Prepare for the Fair!

Tips for making the Career Fair work for you.

Wednesday, Sept. 16 — TechConnect and Connect2Business
Littlejohn Coliseum from 10 a.m. to 3 p.m.

Before the Fair

Research

- Log on to ClemsonJobLink and use the link on the homepage (Fall TechConnect/Connect2Business 2009 Participants): <http://career.clemson.edu/clemsonjoblink/> to view the employers coming to the fair.
- Pick out your top 5 or 6 companies and research them! Use the link listed on the "Participants" page to view each company's Web site.
- Pick out some key facts to remember about each.

Dress

- If you are wearing a suit (recommended), make sure it is clean and without wrinkles. If you take it to be dry cleaned, make sure you'll get it back in time!
- If you are wearing business casual attire, make sure the clothing is clean, ironed and ready to wear.

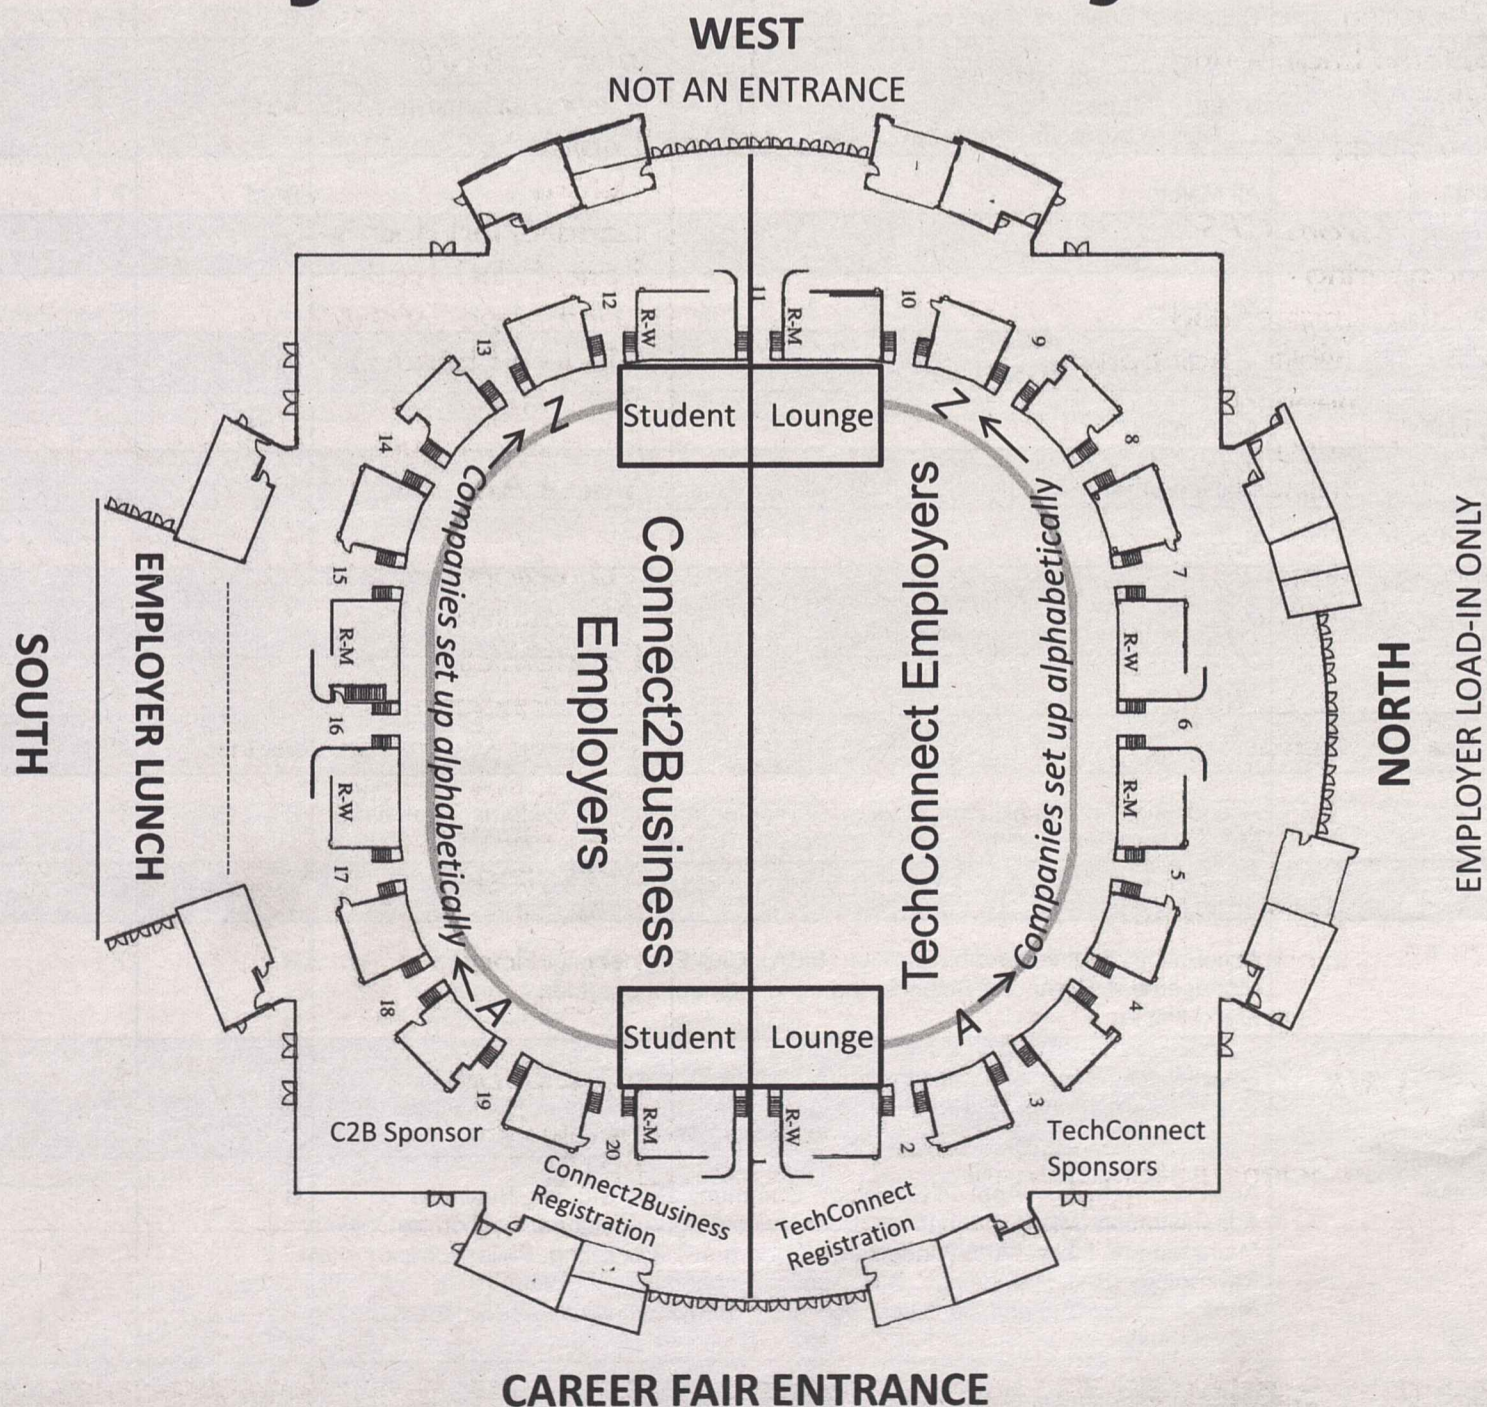

Supplies

- Print out copies of your resumé on high quality, professional paper. Bring enough copies for the companies you plan to see, plus 5 to 10 more.
- Make sure you have a professional binder or padfolio to carry your resúms. This will also serve as a place to put business cards and information sheets a company may hand out.

Rehearse

- Prepare an introduction to present yourself to employers. Make sure you mention your name, major, academic standing and career interests. This introduction should last no more than a minute.
- Be prepared to answer questions from employers about yourself — your experience and your qualifications.
