEND TO TRANSFER TO ONE OF ILLINOIS STATE PUBLIC UNIVERSITIES WITH NORTHERN THE LEADER, BUT THE SECOND LARGEST TRANSFER RATE WAS TO A PRIVATE UNIVERSITY - ROOSEVELT.

AGAIN, MOST OF OUR ALUMNI TRANSFER INTO BUSINESS MAJORS. EDUCATION HAS REPLACED ENGINEERING AS THE SECOND MOST FREQUENT MAJOR. THE MOST BENEFICIAL COURSES AT HARPER CONTINUE TO BE SPEECH, CAREER PLANNING, ENGLISH, EDUCATION, PSYCHOLOGY, MATH AND BUSINESS. THE MOST BENEFICIAL OUTCOMES FOR ALUMNI CONTINUE TO BE COMMUNICATION SKILLS, BROADER HORIZONS AND GREATER MATURITY AND SELF CONFIDENCE. THE LEAST ATTAINED OUTCOMES WERE MANAGERIAL SKILLS AND SPECIFIC JOB KNOWLEDGE AND SKILLS.

VII. Appendix

- Survey Instrument with Cover Letter

PURPOSE

The purpose of this study was to follow up all 1991 transfer oriented students one year after they had accumulated at least 48 semester hours of credit at Harper College. This research project was designed to help evaluate how well Harper prepares its students to transfer into baccalaureate degree programs at a number of colleges and universities.

POPULATION SURVEYED

All 904 transfer oriented students who reached 48 or more semester hours during the 1988-1989 academic year were surveyed. After follow-up procedures were completed, the return rates achieved were:

	<u>Number</u>	<u>Percent</u>
Mail Responses	269	29.8
Responses Received Over the Phone	399	44.1
Total Number of Responses	668	73.9
Refused to Answer	10	1.1
Non-Forwardable	37	4.1
Deceased	1	.1
Could not be Reached by Phone	<u>188</u>	<u>20.8</u>
Total	904	100.0

METHOD USED

The survey form, shown in the appendix, was developed by the Office of Planning and Research in 1969 and modified over the years using input from vice presidents, deans, and directors. This instrument requests students' current status, evaluation of Harper, and activity pattern while at Harper. This instrument and the cover letter were mailed to the target population one year after they had accumulated 48 hours at Harper. Three weeks later, a second mailing was sent to the non-respondents. After another three weeks, those still not responding were surveyed over the telephone. This study was conducted every year in the early history of Harper, but since 1975 it has been conducted every other year. Data from this 1991 alumni study is compared with data from the past surveys.

DISCUSSION OF RESULTS

The status of alumni has remained fairly stable over the years. About a third are employed full time and another third are employed part time. Some 57 percent are enrolled full time in college and another 19 percent are enrolled part time. Only 1/2 percent are unemployed and seeking employment while only 2-1/2 percent are unemployed and not enrolled in college by choice.

Most of our transferring alumni had business majors while at Harper which was comparable to past years. The other largest category reflected a humanities and liberal arts major. The other majors remained close to those reflected in past studies. About one in five are undecided when they leave Harper. About 35 percent of our alumni did not get a degree mostly because they had not met the requirements or were transferring. Most of the students were employed in the business or finance area, others were involved in office or clerical and sales. Twenty-nine percent of Harper alumni were employed in positions that are classified as beginning professionals. There was a noticeable increase in the number of alumni employed in semiskilled labor (40%) but a decrease in unskilled labor jobs. The upward trend of increased salaries continued in that the average salary of alumni rose to \$23,000. This average salary is 58 percent higher than those earned by the 1979 alumni. Most of the alumni found their jobs on their own, or through family and friends. The jobs are generally in the northwest suburbs (77%) while other jobs were mainly in other Chicago suburbs. The 35 percent who were employed part time were doing so because they were attending college or were in some other temporary transitional stage.

DISCUSSION OF RESULTS (continued)

Similar to previous surveys, alumni stated areas that benefited them most by attending Harper were in the communication areas - verbal, person to person, and written and in broadening their horizons and in maturity and self confidence. The least beneficial areas again were specific job knowledge, technical job skills, and managerial skills.

Most of Harper transferring alumni (60.5%) went to one of the public state universities in Illinois. The most prevalent school transferred to was Northern Illinois University. The most popular private school alumni transferred to was Roosevelt. In fact, Roosevelt was the fourth most popular school following University of Illinois/Chicago and Illinois State. This is the first time a private school ranked second in popularity for transfer students. Almost one-fourth of the alumni continuing their education remained at Harper College.

Consistent with past alumni, business was the most popular major at their new institution. Education has replaced engineering as the second largest major at the new school. In general, most alumni continued their Harper major at the new institution. The alumni found in most situations that their courses were easily transferred to their new school. In fact, 50.4 percent of them stated all their courses transferred. Of the alumni who found that courses did not transfer, one-third of them stated they did not investigate carefully enough the transfer requirements. Another 16 percent stated they were given misleading information and 15 percent changed majors. Again, Harper's alumni have fared well at the new institutions as 59 percent of them reported earning a GPA of 3.0 or better. Only 1-1/2 percent said they had a GPA of under 2.0. Only 40 percent of these same alumni earned a GPA of 3.0 or better while at Harper and their average GPA increased from 2.90 to 3.00 at the new institutions.

When comparing the performance of the transferring alumni at Illinois public universities with their Harper performance, the Harper alumni improved or maintained their GPA at every new institution with the exception of the University of Illinois at Champaign. For the period of the past eight studies, the cumulative statistics reflect the same pattern. The alumni which transfer to the University of Illinois at Champaign generally have better Harper GPA's than those that transfer to other schools.

The annual cost for the alumni attending school has steadily increased. The average cost per year reported by this survey was \$6,171, 19 percent above the \$5,204 reported in the last survey. This represents an increase of \$3,200 over that reported by the 1979 alumni. The transfer students which are enrolled full time at their new institution reported their average cost as \$7,298 compared to \$1,609 by those remaining full time Harper students. Close to 70 percent of the full-time transfer students said the cost of their education was in the \$5,000-\$10,000 range, whereas, 72 percent of those remaining at Harper full time reported their cost at \$1,500 or less. The continued increase in annual cost could explain the number of alumni remaining at Harper to attain their degree instead of or before transferring to a four-year school.

The vast majority of alumni stated their experiences at Harper were positive. The average rating of 3 aspects of Harper life was rated as better than very good, 6 aspects were rated as very good and 20 aspects were rated somewhere between very good and average. When comparing aspects of Harper with the same aspects at their new college, 18 areas were rated as better at Harper, 7 areas were rated about the same and 4 areas were rated better at their new college.

The alumni were surveyed to determine which were the most beneficial courses taken at Harper. Again Speech courses at Harper received the most favorable responses compared to negative responses. Other courses rated as highly beneficial were Career Planning, Psychology, Education, Business, Mathematics, and Social Science Courses. The alumni suggested they could have benefited from additional Vocational, Math and Social Science Courses.

DISCUSSION OF RESULTS (continued)

The survey reflected a favorable assessment of the Learning Resources Center. Less than 8 percent had negative experiences; however, consistent with the past, over a fourth of the alumni seldom used the LRC while at Harper College.

The alumni were questioned on their use of micro or terminal computers at Harper. Over 60 percent of the alumni used computers at one time or another. Not surprising, the most common courses involving the student use of computers were computer information systems and math/statistical courses. More than 60 percent of the alumni claimed using the computers helped them in their present situation, whereas 22 percent currently do not use computers. The prevalent problem in using the computers at Harper focused on the labs being too crowded or not enough machines available although only 10 percent mentioned any problems. When the alumni was asked how the use of computers have benefited them, they mostly responded by saying they can better use the computers on their jobs. Others said it gave them more confidence of computers and provided a clearer understanding of how they function. Many said they now use computers at their new school.

