FOREWORD

Our ability to control records has not kept pace with our ability to create them. We use typewriters that give us multiple copies, duplicating machines that turn out reams of copies in a day, and data processing equipment that produces tremendous quantities of paper in the form of listings and reports. These developments have accelerated the accumulation of records and highlighted the need to provide for their systematic disposition when they have outlived their usefulness.

To meet this need, a State Task Force was formed in September 1971 to develop effective techniques for the retention and disposition of Maryland public school records. This reference manual documents the results of the task force's efforts and represents the first step of an ongoing program to standardize records management procedures among the local education agencies of the State of Maryland. In order to make this program a success, it is essential that each local education agency designate an official to coordinate the implementation of the procedures outlined in this manual.

My appreciation goes to the State Task Force on Records Retention and Disposition for its assistance in the preparation of this manual, to the staff of the Maryland Hall of Records for their guidance, and to local superintendents for their cooperation.

SECTION 1. INTRODUCTION

The purpose of this reference manual is to provide guidelines and standards to the Maryland public school systems for the establishment of effective records retention and disposition programs. These guidelines, developed by the State Task Force on Retention and Disposition of Maryland Public School Records, are consistent with the legal requirements imposed by Article 76A, *Public Information*, and Article 54, *Hall of Records*, of the Annotated Code of Maryland. (See Appendix A.)

Records management is a recognized discipline of increasing importance. It is concerned with the creation, maintenance, protection, retention, preservation and disposition of records. The scope of a records management program is illustrated in the diagram below.

Adapted from Table in *THE RECORDS OF A NATION* by H. G. Jones
ATHENEUM, New York 1969

Records retention and disposition management is one aspect of the total program. A records retention schedule is a written plan for records retention and disposition; it identifies the time at which the removal and disposal of records can take place.

This manual contains approved records retention schedules and suggestions for their implementation by each local education agency (LEA). Records management techniques for electronic data processing media, such as punched cards or magnetic tapes or disks, are not discussed in this manual. They will be covered in a supplement to be issued at a later date.

INITIATING REVISIONS TO THE MANUAL

Changes to the contents of this manual require the approval of the Maryland State Department of Education, the Maryland Hall of Records, and the State Board of Public Works. A suggested revision should be forwarded by the LEA official responsible for the local records management program to the Division of Research, Evaluation, and Information Systems of the Maryland State Department of Education. This Division will evaluate the suggestion and will either unilaterally initiate procedures to obtain the required authorization or will reconvene the State Task Force on Records Retention and Disposition of Maryland Public School Records to obtain a consensus before proceeding. (The task force includes representatives from each LEA.)

SECTION 2. THE RECORDS RETENTION SCHEDULE

For the purpose of this manual, all written or printed materials relating to the public school systems of Maryland are categorized as either records or nonrecords.

RECORDS DEFINED

Records include any papers, correspondence, forms, reports, minutes of formal meetings, photographs, films, sound recordings, maps, drawings or other documents regardless of form or characteristics that are made or received by public educational agencies of the State of Maryland in the transaction of public business.

Permanent records are those of enduring administrative, legal, financial, historical (archival) or research value and consequently should be retained indefinitely. They may be active or inactive, but are not disposable.

Disposable records include records which reach a point of inactivity and are of no further administrative, legal, financial or historic value; they may be disposed of after the retention period specified in the records retention schedule has elapsed.

NONRECORDS DEFINED

Nonrecords include extra copies of records and/or copies of books, magazines, newspapers, bulletins, and other library or museum materials made or acquired for reference or exhibition purposes, stocks of publications, acceptance or refusals of invitations or other personal business of public officials. In addition, nonrecord status has been extended to include letters of transmittal, routing slips, temporary administrative materials such as suspense (draft) or convenience copies, and stenographic notes that have been transcribed.

RECORDS RETENTION SCHEDULE DEFINED

The records retention schedule is the authority for the disposition of records. The schedule consists of a list of records, with or without description, and an indication of the length of time (retention period) that must elapse before disposition may take place.

DISPOSITION OF RECORDS

The laws of the State of Maryland require that records be kept a minimum of three years. Schedules for the retention or disposition of records and nonrecords such as appear in the schedule in this manual, must be approved by the Maryland State Department of Education, the Hall of Records, and the Board of Public Works.

