## PART I—GENERAL HIGHER EDUCATION PROGRAMS

### Higher Education Act of 1965

(P.L. 89-329)

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Higher Education Act of 1965".*

## TITLE I—CONTINUING POSTSECONDARY EDUCATION PROGRAM AND PLANNING

### PART A—COMMISSION ON NATIONAL DEVELOPMENT IN POSTSECONDARY EDUCATION

#### FINDINGS

SEC. 101. The Congress finds—

(1) that institutions of higher education in our Nation and their human and intellectual resources are critical to the future of the American society, and that the Nation's economic potential, its strength and freedom, and the quality of life for all citizens are tied to the quality and extent of higher education available;

(2) that it is the responsibility of the Federal Government, consistent with the rights, duties, and privileges of States and institutions of higher education, to promote—

(A) equality of access to postsecondary education, without regard to age, race, sex, creed, handicap, national origin, geographic location, or economic status;

(B) freedom of choice to students who wish to participate in postsecondary education, to select institutions and programs which meet their needs and abilities;

(C) quality of postsecondary education, including the maintenance and extension of academic freedom, responsibility, and educational diversity;

(D) responsiveness of postsecondary education to rapidly changing social and economic needs; and

(E) the efficient use of resources in postsecondary education, and the optimal allocation of human, physical and financial resources, through efficient planning and management to achieve these goals; and

(3) that demographic, economic, and social changes will require institutions of postsecondary education to adapt to the future needs of individuals and of American society.

ESTABLISHMENT OF THE COMMISSION ON NATIONAL DEVELOPMENT IN  
POSTSECONDARY EDUCATION

SEC. 102. (a) There is established a Commission to be known as the Commission on National Development in Postsecondary Education to review the effectiveness of policies to promote the Federal responsibilities set forth in clauses (A) through (E) of section 101(2).

(b) The Commission shall be composed of twenty-five members as follows:

(1) Nine members shall be appointed by the President of the United States.

(2) Eight of the members shall be appointed by the President pro tempore of the Senate upon the recommendation of the Majority Leader and the Minority Leader.

(3) Eight members shall be appointed by the Speaker of the House of Representatives.

(c)(1) Of each class specified in subsection (b) not more than four members shall be from the same political party, except in the case of the members appointed under clause (1), in which case not more than five members shall be from the same political party. The members of the Commission appointed from private life shall be individuals who by reason of experience or training are especially qualified to serve on the Commission.

(2) In making appointments under subsection (b) of this section the President, the President pro tempore, and the Speaker of the House of Representatives shall give due consideration to the appointment of individuals who, collectively, will provide appropriate representation of institutions of higher education, State agencies responsible for postsecondary education, labor, the business community, and public service.

(d) Any vacancy in the Commission shall not affect its powers but shall be filled in the same manner in which the original appointment was made.

(e) The Commission shall select a Chairman and a Vice Chairman from among its members.

(f) Thirteen members of the Commission shall constitute a quorum for the transaction of business, but the Commission may establish a lesser number as a quorum for the purpose of holding hearings, taking testimony, and receiving evidence.

(g)(1) Members of the Commission who are Members of Congress or officers or employees of the executive branch of the Government shall serve without additional compensation but shall be reimbursed for travel, subsistence and other necessary expenses incurred by them in carrying out the duties of the Commission.

(2) Members of the Commission not otherwise employed by the Federal Government shall receive compensation at a rate equal to the daily rate prescribed for GS-18 of the General Schedule under section 5332 of title 5, United States Code, including traveltime for each day they are engaged in the performance of their duties as members of the Commission and shall be entitled to reimbursement for travel, subsistence, and other necessary expenses incurred by them in carrying out the duties of the Commission.