Over 50 percent of our alumni never made one single change in their educational or vocational goals while attending Harper. This percentage is consistent with our findings from the other surveys taken during the 1980's. Almost half who made some change did so as the result of discussions they had with counseling services. Another 29 percent of those that made changes were based upon their conversations with friends or family. Almost a fourth talked with faculty and another fourth were influenced by courses. Most of the alumni utilized academic advising services (75%) and about 87 percent of them stated the advice received was useful. Student Development advising was the common advising used by the alumni.

A high percentage of our alumni either did not qualify or require financial aid (83%). Although three fourths were satisfied with the services they received. Of those that asked for aid or veteran's benefits, 43 percent were turned down. There has been a continuing trend toward alumni working over 30 hours per week. The survey reported 30 percent of students were working over 30 hours. The number of alumni who worked over 30 hours per week has climbed steadily since 1979. The average hours worked per week remains at a high at 23 hours. With the increasing cost of education, there evidently is a corresponding need to work while attending Harper to pay for future education. Half of the alumni who worked while at Harper worked at jobs that were not related to their major field while at Harper. Involvement in student activities has remained fairly constant since 1983. About a fourth of the alumni participated and the average time alumni spent in extra curricular activities amounted to about 1-1/2 hours per week. The time alumni spend in informal hours on campus has dropped in the last two surveys from over 3 hours per week (in 1987 and before) to about 2-1/2 hours per week for the 1989 and 1991 groups. Over 95 percent of the alumni say they would recommend Harper College to friends.

Most of the alumni provided favorable comments about Harper. Their overall experience was beneficial, with many fine comments about the faculty. Most considered Harper being very valuable as a stepping stone to a four-year college. Most of the comments concerning improvements center around making Harper a four-year college, improving the parking and connecting the buildings.

MAJOR CONCLUSIONS

The cost of alumni attending college continues to increase faster than the cost of living. With the steady increase in the cost of education, a number of things are resulting. First, almost all students are working while getting their education. A good number of the alumni are remaining at Harper rather than immediately transferring to a four-year institution.

MAJOR CONCLUSIONS (continued)

Harper alumni continue to report success when transferring to four-year institutions. The results of the survey reflect improved GPA averages at the new school. Most of the alumni stated their experience at Harper was positive, which helped prepare them for the new institution. They rate Harper services better than at their new institution. Harper's alumni tend to transfer to one of the state public universities in Illinois with Northern the leader, but the second largest transfer rate was to a private university - Roosevelt.

Again, most of our alumni transfer into business majors. Education has replaced engineering as the second most frequent major.

The most beneficial courses at Harper continue to be Speech, Career Planning, English, Education, Psychology, Math and Business. The most beneficial outcomes for alumni continue to be communication skills, broader horizons and greater maturity and self confidence. The least attained outcomes were managerial skills, and specific job knowledge and skills.

Experiences at Harper Which Aided the Transfer Process or Which Made it More Difficult

Grouped By School Transferred to:

Northern Illinois

- All my classes transferred and I entered as a junior - this saved me money.
- Your compact agreement with NIU made it very easy.
- Receiving AA made transfer easy.
- The counselors helped me through encouraging me to finish my associates - that way all credits would transfer.
- Made the transition from high school to college much easier. Could handle the harder workload at NIU much better.
- Harper did not have all the correct information about required courses.
- I received a scholarship that pays for tuition, room and board, books and fees.
- My whole associate degree transferred with all my credit hours.
- Courses transferred easily.
- Yes, the compact benefits agreement between Harper and NIU made my admissions/acceptance easier.
- Easier in the way that Harper had a compact agreement with NIU and Harper had an NIU representative come down to answer questions.
- Harper gave me outline descriptions of a few of my courses.
- The counselors were very helpful.
- All classes transferring was great.
- Being able to fulfill all general education requirements.
- Being a Student Ambassador, speaking with advisors, using NIU booklets, etc.
- Yes, staying in touch with the counselors concerning my transfer to a 4-year college.
- Difficult - I could not receive any information from Harper - I had to find it all on my own.
- The course books available showing NIU/Harper compatible classes were most helpful.
- Yes, the program Harper had with Northern Illinois University helped me transfer all my classes with no questions asked.
- Compact agreement made it easier.
- My AA courses transferred without any problem.

University of Illinois, Circle

- Good counselor/Francis Brantley/broad range of courses taken I knew would transfer.
- It was easier to assimilate into college atmosphere rather than starting a 4-year school right out of high school.
- DORS pays approximately \$5,000 per year - my personal expenses are \$1,000 - \$1,500.
- The classes that I was told to take at Harper were not accepted by UIC.

University of Illinois, Champaign

- The counselors discouraged me from applying; however, did get accepted. Help was hard to find when trying to transfer to U of I. Only 1 person was knowledgeable enough to inform me about the transfer. She was not very encouraging either.
- Working with an advisor helped make the transfer go more smoothly.
- Simply attending Harper prepared me for college work.

Southern Illinois

- Easy access to transcripts

Harper

- Compact agreement with NIU really helped.
- The counselors guidance as to what courses would transfer helped a lot.
- A counselor that is knowledgeable in the specific college that I am transferring to - U of I - Francis Brantley
- I spent too much money in Harper for education. I cannot possibly go to a four year college any more because of financial problems.

Experiences at Harper Which Aided the Transfer Process or Which Made it More Difficult (continued)

Grouped By School Transferred to:

Illinois State

- Joining activities helped make my transition easier.
The classes I took helped me a lot.
- Associates in Arts made it easier to transfer to a 4-year university.
- Made adjustment easier.
- I received my associates degree and ISU takes whole degree/compact agreement.
- The compact agreement with Harper and ISU helped tremendously.

Loyola

- Difficult because I spent my first year at Loyola making up for the 2 years at Harper.

Roosevelt

- There was little help with filling out applications - the basic procedures were assumed to be known. I had a hard time knowing where to start looking at schools to transfer to and how to make my final decision - not enough quality counseling.
- I had no trouble transferring to Roosevelt.
- I went to see a counselor and he was very helpful.
- Advising Center had plenty of information from 4-year schools regarding requirements. This made it much easier to plan my program accordingly.
- Very pleasant.
- Roosevelt transfer scholarship - \$6,000 per year - renewable.

Iowa

- The counselors were not very helpful in helping me with my decisions.

Northeastern Illinois

- Harper did not have anything that prepared me for transferring.
- An English teacher that I had at Harper recommended Northeastern and several English teachers, so I know that their English Department was highly recommended.
- I like the people at Harper and miss some.
- Counselors were not available to evening students on a basis equal to daytime students.
- My transfer was lost at first.

Elmhurst College

- Yes, contact with my counselors to know what transferred made it very simple.

DePaul

- Easier - career class with Ed Liska helped me to make decisions.
- It is difficult to transfer from a semester school to a quarter school.

Eastern Illinois University

- I received my AA degree and played tennis at Harper - I received a tennis scholarship from EIU because of my experience.
- I received my AA therefore EIU accepted all my credits and I was considered a junior.
- Receiving my associates degree.
- Getting an associates degree made it easier.
- Attaining an AA degree enabled me to avoid general classes and get right into my interest of study.

College Not Indicated

- Having the associates degree helped to make transferring easier.
- Harper allowed me to have a "real" job giving me greater experience in the "real" world.
- Availability of catalogs and transfer sheets helped greatly.
- Not at all.
- Harper made everything so easy - it is because so many schools accept the 2-year degree and admit you as a junior.