REASON FOR INCLUDING NONRECORDS IN RETENTION SCHEDULES

Both records and nonrecords require storage space. Masses of inactive nonrecords create the same problems as quantities of active records. A systematic approach to the retention problem requires the consideration of both types of materials.

STRUCTURE OF THE RECORDS RETENTION SCHEDULE

All completed forms or other documentation prescribed by the Maryland State Department of Education for use by local education agencies are categorized as either records or nonrecords. Each LEA must classify its own locally devised records and other material as either record or nonrecord in accordance with the guidelines and definitions in this manual. To ensure an effective records retention and disposition program, both records and nonrecords must be included in the schedule.

The records retention schedule in this manual is divided into two parts:

Part 1. Records Prescribed or Required by the Maryland State Department of Education (MSDE)

This part of the schedule lists all reports and records prescribed by the Maryland State Department of Education for use by the LEA or for communicating information to MSDE. The records in Part 1 are arranged by the operating unit within MSDE that prescribes the reporting form or to which the LEA sends a particular report or record. Part 1 sets forth the disposition schedule to be implemented by all local education agencies.

Part 2. Records Peculiar to a Specific LEA

Because titles, formats, and contents of records vary among the LEA's, this part of the schedule provides a model to be used by the LEA in constructing its own schedule for disposition of local record and nonrecord material.

SECTION 3. IMPLEMENTING THE RECORDS RETENTION AND DISPOSITION PROGRAM IN THE LEA

Each LEA should designate an official to coordinate the activities relating to records retention and disposition. Responsibilities will include:

1. Developing methods and procedures for implementing the records retention and disposition schedule at the local level.
2. Identifying those records and nonrecords that should be treated as confidential.
3. Formulating a local retention schedule, using Part 2 of the schedule in this manual as a model, and submitting updated schedules biennially to the Assistant State Superintendent, Division of Research, Evaluation, and Information Systems, Maryland State Department of Education.
4. Publicizing the program within the LEA, providing directions for implementing the program, and setting achievable goals for the disposition of the backlog of accumulated inactive records.
5. Developing methods for storing and destroying material.
6. Periodically (at least annually), publicizing the need for school principals and department heads to check existing records and nonrecords against the retention and disposition schedules and to dispose of inactive material according to the provisions of the schedule.
7. Checking to see that the provisions of the schedule are being followed and that the destruction or other disposition of records and nonrecords is properly recorded.
8. Filing CERTIFICATE OF RECORDS DISPOSAL with the Maryland State Department of Education. (See form on page 6.)
9. When necessary, informing MSDE of needed changes to this manual.
10. On request, interpreting the schedules and procedures to LEA personnel.
11. Recommending necessary steps to ensure the preservation of records with long retention periods.
12. Suggesting filing procedures to facilitate disposal of records.
13. Determining the appropriateness of the use of microfilming as a means of conserving space and insuring security of records. (See Section 4, below.)

EXTRA COPIES OF RECORDS

Frequently copies of records are maintained at more than one location within an LEA. One or more copies of a record may be on file at the central office and additional copies kept in the schools. The following guidelines are provided for disposing of extra copies:

1. Designate the location of the "record copy." This will usually be the central office. The disposition of the record copy is governed by the retention schedule in this manual.
2. Identify the other copies as "nonrecord copies." The disposition of the nonrecord copies is governed by the LEA's retention schedule.

GENERAL CONSIDERATIONS

1. No statement in the manual shall be construed to authorize the destruction of records that have been in custody for less than three years or for such other period or condition that may be expressly required.
2. Public school system records or series of records that are subject to audit must be retained until such time as reports of the audit have been received and accepted by the appropriate officials or the retention period has been satisfied, whichever is longer. As some records are subject to more than one audit or are audited by more than one agency, all audit requirements must be satisfied.
3. The records of discontinued schools remain the responsibility of the LEA and are governed by the same schedules as those issued for the records of existing schools.
4. All questions relating to the contents of this manual should be directed in writing to the Assistant State Superintendent, Division of Research, Evaluation, and Information Systems, Maryland State Department of Education.

SECTION 4. PHOTOGRAPHIC AND OTHER REPRODUCTION METHODS

One of the options open to a local education agency to reduce its storage problem and to increase its file security is to microfilm certain of its records, or to use some other approved method of photographing or photocopying. Microfilming can reduce storage requirements well over 90 percent, if original records are destroyed after microfilming.