(20 U.S.C. 1002) Enacted Nov. 8, 1965, P.L. 89-329, sec. 102, 79 Stat. 1219; amended October 12, 1976, P.L. 94-482, sec. 101(b)(1)(A), (b)(1)(B), (b)(1)(C), sec. 101(g)(2), 90 Stat. 2083, 2086; amended October 3, 1980, P.L. 96-374, sec. 101(a), 94 Stat. 1374.

## DUTIES OF THE COMMISSION

SEC. 103. (a) The Commission shall study and investigate the extent to which national policies promote the objectives set forth in clauses (A) through (E) of section 101(2). Such study shall include, but not be limited to, consideration of—

- (1) the extent to which postsecondary educational planning by States and localities and institutions of higher education is designed to identify the future needs of education in American society;
  - (2) the effectiveness of Federal financial assistance to students and institutions of higher education in promoting national development of postsecondary education in the most efficient manner;
  - (3) the physical and financial capacity of institutions of higher education to carry out their mission, including the conduct of basic and applied research in the humanities and scientific and technical fields, and the relationship between institutions of higher education, public agencies, and the private sector in developing the capacity of higher education to promote such research;
  - (4) the human and technical resources currently and prospectively available to institutions of higher education to enable them to address and respond to national and worldwide social and economic forces;
  - (5) the effect of demographic changes on institutions of higher education and their constituent disciplines and professions and the ability of such institutions to meet national needs; and
  - (6) the extent to which Federal student assistance may be used to promote the recruiting of individuals to serve in the Armed Forces and to retain members of the Armed Forces.
- (b) (1) In addition, the Commission shall conduct a study of the remaining barriers to adult postsecondary education which analyzes the characteristics of current or potential adult postsecondary students, the Federal response to the needs of adult postsecondary students, and the ability of educational institutions to respond to the growing postsecondary student population. For the purpose of the study conducted under this subsection, the term "adult postsecondary student" means individuals twenty-two years of age or older.
- (2) In analyzing the characteristics of current or potential adult postsecondary students and the Federal response to their needs, the Commission shall—
- (A) review the extent to which such students are motivated by employment goals, and whether these students seek further education in order to enter the labor force or reenter after an extended absence, advance in a current career, or move from one career to another;
  - (B) analyze the relationship between different employment motivations and sources of financial assistance for education, choice of institution or patterns of participation in postsecondary education;
  - (C) evaluate the extent to which the unavailability or inaccessibility of financial aid sources may prevent educational participation by economically or socially disadvantaged adults,

or otherwise limit their choice of educational focus or intensity of study; and

(D) evaluate the extent to which age represents a barrier to participation in postsecondary education and the potential for greater participation in postsecondary education by individuals age 60 and older.

(3) In analyzing the ability of postsecondary institutions to respond to the potential adult postsecondary student population, the Commission shall, at a minimum—

(A) review the availability of outreach, information, counseling, or supportive service programs, with particular attention to programs serving adults such as homemakers or retirees who are least likely to have access to normal sources of educational information; and

(B) review the availability of alternative methods of evaluating past education credits and experience to promote adult participation in postsecondary education, and the availability of remedial courses for adult students.

(4) The Commission shall coordinate the study conducted under this subsection with the research and demonstration priorities of the National Institute of Education, and such other studies on student financial assistance as are authorized by this Act.

(c) The Commission shall submit to the President and to the Congress such interim reports as it deems advisable and, not later than December 31, 1983, a final report of its study and investigation together with such recommendations, including recommendations for legislation, as the Commission deems advisable.

(d) The Commission shall cease to exist 60 days after the submission of its final report.

(20 U.S.C. 1063) Enacted Nov. 8, 1965, P.L. 89-329, sec. 103, 79 Stat. 1229; amended June 23, 1972, P.L. 92-319, sec. 102(a)(2), 86 Stat. 237; amended October 12, 1976, P.L. 94-483, sec. 101(b)(3), sec. 101(g)(2), 90 Stat. 2084, 2986; amended June 15, 1977, P.L. 95-43, sec. 103(1), 91 Stat. 213; amended October 3, 1980, P.L. 96-374, sec. 101(e), 94 Stat. 1375.