Experiences at Harper Which Aided the Transfer Process or Which Made it More Difficult (continued)

Grouped By School Transferred to:

College Not Indicated (continued)

- No - but seeing a transfer counselor at IBC prior to attending Harper did.
- Not accepting credits.
- Counselors extremely helpful.
- The counseling and administrative assistance was outstanding - VA counseling was outstanding!
- Harper has wonderful facilities to help students make the next decision whether to continue their education or not an easy decision.
- The fact that so many credits transferred was great!

	<u>1979</u>	<u>1981</u>	<u>1983</u>	<u>1985</u>	<u>1987</u>	<u>1989</u>	<u>1991</u>
I very seldom used the LRC	30.9	32.0	30.9	26.4	15.1	22.0	27.3
I found the LRC a good place to study	45.4	54.3	42.9	53.0	66.1	54.7	52.0
It was easy to find and check out almost all books needed	44.1	36.1	50.7	42.6	66.3	55.7	53.2
The AV material available in media section was very helpful	17.9	13.6	13.4	8.8	22.9	23.6	21.4
I had trouble getting much of the material needed	4.3	3.0	4.1	1.7	1.7	4.6	4.8
Other good comments	4.6	4.4	4.1	3.2	4.1	.7	1.5
Other bad comments	7.1	3.3	1.9	2.9	6.5	.9	2.8
Neutral comments	.3	1.0	1.3	.2	.7	.2	.2
Total Responded	215	394	680	477	629	567	

Ways in Which Student Had Trouble Getting
Much of the Material Needed from the LRC

- Was confused with the system.
- Only one tape at a time - limited.
- Much material was outdated/old.
- Using computers to find books
- Books not available - overdue books not in - noisy.
- Disorganized
- Because I was unfamiliar with the resources - like Dewey Decimal System better.
- All checked out.
- Lack of material.
- It was gone already.
- Outdated/non-existent resources
- Librarians did nothing for me although there was one gentleman who was very helpful.
- It was not there.
- Could not find books - out of order.
- Help from people at library
- Difficulty finding current magazines.
- Books are old.
- No food allowed.
- Do not understand system.
- Poor set-up - instructions
- Periodicals not available

Other Comments About Learning Resources Center

- The Tutoring Center was great!
- What Learning Resources Center?
- People are helpful - with ordered articles.
- The topics I needed information on seemed like it was always checked out or there was not enough material.
- Tables were not set up to study.
- Too busy.
- Easily traveled and supplied.
- Very noisy.
- Some things hard to find.
- Computer never cleared returned books.
- Need a bigger selection
- Too much talking
- Library shelves are sometimes disorganized.
- Accounting Resource Center is excellent.
- Tutoring Lab was very helpful.
- Lately it has been too noisy.
- Great help from library staff!
- A lot of outdated/limited selection of books.
- I went to the Tutoring Center and used the library to get articles on reserve.
- Too noisy - Indian students!
- Good periodicals
- Tutoring in Math was helpful.
- Information at Schaumburg Library was more helpful than information at the LRC.
- Library needs to be bigger.
- I enjoyed using Media Center when I had free time.
- Noisy
- Tutoring very helpful.

Problems Getting Access to or Using Microcomputers or Computer Terminals

- Busy and problems sometimes if -- I had questions - not enough people to help.
- In Building P
- I wish my English teachers would have stressed and pointed out computer usage.
- No seats left.
- The mainframe terminals used to crash all the time.
- Was not aware anything was available for use outside of classes/jobs.
- Crowded.
- Not open long enough or late enough.
- At times they were all taken and the hours were not all that convenient.
- I am vision impaired - we needed another computer with enlargement device
- Scheduling
- Waiting for availability of computers or certain disks.
- Time sharing difficulties.

Problems Getting Access to or Using Microcomputers or Computer Terminals (continued)

- It has been too long to remember what kinds of problems - just remember being frustrated.
- On few occasions when the areas were overcrowded.
- Too crowded sometimes.
- Sometimes.
- Occasionally during high demand times.
- Hours - some of the lab centers were not for all students.
- Not enough open hours for Math.
- Too many people in class - not enough terminals.
- There were not enough available.
- I did not have any idea how to use computers

How Use of computers at Harper has Helped Alumni in Their Present Situation

- Did not specify -- 4
- Typing papers on terminals.
- I know more about computers
- I am more familiar with computers
- Personal interests
- I learned how to use computers at Harper
- The more I used computers, the more literate I became.
- Can easily learn any system.
- Became familiar with them.
- I work on a computer every day at work.
- Somewhat - we charge people out through a computer system.
- I gained familiarity.
- Helpful and easy access.
- I use a computer every day.
- I am planning on taking Cobalt, so I feel more confident going into the class.
- In my typing for papers at NIU.
- It helped me understand computers a lot more than I did before.
- In other classes and at work.
- I use word processing now and desk top publishing - I spent much time in lab.
- I assist people part time with computers.
- Learn more how to use computers.
- I learned word processing skills while working on the newspaper.
- Enabled me to produce better work and therefore better grades.
- Able to use computers easier because I had experience at Harper.
- I have learned to understand computers better.
- Saves time using a computer for certain tasks.
- To become familiar with computers.
- Good experience
- I am more comfortable with the computer.
- I am familiar with job.
- To understand different programs and computers.
- I work with computer terminals.
- Made it easy to adapt.
- College search
- Taught me how to use Lotus 123 and WordPerfect.
- Word Processing
- I have become much more knowledgeable in general computer use.
- I was able to learn how to use them.
- Because I did not have computer to type paper for English course.
- More adept computer use.
- Gave me a comfort level.
- Great word processing equipment.

**How Use of computers at Harper has Helped
Alumni in Their Present Situation** (continued)

- I can create papers for classes/business more efficiently and more error-free.
- It is hard learning the new system at UIC.
- I am a computer major.
- Not much, I have one at home.
- It has given me a good background to build on.
- I became more comfortable working with computers.
- I feel more computer literate.
- Helped me get my work done.
- Confidence
- I use a computer once in a while but it helped to have background.
- Organization, faster capacity.
- Helped familiarize the use of computer labs.
- Writing papers - PC's are handy.
- In using certain programs like Quatro-Pro.
- I constantly use computers at my job.
- Computer knowledge helped in almost every field.
- I learned much about computer networks dealing with businesses.
- A little bit of insight.
- I was able to do statistic problems with relative ease.
- I know how to use a computer.
- All accounting and most other business courses use computers for assignments.
- Gained computer knowledge.
- My job uses computers and after taking the class I applied that knowledge.
- To adjust to using a terminal for writing
- Computer skills are important for everyone.
- It helped during my class.
- I became familiar with computer use while at Harper.
- Helped me get familiar with the computer in general.
- At work I am often working with a computer.
- Most business courses incorporate computers.
- Gave me experience with computers.
- Computer is present in my work place.
- All the knowledge I gained acted as a base.
- I know how to use them.
- It is important in all of life's situations to understand computers.
- My knowledge of computers helps in my job.
- Become more familiar with them.
- In the CAD in my current job.
- I have to type sometimes.
- I use all programs learned at Harper at Northern University.
- I deal with computers every day - brought me confidence in using one.
- It taught me the logic involved in computer programming.
- I have a better understanding of PC's - an educated user.
- We use it a lot at NIU.
- Become more comfortable with computer use.
- Become computer literate.
- I did a lot of work in data processing before going to school at NIU.
- I have to type all my papers in my university.
- I know I have a little experience for what is to come.
- Word processing in preparing my term papers more efficiently.
- Helped me use PC at home.