The original records may be destroyed once they are microfilmed in accordance with standards established by the Maryland Hall of Records. It should be noted that records listed in the schedule as having a "permanent" retention period can be destroyed after microfilming.

The microfilming of all records usually cannot be justified from the standpoint of economy. Records with short retention periods can usually be stored more economically as originals and then destroyed on schedule.

Sample targets, certificates, and other forms and materials suggested by the Hall of Records for use in a microfilming program are included in Appendix B. They may be adapted for local use.

EFFECT OF ORIGINALS; ADMISSION IN EVIDENCE

Photographs, photocopies, or micrographs of any records processed as prescribed, shall have the same force and effect as the originals would have had, and shall be treated as originals for the purpose of their admissibility in evidence. Certified or authenticated copies of such reproductions or enlargements shall be admitted in evidence equally with the original photographs, photocopies, or microphotographs. (From Annotated Code of Maryland, Article 54, Section 11b.)

SECTION 5. PROCEDURES FOR DESTRUCTION OF RECORDS

Records scheduled for destruction should be assigned to the following categories and destroyed as indicated:

1. Confidential records — shred or burn under the supervision of the staff member responsible for the records or his designee.
2. All other records — dispose of as wastepaper, burn or bury (landfill). Supervision is not required.

After records have been destroyed, the CERTIFICATE OF RECORDS DISPOSAL, MSDE Form No. REIS 074-1 (12/72) (See page 6), must be sent in duplicate to the Maryland State Department of Education; Attention: Assistant State Superintendent, Division of Research, Evaluation, and Information Systems.

SECTION 6. TRANSMITTAL OF RECORDS TO THE MARYLAND HALL OF RECORDS

The LEA's will provide suitable storage space for records, except in those rare cases in which records are determined to be of archival quality by the Hall of Records and are accepted for deposit in the State Archives. The Maryland State Record Centers do not have adequate space to accept records from LEA's for storage.

Each LEA is encouraged to preserve and make available for legitimate purposes original copies of documents of local historic significance.

RECORDS RETENTION AND DISPOSITION SCHEDULE

PART I

RECORDS PRESCRIBED BY THE MARYLAND STATE DEPARTMENT OF EDUCATION

RECORDS RETENTION AND DISPOSITION SCHEDULE

The retention schedule for public school records is divided into two parts for the purposes of this manual. Part 1 lists those records prescribed for local education agencies (LEA's) by the Maryland State Department of Education (MSDE). Part 2, when completed at the local level, will list locally devised reports and supportive records. In addition, certain nonrecords may be listed in order to establish minimal retention periods and to simplify disposition procedures for both record and nonrecord materials at the local level. Users of this manual are advised that all public school records, whether generated at the state or local level, are governed by the provisions of state law.

PART 1: Reports and Supportive Records Prescribed by MSDE for LEA's

Records in this part of the retention schedule are listed in a format which includes the form number, if available, the record title or description, whether the record is confidential, the location of the record copy, retention period (years, unless noted) of the record copy, and optional retention period for extra copies, if desired by the LEA.

Part 1 of the schedule may be used immediately by the LEA's for those records listed in the schedule. The LEA's will encounter older MSDE prescribed records which are not listed by title in part 1. In such cases it will be necessary for the LEA to interpret part 1 of the schedule for the purpose of finding similar or related records with a specified retention period which can be assigned to the older record in question. In addition, new records will continue to appear and will require similar management judgement at the local level prior to inclusion in the retention schedule as manual refinement takes place.

Records prescribed for LEA's by MSDE are reflected in the following table of contents for Part 1. For purposes of convenience these records are listed under the MSDE Division and Section most closely related to the reporting requirements.

(A SPECIMEN SCHEDULE)**

RECORDS RETENTION AND DISPOSITION SCHEDULE

PART II: LEA Reports and Supportive Records

Each LEA must construct its own retention and disposition schedule for locally devised reports and other records. A retention period must be assigned in accordance with applicable laws and guidelines provided in this manual. The following is a partial schedule for a hypothetical LEA to serve as a model. When completed the local schedule should replace this model. The initial local schedule and subsequent schedules updated, on a biennial basis, should be filed with the Assistant State Superintendent, Division of Research, Evaluation, and Information Systems, Maryland State Department of Education.