(20 U.S.C. 1005) Enacted Nov. 8, 1965, P.L. 89-329, sec. 105, 79 Stat. 1220; amended Oct. 16, 1968, P.L. 90-575, sec. 202, 82 Stat. 1036; amended October 12, 1976, P.L. 94-482, sec. 101 (b)(4), (b)(5), (b)(6)(A), (b)(6)(B), (b)(6)(C), (b)(7), (b)(8), (b)(9), (b)(10), sec. 101(g)(2), 90 Stat. 2084, 2085; amended June 15, 1977, P.L. 95-43, sec. 1(a)(3), 91 Stat. 213; amended June 15, 1977, P.L. 95-43, sec. 1 (b)(1), (b)(2), 91 Stat. 218; amended October 3, 1980, P.L. 96-374, sec. 101(a), 94 Stat. 1377.

#### PART B—EDUCATION OUTREACH PROGRAMS

##### FINDINGS

SEC. 111. The Congress finds that—

(1) the rapid pace of social, economic, and technological change has created pressing needs for postsecondary educational opportunities for adults in all stages of life;

(2) postsecondary educational opportunities in the United States are traditionally provided for individuals between the ages of eighteen and twenty-two;

(3) many adults are barred from advancement or self-sufficiency by lack of access to, and lack of retention in, postsecondary educational opportunities appropriate to their needs, or by lack of information or support services concerning the availability of postsecondary educational opportunities;

(4) access to postsecondary educational opportunities is severely limited for adults whose educational needs have been inadequately served during youth, or whose age, sex, race, handicap, national origin, rural isolation, or economic circumstance may be a barrier to such opportunities;

(5) with declining population growth rates, the future of postsecondary education in the United States is largely dependent upon its ability to respond to the challenges of new student populations;

(6) service in continuing education will be better achieved through increased emphasis on planning and coordination which more effectively utilizes existing resources of both public and private sectors; and

(7) to meet the unique problems and needs of adults who are disadvantaged in seeking access to postsecondary educational opportunities, resources must be marshalled from a wide range of institutions and groups, including community colleges, community-based educational institutions, business, industry, labor, and other public and private organizations and institutions.

(20 U.S.C. 1011) Enacted October 12, 1976, P.L. 94-482, sec. 101(c), 90 Stat. 2085; amended October 3, 1980, P.L. 96-374, sec. 101(a), 94 Stat. 1377.

#### STATE ALLOTMENTS

SEC. 112. (a)(1) From 90 per centum of the funds appropriated for this part for each fiscal year, the Secretary shall—

(A) allot to each State having an agreement under section 1203 of this Act an amount which bears the same ratio to 60 per centum of such amount as the adult population of that State bears to the adult population of all States, and

(B) allot 40 per centum of such amount to all States having an agreement under section 1203 on an equal basis, except that no State shall receive less than \$187,500 in any such fiscal year. If 90 per centum of the sums appropriated for any fiscal year are insufficient to pay the allotment specified in clauses (A) and (B) of the previous sentence and the exception contained in the previous sentence, the amount of each State's allotment under such clauses (A) and (B) (but not the amount in the exception) shall be ratably reduced. If 90 per centum of the sums appropriated for any fiscal year are insufficient after the application of the previous sentence, the amount of each State's allotment shall be equal. In case additional funds become available in making such payments in any fiscal year during which the second and third sentence of this paragraph are applicable, such reduced amounts shall be increased on the same basis as they were reduced.

(2) Ten per centum of the funds appropriated for this part shall be available for carrying out section 116.

(b) If, in any fiscal year, a State does not wish to conduct comprehensive planning pursuant to section 113, the Secretary shall allot to such State an amount equal to the amount the State would otherwise receive for the conduct of programs of continuing education and information services under this part. The Secretary shall reallocate the funds that would have been used by such State for the conduct of statewide planning under section 113 to all other States having agreements under section 1203. Such reallocations shall be made in proportion to their allotments pursuant to subsection (a).

