- Demonstrate ability to adapt methods and strategies to meet the needs of the challenged learner and students' learning styles, both in written plans and performance with small groups of children.
- Integration of language arts (reading, writing, speaking, and listening) in social studies knowledge base when designing learning experiences, and instructional strategies.
- Effective implementation of contextual language arts mini-lessons using practices that reinforce geography, history, economics, government and sociology, (i.e. journal response logs, brainstorming, readers' circle, graphic organizers, author's chair, simulation, role playing).
- Be able to successfully utilize the enactive, iconic and symbolic modes of knowledge acquisition in delivery of social studies instruction with a concept/theme focus.
- Select for field experience, a variety of approaches to teach, reflectively assess effectiveness and based on results, modify or refine lessons.
- Able to use authentic assessment in each of the "Dimensions of Learning" (Marzano) for the teaching unit lessons implemented in the field experience. (Classroom assignment) e.g. rubrics, checklist, rating scales, observation, self-evaluation, performance criteria, portfolio, etc.

After conferences with cooperating teacher, you will determine the theme/concepts for your unit and lesson plans. Utilize as many approaches as is appropriate that are mentioned in text and class discussion. The fifty hours in the classroom should be scheduled across the term so you can try out lessons across both the language arts field and social studies. Further description of recommended/required activities for your classroom experience will be developed in conference with you to highlight your academic subject area specialty and strengths.

All work should be typed and proofread. Assignments turned in after the due date will be lowered by one grade. In-class generated activities must be completed no later than one week from approved extension of due date due to documented emergency sickness/absence, otherwise there will be a loss of points.

Cooperative learning groups are encouraged and often recommended.