ABBREVIATIONS:

- DE – Duration of employment
- L+ – Life of equipment + _____ years
- NR – Nonrecord
- UA – Three years or until audited, whichever is later

HALL OF RECORDS COMMISSION

§ 1. Membership.

There is hereby created as part of the Department of General Services a Commission to be known as the Hall of Records Commission, which shall be composed of the Secretary of General Services, the State Comptroller, the Chief Judge of the Court of Appeals, the president of the Johns Hopkins University, the president of St. John's College, the president of the

Maryland Historical Society and the president of the board of trustees of the Peabody Institute of Baltimore. The members of said Commission shall serve without compensation. (An. Code, 1951, art. 41, § 148; 1939, art. 41, § 123; 1935, ch. 18, § 87A; 1967, ch. 344, § 4; 1970, ch. 97, § 6.)

Effect of amendment.—The 1970 amendment added “as part of the Department of General Services” and substituted “Secretary of General Services” for “Governor of Maryland.”

§ 2. Supervision and control of Hall of Records; Archivist and other employees; “Land Commissioner” to mean “Archivist.”

(a) *Supervision and control of Hall of Records building.*—The Commission shall have supervision and control of the Hall of Records building and shall have authority to equip and furnish the said building and to preserve and repair the records, documents and archives placed under its supervision, the cost of same to be paid for out of any funds which may hereafter be appropriated for that purpose.

(b) *Archivist and other employees.*—The Commission shall appoint a competent, qualified person, to be known as Archivist, who shall have charge of the active management of the building and its contents; provided that the Commission shall allot and designate a portion of the building for the use of the Land Office. The Commission shall employ such assistants, clerks and other employees as may be necessary for the work of collecting, repairing, indexing, copying, filing and preserving the records, documents, papers, books and other data under the jurisdiction and supervision of the Commission. The Archivist, his assistants, clerks and other employees shall receive such salary or compensation as may be recommended by the Commission and provided in the budget.

(c) *Meaning of “Commissioner of the Land Office” or “Land Commissioner.”*—The words “Commissioner of the Land Office” or “Land Commissioner” as used in this Code shall be construed to mean the Archivist appointed pursuant to subsection (b). (An. Code, 1951, art. 41, § 149; 1939, art. 41, § 124; 1935, ch. 18, § 87B; 1936, Sp. Sess., ch. 81; 1967, ch. 344, §§ 2, 4.)

Works Board not required to use facilities for Land Office in Hall of Records indefinitely.—While this section required the Records Commission to furnish office space for the Land Office in the Hall of Records, so long as the Works Board de-

sired the Land Office to remain in that location, there is absolutely nothing in this statute which requires the Board to use such facilities indefinitely. *Magruder v. Hall of Records Comm'n*, 221 Md. 1, 155 A.2d 899 (1959).

§ 3. Collection of old records, documents, etc.

It shall be the duty of the Commission to have collected old court records, official documents, records, reports, old newspapers, church records, private papers and other historical data pertaining to the history of the Province and State of Maryland from the earliest times, and to have said documents, records and material properly repaired, filed, indexed, preserved and, when deemed desirable, copied and/or edited and pub-

lished; to encourage historical investigation and research in the history of the State. All papers, records, relics and other memorials connected with the early history of Maryland not required for the necessary operations of any other office, shall be under the supervision of and belong to said Commission. (An. Code, 1951, art. 41, § 150; 1939, art. 41, § 125; 1935, ch. 18, § 87C; 1967, ch. 344, § 4.)

§ 4. Seal; rules for governance; acquisitions by gift or purchase.

The Commission shall have power and authority to adopt a seal for its official use and business, to adopt rules for its own governance and to determine the type and character of records, documents, publications and other data which it will accept or receive for safekeeping.

The Commission shall have power to acquire by gift, or to purchase with any funds appropriated or given to it for that purpose, any records, documents, publications or other material which it may deem worthy of preservation. (An. Code, 1951, art. 41, § 151; 1939, art. 41, § 126; 1935, ch. 18, § 87D; 1967, ch. 344, § 4.)

§ 5. Transfer of certain papers, records and documents.