**Why Use of Computer at Harper Has NOT
Helped Alumni in Their Present Situation**

- Did not specify - 5
- Does not relate to present career.
- I do not use computers at NIU.
- The course was not designed toward field of work.

Why Use of Computer at Harper Has NOT Helped Alumni in Their Present Situation (continued)

- I do not use computers at this time.
- It is not my major.
- Do not use computer on either job.
- Have access to computer at home and work.
- Changed major.
- Screens too small - not allowed to use digitizers.
- I just used it for class.
- I don't use them on job yet.
- Do not use same programs.
- I was not nearly as proficient as I should have been coming to NIU.
- I already know how to use terminals.
- Able to practice up.
- Have not had to use knowledge recently.
- Have not used these skills in my present job.
- I do not use computers for my current job or my major.
- I do not use them at present.
- Just part of class - not very relevant.
- They are not necessary for my present situation.
- I do not have much use for it.
- Just different way of doing problems - waste of time.
- I came to ISU and had to learn MAC.
- Every youth today is taught how to use computers before College.
- Had a hard time using at Harper.
- I work on different types of computers now.
- I do not use computers with my present job, only occasionally at home.
- Computers are not readily available at my present school so I don't use them.
- Because presently I am not doing what I hope to be doing in the future.
- Did little or nothing.
- Do not use computers at present job.
- But Lotus 123 and Harvard Graphics courses helped tremendously.
- My use of terminals was hypothetically based/I have not taken another Stat class yet.
- I do not use computers at this time.
- I do not use the computer today for the reasons I had used them at Harper.
- I am not working with computers right now.
- I was not happy with DPR/101 - could have been teacher.
- Worked frequently with computer before attending Harper.

Ways in Which Academic Advising
Received From a Counselor Was Helpful

- Did not specify - 4
- He showed me what class to take.
- Yes and No - some counselors were helpful - others were merely confusing.
- Information in transferring.
- Credit evaluation
- Tom Choice was a wonderful advisor.
- Very encouraging, patient and understanding.
- Made sure all requirements are met.
- Finding the school that fit me.
- Willing to listen, genuine interest in my questions.
- Tom Choice was super.
- Helped pick classes.
- Very responsive.
- Course planning.
- Somewhat
- About Eastern
- They helped with the General Education courses only.
- Received Distinguished Scholarship Program
- Very knowledgeable
- She answered my questions and gave me literature.
- Helped me set transferring up.
- I was full academic scholarship recipient.
- Listened to my needs.
- Good information.
- They helped me choose courses.
- She explained what I needed to do to change paths.
- Set things in perspective.
- Advised what Math to take.
- Yes, the second time she helped - no, the first counselor was worthless.
- Cannot help me decide on a career - I am hearing impaired, also.
- Helped me to choose EIU.
- Told me what courses I had to take for NIU.
- Helped to take transferable course.
- Very thorough counselors - very concerned and gracious.
- But vague
- Helped to pick classes.
- Course planning - very effective
- Helped me choose proper classes to take - showed me what needed to know.
- The counselor gave me many options.
- Gave good alternatives
- Explaining requirements to achieve AA degree.
- Gave me a better idea of what to expect in Law School.
- Very much so - I'm still seeing her on a regular basis, too.
- Helped keep on track with classes.
- Very beneficial for checking into other schools - directional
- They showed me what courses to take.
- Easy to talk to - informative - which courses to get my degree
- But too fast
- To pick night classes - by talking, listening
- In planning for my AS
- JoAnn Powell was very patient.
- The advising was helpful to me - helped me make several decisions.
- What I needed to transfer.
- Extremely/F. Brantley helped me while I was on probation, not just in getting myself off probation, but goal oriented talking about other schools to continue my education. Really took a lot of time with me - can't thank her enough.
- Frances Brantley knew what she was doing so it didn't seem so mind-boggling.

**Ways in Which Academic Advising Help
Received From a Counselor Was Not Helpful**

- They cared
- Since I had no goal in mind I was just encouraged to try it.
- Very indecisive.
- Misinformed me.
- She gave me faulty information - almost prevented me from attending NIU on time.
- They are not informed about transfer classes and were not helpful.
- Extremely incompetent.
- I took too many of my major classes at Harper instead of 4-year college.
- Too vague and rushed.
- Did not take the courses I needed for Loyola - did not prepare me for Loyola.
- No benefit at all - very ineffective - no concern with my major - only concerned with graduation from Harper.
- The counselors that I came in contact with were not specific enough. Everything was in broad terms. They were really of no help to me.
- Book explains all courses required - counselor not much extra help.
- Did not have financial advising.
- The counselors discouraged me from my goals.
- Somewhat inaccurate at times.
- I had the impression that the counselor did not feel that I could, some day, accomplish my goal. This goal was to become a high school teacher.
- They told me what I already knew.

Other Comments

- I would like to see Harper as a 4-year school if it was today I would still be enrolled.
- It was a great place to start my education - and further define my goals.
- Great school - dedicated teachers.
- I wish you had more telecourses.
- Harper is a super institution and I feel that it was one of the best choices I have ever made - Thank you!
- I feel it was beneficial for me to attend Harper before NIU. It prepared me for the studying and college level classes at NIU.
- Harper was great. A great staff who helped in and out of the classroom. My involvement in activities at Harper helped to expand me internally. I now feel comfortable at 4-year school.
- Excellent faculty - almost every teacher I had loved their job!
- It is such an excellent location/teaching is good, etc., the list goes on! But why doesn't it become a 4-year institution? I know dozens people who would continue their education if this reform were to take place.
- Harper College is an excellent school. The teachers were very personable and the classes were very challenging. I would still be there if it was a 4-year school.
- It has been a good experience for me, even though less challenging than UI Harper provides a more mature environment in which I could be able to set the tone for my future studies.
- Faculty in most cases is very prepared and is able to give good grounds for the future.
- I feel Harper was an excellent community college. I really enjoyed my years there. I had wonderful teachers/always went at night/wish I could have finished sooner, but I took a couple of years off.
- Now that I am working full time days, I need evening courses.
- After graduation I realized that with some exceptions Harper is a fine college with which I had few problems.
- It is a good school when people are undecided about further college or career plans. Some of the teachers were really good.

Other Comments (continued)