(20 U.S.C. 1012) Enacted Nov. 8, 1965, P.L. 89-329, sec. 109, 79 Stat. 1223; subsections (d) and (e) repealed April 13, 1970, P.L. 91-320, sec. 401(h) and superseded by Part C of Title IV of P.L. 90-247 as amended; renumbered June 23, 1972, P.L. 92-

318, sec. 102(a)(1), 86 Stat. 236; renumbered, May 3, 1973, P.L. 93-29, sec. 803, 87 Stat. 54; amended August 21, 1974, P.L. 93-380, sec. 831, 88 Stat. 603; renumbered and amended October 12, 1976, P.L. 94-482, sec. 101(e), sec. 101(f)(1)(A) and (f)(1)(B), sec. 1019(g)(2), 90 Stat. 2085, 2086; amended October 3, 1980, P.L. 96-374, sec. 101(a), 94 Stat. 1377.

#### COMPREHENSIVE STATEWIDE PLANNING

SEC. 113. (a)(1) Subject to paragraphs (2) and (3), each State with an agreement pursuant to section 1203 of this Act shall use at least 15 per centum but not to exceed 20 per centum of its allotment for the purpose of conducting comprehensive statewide planning for improving access and retention within the State to postsecondary educational programs for traditional and nontraditional learners, coordinating educational and occupational information and counseling services to youth and adults throughout the State, and promoting more effective and efficient use of available resources for continuing education within the State.

(2) In any fiscal year in which appropriations for this part are equal to or exceed \$18,500,000 but are less than \$24,000,000, each State with an agreement pursuant to section 1203 of this Act shall use at least 10 per centum but not to exceed 15 per centum of its allotment for the purpose described in paragraph (1) of this subsection.

(3) In any fiscal year in which the appropriations for this part are equal to or exceed \$24,000,000, each State having an agreement pursuant to section 1203 of this Act shall use not to exceed 10 per centum of its allotment for the purpose described in paragraph (1) of this subsection.

(b) A State shall submit to the Secretary at the end of each fiscal year for which sums have been received a list of programs assisted under this part, a brief description of the purposes of the programs, and an analysis of the relationship between grants and contracts awarded under this part and comprehensive statewide planning for postsecondary education.

## APPLICATIONS FOR ASSISTANCE

SEC. 341. (a) Any institution which is eligible for assistance under this title may submit to the Secretary an application for assistance at such time, in such form, and containing such information, as may be necessary to enable the Secretary to evaluate its need for assistance. Subject to the availability of appropriations to carry out this title, the Secretary may approve an application for a grant under this title if the application meets the requirements of subsection (b) and shows that the applicant is eligible for assistance in accordance with the part of this title under which the assistance is sought.

(b) An institution, in its application for a grant, shall—

(1) set forth, or describe how it will develop, a comprehensive development plan to strengthen the institution's academic quality and institutional management, and otherwise provide for institutional self-sufficiency and growth (including measurable objectives for the institution and the Secretary to use in monitoring the effectiveness of activities under this title);

(2) set forth policies and procedures to ensure that Federal funds made available under this title for any fiscal year will be used to supplement and, to the extent practical, increase the funds that would otherwise be made available for the purposes of section 311(b) or 321(b), and in no case supplant those funds;

(3) set forth policies and procedures for evaluating the effectiveness in accomplishing the purpose of the activities for which a grant is sought under this title;

(4) provide for such fiscal control and fund accounting procedures as may be necessary to ensure proper disbursement of and accounting for funds made available to the applicant under this title;

(5) provide for making such reports, in such form and containing such information, as the Secretary may require to carry out his functions under this title (including not less than one report annually setting forth the institution's progress toward achieving the objectives for which the funds were awarded), and for keeping such records and affording such access thereto, as the Secretary may find necessary to assure the correctness and verification of such reports;