(a) *Papers, records and documents made prior to 1788.* — Papers, records and documents, now in the courthouses of this State, which were made prior to April 28th 1788, the date of the adoption of the Constitution of the United States by the State of Maryland, shall be transferred as soon as practicable after June 1, 1945, to the Hall of Records Commission, which is hereby made the official custodian of such papers, records and documents, with full power to certify the same as provided in § 7. Every clerk of court, register of wills, or other public official, now having custody of said papers, records and documents, is hereby directed to transfer the same to said Hall of Records Commission and upon making such transfer, every such clerk, register of wills or other official is hereby relieved from any duties or responsibilities in connection therewith.

(b) *Records, etc., formerly in custody of Commissioner of Land Office.* — The Hall of Records Commission shall also be the official custodian of all records of the court of chancery, including all ante-Revolution papers formerly in that office, and all other records, books, relics and memorials formerly in the custody of the Commissioner of the Land Office, except warrants, surveys, caveats, patents, and other records relating to proceedings for the issuance of patents. Copies of all items so transferred may be made and certified with the same effect as provided in subsection (a). (An. Code, 1951, art. 41, § 152; 1945, ch. 248; 1967, ch. 344, §§ 2, 4; 1968, ch. 43.)

§ 6. Custody of records of defunct State agencies, etc.

The records of all State agencies, boards and commissions which hereafter are abolished or otherwise cease to function shall be transferred

to the custody of the Hall of Records Commission unless otherwise directed by law. (1956, ch. 79; 1967, ch. 344, § 4.)

§ 7. Officials authorized to turn over certain records.

Every State, county, city, town or other public official in the State in custody of public records or documents is hereby authorized and empowered, in his discretion, to turn over to the Commission and deposit for preservation any original papers, official books, records, documents, files, newspapers, printed books, or portraits, not in current use in his office, and when so surrendered, and accepted by the Commission, copies may be made and certified under the seal of the Commission upon application of any person, which certification shall have the same force and effect as if made by the officer originally in charge of same, and the Commission shall charge for such copies the same fees as such office is allowed by law to charge, which fees shall be accounted for and paid into the State treasury.

Whenever any land records of any court have been turned over to the Commission and deposited with it for preservation and so accepted by it, the Commission is hereby authorized and directed upon the written application of the clerk of the circuit court for any county or the clerk of the Superior Court of Baltimore City and with the written approval of a judge of said court, to make photostatic or photographic reproductions of such land records, the expense thereof to be borne by the Commission; and such photostatic or photographic reproductions, when so made and certified under the seal of the Commissioner, shall be deposited by the Commission in the office of the clerk of the court. Upon said application and said reproduced land records when deposited shall be entitled to the same legal force and effect as the original land records from which such reproductions were made. (An. Code, 1951, art. 41, § 153; 1939, art. 41, § 127; 1935, ch. 18, § 87E; 1945, ch. 896; 1967, ch. 344, § 4.)

As to deposit of copy of municipal code with Hall of Records Commission, see article 23A, § 8B. As to filing with Hall of Records copies of reports of State officers, boards, etc., see article 40, § 53.

§ 8. Destruction of certain records not accepted by Commission; lists thereof.

If the Commission shall decline to accept any original papers, official books, records, documents or files offered to it under the provisions of § 7, then the custodian thereof, with the written approval of the Board of Public Works, is authorized and empowered to destroy the same. After such records are destroyed, the custodian thereof shall file with the Hall of Records a list of all papers, books, documents and files destroyed and a certificate of destruction. Such lists shall be retained in the custody of the Archivist and shall be available at reasonable times to inspection by the members of the public. Nothing in this section shall authorize the