- All in all it was a good experience. I feel more of my classes, if not all, would have transferred had I known my major at the start.
- I had the best experience at Harper. I took it for granted until I started at Northwestern and saw how "perfect" Harper is. The registration at Harper is very convenient. The staff is helpful and understands what they are doing/teachers excellent.
- Harper is a good school. I enjoyed my two years of College.
- Being physically challenged I found it difficult to get to and from classes. The handicapped parking is located too far from bldgs. Also, registration was very difficult because of my disability.
- It is a good college to start off at if you are unsure of career or educational goals.
- I was misled about courses transferring. Yes, the credits transferred, but not all the classes did with the AA degree. Students should be made aware of this.
- The counseling Center could be improved if there were assigned counselors. The counselors would be assigned according to major.
- Enjoyed my years at Harper and glad that I attended. Enjoyed my teachers and classes.
- The requirements of a variety of classes for the AA degree helped me out a lot, not only for transferring of credits, but it gave me a broader education.
- I am very glad I went to Harper. My involvement in numerous activities made my experience especially beneficial.
- I think Harper is an excellent choice for beginning freshman rather than a four-year school. The person gets a look at what college life is like and then is more mature when they are ready to go on.
- The faculty at Harper is far superior to Northern. They seem to care about their students potential. The worst thing, by far, about Harper is the career counselors. They are uninformed, rude, and act totally uninterested in the students and their goals. I know they have a large work load, but this is their job and they don't perform it well. At Northern they are much better informed and able to help the students make the proper academic course selection.
- I feel I received an excellent education at Harper. I feel very capable of computing with students here with such a firm foundation.
- I was happy with Harper College, more so than the 4-year university I transferred to. Excellent faculty, facilities, prices, and activities.
- I think the counselors need to be more informed on transferring because I pay out-of-district fees and it's going to take me 5 years for a 4-year degree due to transferring classes.
- Excellent choice for people who are not sure of what to major in - economically or excellent choice.
- I felt that Harper had a lot to offer me in my educational goals. I would hope it would one day become a four-year university.
- I really miss going to Harper full time. I had great experiences there.
- I liked it very much.
- Harper is excellent in an academic sense. I feel I have been prepared pretty well for the difficulty of NIU's accounting program. Even with this though I still did not feel like I was attending a "real" college.
- I very much enjoyed my time at Harper and would really like to see something worked out with a four-year school.
- I am glad that I went to Harper before attending a 4-year university.
- Good preparation for students who transfer to 4-year universities or colleges. Those who cannot afford a 4-year college, maybe making it a 4-year school with abundant full-time faculty.
- I enjoyed my experience at Harper.
- Students should be assigned an advisor to meet with regularly, not just when they are registering for the first time.
- Very good 2-year school. Excellent faculty and course offerings.
- Harper was a smart economical start before attending a 4-year university.
- Include more mathematics courses.
- The Acting Program was really good - you should have more.

Other Comments (continued)

- WHCM's music format is more conducive to a high school mentality than that of an educated, college student type mentality. Other college and university music formats more reflect the open mindedness and originality characteristic of educated individuals. Could not Harper's College Radio format reflect the music found on College music charts?
- The school was a great memory to me. The teachers are all sometimes too self absorbed but oftentimes the teachers tended to be helpful, reasonable, helpful. They were approachable and flexible.
 - Harper should be switched to a 4-year college.
 - Certain parts of it were the greatest I have ever experienced but the academic BS negated the school.
 - Needs more bathrooms - Harper is great - It needs a lot of work, more classes, cafeteria needs longer hours.
 - I think Harper was wonderful! I plan on getting my graduate work finished and hopefully end up teaching at Harper!
 - The LRC needs considerable upgrades as far as more updated books and reference materials. Laboratories, i.e., CAD Center, need serious equipment upgrades.
 - I think Harper is the greatest. If Harper went 4-year I never would have left.
 - Harper was a very good school. I really liked it a lot - learned a lot from my professors. I was glad I went to Harper first.
 - They have a very good program for disabled students and would highly recommend to all.
 - You have a good school, but counseling is a joke for night students as are many other areas. The evening students are ignored and often not notified of changes until they arrive for classes.
 - I only wish there were a greater atmosphere of concern for education among the students. Too many students don't take their education seriously enough.
 - I feel overall Harper is a good place to begin your higher education not only as an alternative to the high cost of most 4-year schools but as an institution of its own.
 - I think Harper is an excellent institution and served my needs very well - the education that I received was well worth the money.
 - I really enjoyed my 2 years at Harper and would recommend attending Harper to anyone. The faculty and courses were excellent and I had few problems if any with anything. Thank you!
 - Harper campus is very clean and modern. I wished there were more social activities.
 - Telephone registration is great! At UIC I have to stand in line for hours and it is horrible. At Harper I never had a problem getting into a class I wanted - not so at UIC.
 - Teachers that care about student success! As an adult student attending evening classes, the teachers & staff were excellent in support & encouragement to all students. I found all my classes interrelated to next class. Classes where I felt would be the hardest for me I had teachers who loved their speciality - they made the education in that area come alive and application to our everyday lives and employment
 - I think the mathematics department at Harper is among the best in the world. I had Dr. Schooley as a teacher for 1-1/2 years and I feel he is one of the greatest human beings to have ever lived. He has left a life-long impression on me and I am a better person for it.
 - Wish it would turn into a 4-year college.
 - Harper College is a very good academic institution, but could do a better job preparing students for jump to "Big 10" schools. The staff at Harper (support) is excellent. The faculty is very personable.
 - The Harbinger should be given to every student. The radio station should be announced & more popular. Let them know it is there. What is "Point of View"?
 - I am very glad I went to Harper - a good place to start one's college education.
 - Counseling should be required for new students - I felt a little lost.
 - I am very satisfied with my education so far from Harper and would encourage anyone with college plans to attend Harper and then a 4-year school.
 - I think it is a wonderful way to start off in higher education if you don't really know what you are going to do with your life. It is also a cheaper way to get your General Education done. When talking with others who went to Harper I have heard nothing but good things. Thank you!

Other Comments (continued)

- I enjoyed going to Harper very much. The Office of Registration had the nicest people - always happy. When I picked up my diploma I thanked them for all their help.
- I think people that transfer without getting a degree should also evaluate Harper. Someone must look at the statistics concerning Physics Dept. I feel that Harper students shouldn't have to wait until a part-time teacher comes to teach Physics, in order to avoid unacceptable standards of grading - except Physics Dept. go to Oakton/Triton.
- The one person who influenced me the most in the best way possible was Mr. Charles Norris in the Anthropology Department at Harper.
- Wish there were more diversified classes offered.
- I have found myself better prepared for upper level courses than the students that have only attended Northeastern.
- Mrs. Hinkel, Mr. Macaulay, Dr. Marriott, Mr. McCabe, Mr. Norris, Mr. Sell, Mr. Sangelmann, and Dr. Steward are treasures as teachers. They make Harper an exceptional experience - I have learned a great deal from these people and feel that I leave Harper a stronger, focused student because of their efforts. These faculty members all deserve A's.
- I enjoyed my time at Harper.
- Harper would be an excellent 4-year school. We all have and need goals - the College should work toward becoming a 4-year school.
- Honestly when I first started at Harper, I did not want to go there because it was community college - after getting my job in the computer labs and getting to be an actual part of the Harper "machine" I loved it - it's much better than NIU.
- I think that the Registrars Office should be more efficient - more help - so it does not seem "rushed" when in there.
- I think Harper is a very good college - have learned a lot from attending all my classes there. I feel I am a much stronger/wiser woman than I was 8 years ago.
- Harper helped me to get some goals set in my life and plan for the future. I liked the teachers, the sizes of the classes, the help I got in making decisions that were important to me and Harper was a step I needed to take.
- It's so convenient - 10 minutes away - and cheap. I wish it were a real university.
- In general, Harper is a good school and well worth the money. I was very pleased that my classes transferred easily to my 4-year college & the graduation ceremony was very nice.
- I was a part of the spring 1991 term at Christ Church College in Canterbury, England. It was the best experience of my life and am trying to convince others to take part in foreign study exchange programs.
- Tuition is too high - I had remembered an article showing Harper 2nd highest in the state.
- The class size is wonderful for receiving quality education.
- I went at night and the great majority of the teachers were excellent - interested in their field, helpful, knowledgeable, and friendly.
- I was told the wrong information from a counselor about transferring to NIU and the classes I should take.
- Send some of your teachers to U of I to show them what real teachers actually are - in 1996 I will get my doctorate and at this time I will create a special fund for those less fortunate students in care of Harper. \$1,000 to start with at 1996 but will increase every year until it reaches \$5,000 at year 2000. These amounts are subject to change!
- I made use of the community counseling center on several occasions and found it helpful.
- I am glad I attended Harper before making my final career choice - it gave me a little more time to think about my goals.
- Disabled Student Services very helpful - counselors very understanding and helpful.
- I found most of the business and math courses that I took very beneficial and they prepared me very well for my future studies at UIC. The Economics Dept., however, was weak.
- I wish it was a 4-year college - I will stop my education with an associates degree, but if Harper was a 4-year school, I could finish.
- Harper College is very similar to high school to freshmen just entering college. It is easy for these students to think of Harper as high school and I believe that this is why there is a large drop rate for classes.