(6) provide that the institution will comply with the limitations set forth in section 346;

(7) include such other information as the Secretary may prescribe; and

(8) describe in a comprehensive manner any development project for which funds are sought under the application and include—

(A) a description of the various components of the development project, including the estimated time required to complete each such component;

(B) in the case of any development project which consists of several components (as described by the applicant pursuant to subparagraph (A)), a statement identifying those components which, if separately funded, would be sound

investments of Federal funds and those components which would be sound investments of Federal funds only if funded under this title in conjunction with other parts of the development project (as specified by the applicant);

(C) an evaluation by the applicant of the priority given any development project for which funds are sought in relation to any other projects for which funds are sought by the applicant under this title, and a similar evaluation regarding priorities among the components of any single development project (as described by the applicant pursuant to subparagraph (A));

(D) in the case of a request for an award for a period of more than one year, a statement of reasons explaining why funds are necessary for each year of such period and why a single year award would be inadequate;

(E) information explaining the manner in which the development project will assist the applicant to prepare for the critical financial problems that all institutions of higher education will face during the subsequent decade as a result of declining enrollment, increased energy costs, and other problems;

(F) a detailed budget showing the manner in which funds for any development project would be spent by the applicant; and

(G) a detailed description of any activity which involves the expenditure of more than \$25,000, as identified in the budget referred to in subparagraph (F).

#### WAIVER AUTHORITY AND REPORTING REQUIREMENT

SEC. 342. (a)(1) The Secretary may waive the requirements set forth in section 312(2)(A)(ii) or section 322(a)(2)(A)(ii) if the Secretary determines, based on persuasive evidence submitted by the institution, that the institution's failure to meet that criterion is due to factors which, when used in the determination of compliance with such criterion, distort such determination, and that the institution's designation as an eligible institution under part A or as an institution with special needs under part B (as the case may be) is otherwise consistent with the purposes of such parts.

(2) The Secretary shall submit to the Congress each year a report concerning the institutions which, although not satisfying the criterion contained in section 312(2)(A)(ii) or section 322(a)(2)(A)(ii), have been determined to be eligible institutions under part A or institutions with special needs under part B, as the case may be. Such report shall—

(A) identify the factors referred to in paragraph (1) which were considered by the Secretary as factors that distorted the determination of compliance with section 312(2)(A)(ii) or section 322(a)(2)(A)(ii), as the case may be; and

(B) contain a list of each institution determined to be an eligible institution under part A or as an institution with special needs under part B and include a statement of the reasons for each such determination.

(b) The Secretary may waive the requirement set forth in sections 312(2)(v) and 322(a)(2)(v) in the case of an institution—

(1) located on or near an Indian reservation or a substantial population of Indians, if the Secretary determines that the waiver will substantially increase higher education opportunities appropriate to the needs of American Indians;

(2) wherever located, if the Secretary determines that the waiver will substantially increase higher education opportunities appropriate to the needs of Spanish-speaking people;

(3) wherever located, if the Secretary determines that the waiver will substantially increase higher education opportunities appropriate to the needs of individuals living in rural areas, whose needs are for the most part unserved by other postsecondary education institutions;

(4) wherever located, if the Secretary determines that the waiver will substantially increase higher education opportunities appropriate to the needs of low-income individuals; or

(5) wherever located, if the Secretary determines that the institution has traditionally served substantial numbers of black students.

(20 U.S.C. 1067) Enacted October 3, 1980, P.L. 96-374, sec. 301, 94 Stat. 1398.