destruction of (a) papers, books, documents or files which have been in custody for a period of less than three years or such other period as may be expressly prescribed by statute, (b) public records expressly required by statute to be maintained permanently, except in those cases where the original record has been photographed, photocopied, or microphotographed in accordance with the provisions of § 11 of this article, provided that the copy or reproduction of the original record be available upon request in the same manner as the original record, (c) permanent books of account, (d) the records of any court of record in this State, (e) the land records recorded by the respective clerks of the circuit court for the several counties and the clerk of the Superior Court of Baltimore City; but old records of which accurate transcriptions have been made and placed in use, under the terms of Article 26, § 17, and the "housekeeping" records or the records of internal management of the offices of clerks of court and registers of wills shall not be considered "records of a court" for the purpose of this section and §§ 9 and 10 and shall be subject to disposal as described above, provided, however, that the books, accounts, and records pertaining to the financial operations of any agency or department, officers, boards and commissions of the State of Maryland, and of all the clerks of courts, registers of wills, and all collectors of the State taxes of the State of Maryland, including the City of Baltimore, insofar as they affect the collection of State taxes, shall not be destroyed until such time as the requirements of Article 19, §§ 29 to 34, inclusive, relating to the audit of such books, accounts and records by the State Auditor, shall have been complied with. (An. Code, 1951, art. 41, § 154; 1941, ch. 325; 1949, ch. 755, § 127A; 1953, ch. 437; 1956, ch. 82; 1967, ch. 344, § 4; 1968, ch. 43.)

§ 9. What constitute records under § 8.

For the purposes of § 8, the following types of material shall not be considered "records": printed books, magazines, newspapers and other library or museum materials made or acquired for reference or exhibition purposes, extra copies of documents preserved only for convenience of reference, stocks of publications, acceptances or refusals of invitations or engagements and other personal business of public officers. From time to time the Hall of Records Commission may further designate categories which may be included within the definition of "nonrecord material." And such nonrecord materials may be disposed of by the custodian when he shall deem them to be no longer necessary for the operation of his office. (An. Code, 1951, art. 41, § 155; 1949, ch. 755, § 127B; 1967, ch. 344, § 4; 1968, ch. 43.)

§ 10. Programs of record management; retention schedules; duties of Commission.

(a) *Programs and schedules.*—It shall be the duty of each State agency to develop a continuing program for the economical and efficient manage-

ment of its records, including the establishment and/or revision of record retention schedules, in order to insure prompt and orderly disposal of records not required by the operations of the agency. Prior to becoming operative all such retention schedules must receive the approval of the Hall of Records Commission, but schedules providing for the destruction of records must also receive the written approval of the Board of Public Works.

(k) *Duties of Commission.*—It shall be the duty of the Hall of Records Commission to further the aforesaid program; to inspect the records and records management practices of all State agencies, boards and commissions; to review proposals for the purchase or rental of record equipment, storage space and services, including the microfilming and photocopying of records, and to make recommendations thereon to the Department of Budget and Procurement or to the Board of Public Works, as appropriate. (An. Code, 1951, art. 41, § 156; 1949, ch. 755, § 127C; 1953, ch. 436; 1957, ch. 344, § 4.)

§ 11. Photographs and other reproductions of records.

(a) *In general.*—Whenever any agency, department, board, or commission of the State of Maryland or of any county or incorporated municipality thereof shall have photographed, photocopied, or microphotographed all or any part of the records kept by it or under its control in a manner and on film or paper that complies with the standard of quality approved for permanent photographic records by the Hall of Records Commission, and whenever such photographs, photocopies, or microphotographs shall be placed in adequately accessible containers and provision made for preserving, examining, and using the same in a manner approved by the Hall of Records Commission, the head of such agency, department, board, or commission may, with the approval of the Archivist of the Hall of Records under the provisions of § 8, of this subtitle, cause the original records from which the photographs, photocopies, or microphotographs have been made, or any part thereof, to be disposed of as the law provides.

(b) *Effect of originals; admission in evidence.*—Photographs, photocopies, or microphotographs of any records photographed, photocopied, or microphotographed as herein provided shall have the same force and effect as the originals thereof would have had, and shall be treated as originals for the purpose of their admissibility in evidence. Certified or authenticated copies of such photographs, photocopies, or microphotographs or enlargements thereof shall be admitted in evidence equally with the original photographs, photocopies, or microphotographs. (An. Code, 1951, art. 41, § 157; 1949, ch. 518, § 127D; 1967, ch. 344, § 4; 1968, ch. 43.)

(c) If the public records requested are in the custody and control of the person to whom application is made but are in active use or in storage, and therefore not available at the time an applicant asks to examine them, the custodian shall forthwith notify the applicant of this fact and shall set forth a date and hour within a reasonable time at which time the record will be available for the exercise of the right given by this article.