Other Comments (continued)

- It's a very good College. I really benefited taking all the courses and especially ESL.
- The faculty is outstanding. Harper College was a blessing to me because it gave me a second chance - I did not take high school serious - but when I came to Harper I turned my act around and now I am doing quite well.
- I would like to see more clubs that will include students interested in specific cultures and ethnic groups.
- Offer more science, micro, a class hard to get into.
- Compared to the college that I am at right now Harper blows it right out of the water. Harper is a far better school. I miss it!
- I think Harper is great - staff very helpful - good leadership by President.
- Expand into a 4-year college.
- I think Harper is a great school. Being as old as I am I was very comfortable among all the young people - the teachers are great.
- I will be taking one course over the summer - Physics 203 and I have been accepted to U of I at Urbana/Champaign for civil engineering for the fall. This was never asked for but I thought it should be known.
- More information and/or programs for people that have graduated from Harper. For example, a special counselor for graduates - also an invitation for graduates to take additional classes if they choose. For example I'm a secretary at a big corporation and I would like to learn Word Perfect 5.1 but I am no longer a resident - I live in Bartlett. Since I am a graduate it would be nice to be able to attend at in-district fees as a special benefit.
- Continue with the weekend and evening classes.
- Overall, good community college - very helpful.
- Really enjoyed my experience at Harper College and felt that I was greatly prepared for the rest of my College experiences especially compared to many of my friends who just started out in a 4-year program - many of whom have since dropped out.
- Parking was a big problem.
- Attending Harper and working part time left little time for much of anything else.
- I believe the quality and class availability is fantastic. Having courses available to those working full time is important - public transportation is a must.

Comments When Asked What Students Would Like To See Changed

- Comments about Parking and Parking Lots -- 38
- Comments about making Harper a 4-year college -- 28
- The social part of it.
- Closer parking or tunnels - who designed this campus - someone from the West Coast?
- Hire more full-time teachers.
- The fee for parking should be less or not required - the lots are too far for such pricing. Anytime a project was due - it could be blown away some 50-100 yards from a building.
- Change curriculum - 4-year schools require classes in non-western cultures and traditions. Some require a class in diversity.
- Separate communications and theatre courses.
- Change a few of the professors.
- The counselors did not help at all. I think a course in career planning should be mandatory for graduation.
- Wish more tickets were given to people who park at the end of the rows where there are no lines - it gets dangerous when you cannot see around the car.
- Regulate the temperatures better in Building D.
- Have more special education courses. And make it a 4-year university - it is so close and affordable compared to my 4-year college.
- Get the school more involved in clubs and athletic events - definitely needs improvement.
- Make it easier for disabled students to register and move around the campus.
- The advising about transferring to NIU should be updated as often as possible.
- The counseling program - the school's reputation.
- Offer higher level courses - with all the school commuters of today it would be a great benefit for this area's students.

Comments When Asked What Students Would Like to See Changed (continued)

- That more people realized how great of an education you can receive for low cost.
- Offer more courses in the Humanities and the Arts, especially in Literature.
- Requirements for an Associate Degree.
- Counseling Service - they don't research what they are advising - students are dependent on them. If I had not received advice from teachers, I never would have had the right courses to graduate.
- More consistency in quality of Math faculty. It is very difficult to find a competent teacher. Many of the part timers are excellent.
- Think a student should be placed in Math and English by high school grades and not the placement tests because some people just do not do good on time tests.
- No loitering
- Stop sending follow-up surveys - if people don't answer with the first copy don't bother us with more.
- The atmosphere of people who go there because they have no choice and don't care about their education.
- Do some double checking on who you hire as teachers. Just because someone knows a topic well does not mean he/she can teach it.
- To be sure counselors advise students on what courses transfer and those that do not.
- More concrete aid for deaf students deciding on a career. More information about clubs.
- Make entire campus non-smoking - when registering for classes at the beginning of each semester, give priority to students who have been there longer so that they have more of a guarantee of getting into classes they need - NIU does this.
- Make the class structure work in a way that students could interact more.
- Make PSY/108 a required course to all students.
- Introduce better acquainted business professors with more experience.
- Social atmosphere.
- Some form of indoor smoking area during the winter months.
- I would like you to be concerned about international students residential status whose father is working and paying taxes here but who has student visa and has to pay four times as much as in-district tuition.
- Prepare students for the university or 4-year college. Council students to take courses at Harper that they won't have to take again at the 4-year school after Harper.
- Radio station format - no more high school.
- The registration process.
- Better facilities, up-to-date systems, buildings, etc., cleaner.
- Employ more effective counselors - they were of no help at all. May be detrimental to young students needing direction.
- Raise the standard SAT admission requirements to Harper and the test given by the Professors.
- Employing a more qualified part-time staff. In the past the quality of education that I have received was not at the level it was at the time of my initial attendance 12 years ago. This assessment comes from comparisons of educational coursework experience at 5 colleges.
- Offer more sections of courses already available and add more selections.
- A more developed student center closer to those found at major universities to create an atmosphere for greater interaction between people attending the college.
- Many of the teachers -- never available, horrible teaching methods, swearing at students which is totally unprofessional, horrible communication skills.
- I think Harper should focus more on the transferring student.
- I don't like those geese hanging out in the campus.
- More information to community on services and quality education available at Harper. Statistics on ranking of school, students served, honors program, education is for people of all ages.
- The computer situation - let people know about them and give them limited instruction using them such as a 30-minute instruction period -- and get more of them!
- Better night-time faculty. It is a must because the many instructors I had were only part time and thus less demanding of the students.
- Putting more lighting from classes taken at night for students walking across parking lots of more public safety personnel.

Comments When Asked What Students Would Like to See Changed (continued)

- I prefer a more challenging academic environment, but I think Harper services the needs of the community fairly well. It is conservative but is a bit annoying as well.
- Night classes that start later in the evening 7:00 - 7:30 p.m.
- Strongly suggest that the school never change Chemistry Dept. but major changes are needed in physics.
- Change the core requirements so that they would be a broader range of fields.
- Some of the teachers ethics/values were lacking - had their own agenda with little consideration for the needs of the student.
- Expand the library!
- Fill in the ponds and make them parking lots - lower tuition.
- Greater advertising about job placement/career planning. This is the first I heard of it from this survey.
- Make the Bookstore larger - more easily accessible.
- Nursing students compete with Dental Hygiene students for micro and other sciences.
- Working in Admissions Office and during registration not very helpful and always acted as you were putting them out.
- Counselors should get the correct information
- Grade transcripts not sent on time to ISU.
- The attitudes of the people in the Financial Aid Office.
- Decrease the tuition for international students
- The non-social atmosphere.
- The tutoring center
- More personal lectures offered for community, something compared to what Lutheran General has - talks each month on a different personal subject - self-esteem, eating disorders, relationships, etc.
- Evaluation forms for classes should be filled out for the Art Department just as in other classes.

APPENDIX

Survey Instrument

- With Cover Letter

William Rainey Harper College
 Office of Planning and Research
 1200 West Algonquin Road
 Palatine, Illinois 60067-7398

Spring 1992

Dear Alumnus:

We are following every alumnus (48 credit hours or more) of Harper College, and we would like to know what you are now doing and your evaluation of Harper. We would like to secure this information again in three and five years after you leave Harper College.