#### SUBPART 1—BASIC EDUCATIONAL OPPORTUNITY GRANTS<sup>1</sup>

##### BASIC EDUCATIONAL OPPORTUNITY GRANTS: AMOUNT AND DETERMINATIONS; APPLICATIONS

SEC. 411. (a)(1)(A) The Secretary shall, during the period beginning July 1, 1972, and ending September 30, 1985, pay to each eligible student (defined in accordance with section 484) for each academic year during which that student is in attendance at an institution of higher education, as an undergraduate, a basic grant in the amount for which that student is eligible, as determined pursuant to paragraph (2).

(B) The purpose of this subpart is to provide a basic grant that (i) as determined under paragraph (2), will meet in academic year

<sup>1</sup> For special provisions concerning academic years 1983-1984 and 1984-1985, see the Student Financial Assistance Technical Amendment Act of 1982 printed at the end of title IV of this Act.

1985-1986, 70 per centum of a student's cost of attendance not in excess of \$3,700; and (ii) in combination with reasonable parental or independent student contribution and supplemented by the programs authorized under subparts 2 and 3 of this part, will meet 75 per centum of a student's cost of attendance, unless the institution determines that a greater amount of assistance would better serve the purposes of section 401.

(C) Basic grants made under this subpart shall be known as "Pell Grants".

(2)(A)(i) The amount of the basic grant for a student eligible under this part shall be—

- (I) \$1,900 for academic year 1981-1982,
- (II) \$2,100 for academic year 1982-1983,
- (III) \$2,300 for academic year 1983-1984,
- (IV) \$2,500 for academic year 1984-1985, and
- (V) \$2,600 for academic year 1985-1986,

less an amount equal to the amount determined under section 482 to be the expected family contribution with respect to that student for that year.

(ii) In any case where a student attends an institution of higher education on less than a full-time basis during any academic year, the amount of the basic grant to which that student is entitled shall be reduced in proportion to the degree to which that student is not so attending on a full-time basis, in accordance with a schedule of reductions established by the Secretary for the purposes of this division. Such schedule of reductions shall be established by regulation and published in the Federal Register not later than January 1, 1981, October 1, 1981, and on October 1 of each succeeding year.

(B)(i) The amount of a basic grant to which a student is entitled under this subpart for any academic year shall not exceed—

- (I) 50 per centum of the cost of attendance (as defined under section 482(d)) at the institution at which the student is in attendance for that year, when the maximum grant is less than or equal to \$1,900;
- (II) 55 per centum of such cost of attendance when the maximum basic grant is more than \$1,900 but is less than \$2,100;
- (III) 60 per centum of such cost of attendance when the maximum basic grant is at least \$2,100 but is less than \$2,300;
- (IV) 65 per centum of such cost of attendance when the maximum basic grant is at least \$2,300 but is less than \$2,600; and
- (V) 70 per centum of such cost of attendance when the maximum basic grant is \$2,600.

(ii) No basic grant under this subpart shall exceed the difference between the expected family contribution for a student and the cost of attendance at the institution at which that student is in attendance. If with respect to any student, it is determined that the amount of a basic grant plus the amount of the expected family contribution for that student exceeds the cost of attendance for that year, the amount of the basic grant shall be reduced until the combination of expected family contribution and the amount of the basic grant does not exceed the cost of attendance at such institution.

(iii) No basic grant shall be awarded to a student under this subpart if the amount of that grant for that student as determined under this paragraph for any academic year is less than \$200. Pursuant to criteria established by the Secretary by regulation, the institution of higher education at which a student is in attendance may award a basic grant of less than \$200 upon a determination that the amount of the basic grant for that student is less than \$200 because of the requirement of division (i) and that, due to exceptional circumstances, this reduced grant should be made in order to enable the student to benefit from postsecondary education.

(3) The period during which a student may receive basic grants shall be the period required for the completion of the first undergraduate baccalaureate course of study being pursued by that student at the institution at which the student is in attendance. Nothing in this section shall exclude from eligibility courses of study which are noncredit or remedial in nature which are determined by the institution as necessary to help the student be prepared for the pursuit of a first undergraduate baccalaureate degree.