(d) All written documents presented to the County Commissioners of Harford County shall be open and available to the press and to the public of Harford County. The attorney for the county and the county director of public information shall disclose the contents of any document publicly

§ 3. Custodian to allow inspection of public records; exceptions; denial of right of inspection of certain records; court order restricting disclosure of records ordinarily open to inspection.

(a) The custodian of any public records shall allow any person the right of inspection of such records or any portion thereof except on one or more of the following grounds or as provided in subsection (b) or (c) of this section:

- (i) Such inspection would be contrary to any State statute;
- (ii) Such inspection would be contrary to any federal statute or regulation issued thereunder having the force and effect of law; or
- (iii) Such inspection is prohibited by rules promulgated by the Supreme Court, or by the order of any court of record.

(b) The custodian may deny the right of inspection of the following records, unless otherwise provided by law, on the ground that disclosure to the applicant would be contrary to the public interest;

(i) Records of investigations conducted by, or of intelligence information or security procedures of, any sheriff, county attorney, city attorney, the Attorney General, police department or any investigatory files compiled for any other law enforcement or prosecution purposes;

(ii) Test questions, scoring keys and other examination data, pertaining to administration of a licensing examination, for employment or academic examination; except that written promotional examinations and the scores or results thereof shall be available for inspection, but not copying or reproduction, by the person in interest after the conducting and grading of any such examination;

(iii) The specific details of bona fide research projects being conducted by a State institution;

(iv) The contents of real estate appraisals made for the State or a political subdivision thereof, relative to the acquisition of property or any interest in property for public use, until such time as title of the property or property interest has passed to the State or political subdivision, except that the contents of such appraisal shall be available to the owner of the property at any time, and except as provided by statute.

(v) Interagency or intraagency memorandums or letters which would not be available by law to a private party in litigation with the agency.

(c) The custodian shall deny the right of inspection of the following records, unless otherwise provided by law:

(i) Medical, psychological, and sociological data on individual persons, exclusive of coroners' autopsy reports;

(viii) School district records containing information relating to the biography, family, physiology, religion, academic achievement and physical or mental ability of any student except to the person in interest or to the officials duly elected and appointed to supervise him.

(ix) Circulation records maintained by public libraries showing personal transactions by those borrowing from them.

(d) If the custodian denies access to any public record, the applicant may request a written statement of the grounds for the denial, which statement shall cite the law or regulation under which access is denied, and it shall be furnished forthwith to the applicant.

(e) Any person denied the right to inspect any record covered by this article may apply to the district court of the district wherein the record is found for any order directing the custodian of such record to show cause why he should not permit the inspection of such record.

(f) If, in the opinion of the official custodian of any public record, disclosure of the contents of said record would do substantial injury to the public interest, notwithstanding the fact that said record might otherwise be available to public inspection, he may apply to the district court of the district in which such record is located for an order permitting him to restrict such disclosure. After hearing, the court may issue such an order upon a finding that disclosure would cause substantial injury to the public interest. The person seeking permission to examine the record shall have notice of said hearing served upon him in the manner provided for service of process by the Rules of Procedure and shall have the right to appear and be heard. (1970, ch. 698; 1971, chs. 421, 611; 1972, ch. 24.)

The 1972 amendment, effective July 1, 1972, substituted "(c)" for "(d)" in the first paragraph of subsection (a).

§ 4. Copies, printouts and photographs of public records.

(a) In all cases in which a person has the right to inspect any public records he may request that he be furnished copies, printouts or photographs for a reasonable fee to be set by the official custodian. Where fees for certified copies or other copies, printouts or photographs of such record are specifically prescribed by law, such specific fees shall apply.

(b) If the custodian does not have the facilities for making copies, printouts or photographs of records which the applicant has the right to inspect, then the applicant shall be granted access to the records for the purpose of making copies, printouts or photographs. The copies, printouts or photographs shall be made while the records are in the possession, custody and control of the custodian and shall be subject to the supervision of such custodian. When practical, they shall be made in the place where the records are kept, but if it is impractical to do so, the custodian may allow arrangements to be made for this purpose. If other facilities are necessary the cost of providing them shall be paid by the person desiring a copy, printout or photograph of the records. The official custodian may establish a reasonable schedule of times for making copies, printouts or photographs and may charge a reasonable fee for the services rendered by him or his deputy in supervising the copying, printing out or photographing as he may charge for furnishing copies under this section. (1970, ch. 698.)