In order for Harper properly to evaluate itself and maintain itself as a quality institution, it is essential that the College have good information on former students. Any information you supply will be kept strictly confidential and will be used only in combination with responses from other students. The number on the survey enables us to take your name off the mailing list when your completed response is received. This saves the cost of unnecessary mailings and saves you the bother of receiving a second copy of the survey in addition to a follow-up telephone call.

We greatly appreciate your response to this questionnaire. When you have completed the survey, please fold booklet with Harper College return address on the outside, staple or tape closed, and mail.

Very truly yours,

John A. Lucas

John A. Lucas, Director
 Office of Planning and
 Institutional Research

This number identifies you. When we receive your completed survey, we will remove your name from the mailing list so you will not be bothered with a second mailing of this survey or a follow-up telephone call.

Harper College Alumni Follow-Up Questionnaire

Please give a permanent address where you can always be reached:

Name _____ Soc. Sec. # _____

Address _____ Telephone _____

This questionnaire contains the following sections:

General Status, Employment, Present Education and Evaluation of your experience at Harper College.

Read the following items carefully and for each make a (✓) on the line beside the most appropriate alternative. Mark **ONLY ONE** alternative per item unless otherwise stated.

General Status

1. Major field while at Harper

- A. Architecture
- B. Art
- C. Biological Science
- D. Business
- E. Communications
- F. Education
- G. Engineering
- H. Humanities and Liberal Arts
- I. Mathematics
- J. Music
- K. Physical Education and Recreation
- L. Physical Science
- M. Pre-Law
- N. Pre-Medical
- O. Psychology
- P. Other Social Science
- Q. Undecided

2. What is your present status?

- A. I am employed full time but am not enrolled in college.
- B. I am employed full time and am enrolled in college part time.
- C. I am employed full time and am enrolled in college full time.
- D. I am enrolled in college full time and am employed part time.
- E. I am enrolled in college full time but am not employed.
- F. I am enrolled in college part time and employed part time.
- G. I am employed part time but am not enrolled in college.
- H. I am enrolled in college part time but not employed.
- I. I am in the Armed Forces.
- J. I am unemployed and not enrolled in college but am seeking employment.
- K. I am a homemaker not employed nor enrolled in college.
- L. I am not employed nor enrolled in college for some reason such as illness or in transition, etc.

3. What are your present educational goals?

- A. I am presently enrolled full time in a college or university. (This includes Harper)
- B. I am presently enrolled part time in a college or university. (This includes Harper)
- C. I plan within the next year to return to college.
- D. I plan to return to college some day.
- E. I am presently enrolled in a specific training program.
- F. I have no plans at present to continue my education.
- G. My education plans are unknown at this point.

4. Did you graduate from Harper? (Mark any degree earned)

- A. Yes, with AA degree
- B. Yes, with AS degree
- C. Yes, with AAS degree
- D. Yes, with ALS degree
- E. Yes, with this combination of degrees _____
- F. Yes, with certificate
- G. No

5. If you did not receive a degree from Harper, indicate why you did not.

- A. I am still enrolled at Harper
- B. I have moved
- C. Family responsibilities
- D. Job demand
- E. New job opportunity
- F. Personal problems
- G. I saw no relationship between the courses and my personal, occupational or educational goals
- H. I have not met all the requirements yet
- I. I had taken all courses I wanted to take
- J. Harper offered no further courses I wanted
- K. My educational goals were not defined
- L. I preferred transferring to another college
- M. I had no interest in obtaining an associate degree
- N. Did not bother to petition
- O. GPA was too low
- P. Financial problems
- Q. Other (specify) _____

Employment

If you are employed full time or part time, please answer the following items:

Name and Address of Employer _____

Job title _____

6. How would you classify your present occupation?

- A. Social or Religious
- B. Educational
- C. Legal, Governmental or Political
- D. Sales
- E. Business or Finance
- F. Scientific
- G. Engineering/Related technology
- H. Retail Store Sales
- I. Unskilled Labor/Custodial
- J. Computer Field

- K. Police/Fire/Security
- L. Communication or Entertainment
- M. Medical Fields
- N. Arts or Humanities
- O. Trades
- P. Factory Semi-Skilled
- Q. Office or Clerical
- R. Food Service
- S. Transportation
- T. Agricultural or Environmental
- U. Other (specify) _____

7. How related is your present job to your major field at Harper?

- A. They are identical
- B. They are closely related
- C. They are somewhat related
- D. They are not related

8. Which of the following items best describes your employment status?

- A. Unskilled labor
- B. Semi-skilled labor
- C. Technician, skilled labor or foreman
- D. Beginning professional
- E. Experienced professional or second line supervision
- F. Creative scientist or researcher or upper middle management
- G. Vice president level or higher

9. If your present job is part time, indicate why. Check (✓) one.

- A. I prefer to work part-time.
- B. I could not find a full-time job in my field and a part-time job is the only way I could work in my field.
- C. I could not find any full-time job and this part-time job was my next best alternative.
- D. This part-time job is temporary while I attend college or am in a transitional part of my life.
- E. Other reason why I am working part time -- (specify)

10. If you are employed full time, please check (✓) your annual salary.

- A. Under \$7,000 per year or \$3.36 per hour
- B. \$ 7,000-\$ 9,999 per year or \$ 3.37-4.80 per hour
- C. \$10,000-\$14,999 per year or \$ 4.81-7.20 per hour
- D. \$15,000-\$19,999 per year or \$ 7.21-9.61 per hour
- E. \$20,000-\$24,999 per year or \$ 9.62-12.02 per hour
- F. \$25,000-\$29,999 per year or \$12.03-14.42 per hour
- G. \$30,000-\$39,999 per year or \$14.43-19.22 per hour
- H. \$40,000-\$49,999 per year or \$19.23-24.03 per hour
- I. \$50,000-\$59,999 per year or \$24.04-28.84 per hour
- J. Over \$60,000 per year or \$28.85 per hour

11. Where is your job located?

- A. Downtown Chicago
- B. Outer fringes of Chicago city limits
- C. Northwest Suburban Area (Barrington, Hoffman Estates, Schaumburg, Palatine, Rolling Meadows, Arlington Heights, Wheeling, Buffalo Grove, Elk Grove, Mt. Prospect, Prospect Heights)
- D. Other Chicago area suburbs
- E. Within 49-100 miles of Chicago
- F. In Illinois, more than 100 miles from Chicago
- G. Outside of Illinois (specify)

12. How well did Harper prepare you for your job? Check (✓) the appropriate column by each item.

Preparation	Harper Helped Me Considerably	Harper Helped Me Somewhat	Harper Did Not Help Me at All
A. Specific job knowledge	_____	_____	_____
B. Technical job skills	_____	_____	_____
C. Written communication skills	_____	_____	_____
D. Verbal communication skills	_____	_____	_____
E. Person-to-person communication skills	_____	_____	_____
F. Managerial skills	_____	_____	_____
G. Maturity and self-confidence	_____	_____	_____
H. Broadened horizons	_____	_____	_____
I. Other (specify) _____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

13. How did you find your job?

- A. The coordinator of my program helped me find it.
- B. Another faculty member helped.
- C. A friend or relative helped me.
- D. Newspaper ads
- E. Placement Office at Harper
- F. Employment Agency
- G. Placement office at another college or high school
- H. I found my job on my own.

- I. I am working on the same job I had since I first enrolled at Harper.
- J. Another college helped me.
- K. Internship program at Harper
- L. My professional association's placement service
- M. Through temporary employment service
- N. Employer found me.
- O. Found my job through another source.
(specify) _____

Education

14. In which college or university are you enrolled?

- A. Northern Illinois
- B. University of Ill., Chicago
- C. University of Ill., Champaign
- D. Western Illinois
- E. Southern Illinois
- F. Harper
- G. Illinois State
- H. Loyola
- I. Roosevelt
- J. Ill. Institute of Technology
- K. University of Iowa

- L. Columbia College
- M. Bradley
- N. Northeastern Illinois
- O. Marquette
- P. Elmhurst
- Q. DePaul
- R. University of Wis., Madison
- S. Trinity College
- T. Arizona State University
- U. Other (specify) _____

15. Which of the following best describes your status?

- A. Freshman
- B. Sophomore
- C. Junior
- D. Senior
- E. Graduate School
- F. Professional School
- G. Other (specify) _____

16. What is your major field?

- A. Agriculture and Conservation
- B. Architecture
- C. Art
- D. Biological Science
- E. Business
- F. Education
- G. Engineering
- H. English/Literature/Speech
- I. Home Economics
- J. Humanities and Liberal Arts
- K. Language
- L. Law
- M. Mathematics

- N. Medical Field
- O. Music
- P. Physical Education and Recreation
- Q. Physical Science
- R. Psychology
- S. Other Social Science
- T. Journalism
- U. Computer Science
- V. Food Service
- W. Undecided
- X. Other (specify) _____

17. How related is your present major to your major at Harper?

- A. They are identical
- B. They are closely related
- C. They are somewhat related
- D. They are not related

18. What portion of the courses which you took at Harper were you able to transfer? If you do not know for sure, make the best guess you can.

- A. 0-20 percent
- B. 20-40 percent
- C. 40-60 percent
- D. 60-80 percent
- E. 80-90 percent
- F. All but 2 or 3 courses
- G. All but one course
- H. Transferred all courses

19. If all your courses did not transfer, give reasons why. Check (✓) all that apply

- A. Changed majors at Harper or upon transfer
- B. Changed my mind while at Harper about college to which I would transfer
- C. Did not investigate carefully enough the transfer requirements while I was at Harper College
- D. Was given misleading transfer information while at Harper
- E. Other (specify) _____

20. What is your approximate cumulative grade point average on a 4.0 basis at the college you now attend? Check (✓) the closest GPA.

- | | | | | |
|---------------------------------|--|------------------------------|------------------------------|------------------------------|
| A. <input type="checkbox"/> 4.0 | <input type="checkbox"/> 3.8 | <input type="checkbox"/> 3.6 | <input type="checkbox"/> 3.4 | <input type="checkbox"/> 3.2 |
| B. <input type="checkbox"/> 3.0 | <input type="checkbox"/> 2.8 | <input type="checkbox"/> 2.6 | <input type="checkbox"/> 2.4 | <input type="checkbox"/> 2.2 |
| C. <input type="checkbox"/> 2.0 | <input type="checkbox"/> 1.8 | <input type="checkbox"/> 1.6 | <input type="checkbox"/> 1.4 | <input type="checkbox"/> 1.2 |
| D. <input type="checkbox"/> 1.0 | <input type="checkbox"/> Less than 1.0 | | | |

22. How much does it cost you (or your family) per year for you to attend your present college? Include tuition, books, room and board, and personal expenses. Check (✓) one.

- | | |
|---|---|
| <input type="checkbox"/> A. Less than \$500 | <input type="checkbox"/> I. \$ 5,000-\$6,000 |
| <input type="checkbox"/> B. \$ 500-\$1,000 | <input type="checkbox"/> J. \$ 6,000-\$7,000 |
| <input type="checkbox"/> C. \$1,000-\$1,500 | <input type="checkbox"/> K. \$ 7,000-\$8,000 |
| <input type="checkbox"/> D. \$1,500-\$2,000 | <input type="checkbox"/> L. \$ 8,000-\$10,000 |
| <input type="checkbox"/> E. \$2,000-\$2,500 | <input type="checkbox"/> M. \$10,000-\$12,000 |
| <input type="checkbox"/> F. \$2,500-\$3,000 | <input type="checkbox"/> N. \$12,000-\$15,000 |
| <input type="checkbox"/> G. \$3,000-\$4,000 | <input type="checkbox"/> O. \$15,000-\$20,000 |
| <input type="checkbox"/> H. \$4,000-\$5,000 | <input type="checkbox"/> P. over \$20,000 |

21. At your present college, have you participated in any honors programs or honor society which you feel are of benefit to you and perhaps should be offered at Harper? If so, please describe _____

Did anything that happened to you at Harper make the transfer to your present college easier or more difficult? If so, please describe. _____

Evaluation Items

23. Please note the following aspects of college as you knew them while at Harper College. Place the appropriate number on the blank preceding the aspect for both Harper and your present college.

- | | |
|-------------|-----------------------------|
| 1-Excellent | 4-Borderline effectiveness |
| 2-Very good | 5-Poor or ineffective |
| 3-Average | 6-Did not use |
| | 7-Unaware of such a service |

- E. I had trouble getting most of the material I needed. (Explain) _____
- F. Other _____

Academic Computer Usage

27. Have you ever used a computer terminal or a microcomputer at Harper in conjunction with a course? Check (✓) one.

- A. Yes - often
- B. Yes - a few times
- C. No - never

28. If you have used a micro or terminals, check (✓) the location you have used.

- | | |
|--|--|
| <input type="checkbox"/> A. Mainframe terminals in Building I | <input type="checkbox"/> H. Microcomputer lab(s) in Northeast Center |
| <input type="checkbox"/> B. Word processing micros in Building I | <input type="checkbox"/> I. CAD/CAM Center in Building H |
| <input type="checkbox"/> C. Micro lab in Building I | <input type="checkbox"/> J. Other CAD related lab in Building H |
| <input type="checkbox"/> D. Micro lab in Building J | <input type="checkbox"/> K. Microcomputers in Building C |
| <input type="checkbox"/> E. Instructional computer terminals in Building D | <input type="checkbox"/> L. Microcomputers in Building F |
| <input type="checkbox"/> F. Microcomputers in Building D | <input type="checkbox"/> M. Microcomputers elsewhere (specify) _____ |
| <input type="checkbox"/> G. Microcomputers in Building A | |

29. In which courses have you used microcomputers or computer terminals? Check (✓) all those that are appropriate.

- A. Data Processing
- B. Physics
- C. Chemistry
- D. Word Processing
- E. Math or Statistics
- F. Engineering Tech
- G. Electronics
- H. Music
- I. Art
- J. Other (specify) _____

30. Have you had any problems using or getting access to the microcomputers or computer terminals while at Harper College?

- A. No
- B. Yes (specify type of problem) _____
- _____

31. Has using the computer or the terminals helped you in your present situation?

- A. Yes, it has helped me (explain) _____
- B. No, it has not helped me (explain) _____
- C. I did not use the computer or terminals at Harper.

Student Goals and Services

32. How many times did you change your educational or vocational goals as a result of attending Harper?

- A. More than one major change
- B. One major change
- C. Made only minor change(s)
- D. I am not sure I made a change
- E. Never

33. Also, if you made changes, check (✓) what services you used.

- A. Counseling
- B. Career Library
- C. Placement Office
- D. Talk with faculty
- E. Talk with friends or relatives
- F. Specific course helped me
- G. Career Center

H. Magazine articles and job opportunity ads

- I. I made decision all by myself without help
- J. Four-year college literature and catalogs
- K. Other (specify) _____

34. Did you use academic advising services at Harper in making your educational plans? Check (✓) one.

- A. Yes
- B. No

If Yes, was the advising received from a counselor helpful?

- C. Yes (explain) _____
- D. No (explain) _____