(b)(1) The Secretary shall from time to time set dates by which students must file applications for basic grants under this subpart.

(2) Each student desiring a basic grant for any year must file an application therefor containing such information and assurances as the Secretary may deem necessary to enable him to carry out his functions and responsibilities under this subpart.

(3)(A) Payments under this section shall be made in accordance with regulations promulgated by the Secretary for such purpose, in such manner as will best accomplish the purposes of this section.

(B)(i) If, for any period of any fiscal year, the funds appropriated for payments under this subpart are insufficient to satisfy fully all entitlements, as calculated under subsection (a)(2)(B)(i), the amount paid with respect to each entitlement shall be—

(I) the full amount for any student whose expected family contribution is \$200 or less, or

(II) a percentage of that entitlement, as determined in accordance with a schedule of reductions established by the Secretary for this purpose, for any student whose expected family contribution is more than \$200.

(ii) Any schedule established by the Secretary for the purpose of division (i) of this subparagraph shall contain a single linear reduction formula in which the percentage reduction increases uniformly as the entitlement decreases, and shall provide that if an entitlement is reduced to less than \$100, no payment shall be made.

(4)(A) If, at the end of a fiscal year, the funds available for making payments under this subpart exceed the amount necessary to make the payments required under this subpart to eligible students by 15 per centum or less, then all of excess funds shall remain available for making payments under this subpart during the next succeeding fiscal year.

(B) If, at the end of a fiscal year, the funds available for making payments under this subpart exceed the amount necessary to make the payments required under this subpart to eligible students by more than 15 per centum, then all of such funds shall remain available for making such payments but payments may be made

under this division only with respect to entitlements for that fiscal year.

(5)(A) For any fiscal year ending prior to October 1, 1985, if—

(i) the appropriation for making grants under subpart 2 of this part for that fiscal year does not at least equal \$370,000,000,

no payment may be made in excess of \$1,800 on the basis of entitlements established under this subpart in excess of such amount.

(B) For any fiscal year ending prior to October 1, 1985, if—

(i) the appropriation for making grants under subpart 2 of this part for that fiscal year does not at least equal \$400,000,000,

(ii) the appropriation for State student incentive grants under subpart 3 of this part for that fiscal year does not at least equal \$76,750,000,

## SUBPART 2—SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANTS<sup>1</sup>

### PURPOSE; APPROPRIATIONS AUTHORIZED

SEC. 413A. (a) It is the purpose of this subpart to provide, through institutions of higher education, supplemental grants to assist in making available the benefits of postsecondary education to qualified students who demonstrate financial need in accordance with the provisions of section 482.

(b)(1) For the purpose of enabling the Secretary to make payments to institutions of higher education which have made agreements with the Secretary in accordance with section 413C(b), for use by such institutions for payments to undergraduate students for the initial academic year of a supplemental grant awarded to them under this subpart, there are authorized to be appropriated \$200,000,000 for the fiscal year ending June 30, 1973, and for each of the succeeding fiscal years ending prior to October 1, 1980, and \$350,000,000 for the fiscal year 1981, and for each of the succeeding fiscal years ending prior to October 1, 1985. Funds appropriated pursuant to this paragraph shall be appropriated separate from any funds appropriated pursuant to paragraph (2).

(2) In addition to the sums authorized to be appropriated by paragraph (1), there are authorized to be appropriated such sums as may be necessary for payment to institutions of higher education for use by such institutions for making continuing supplemental grants under this subpart, except that no appropriation may be made pursuant to this paragraph for any fiscal year beginning more than three years after the last fiscal year for which an appropriation is authorized under paragraph (1). Funds appropriated pursuant to this paragraph shall be appropriated separate from any funds appropriated pursuant to paragraph (1).

<sup>1</sup> For special provisions concerning academic years 1983-1984 and 1984-1985, see the Student Financial Assistance Technical Amendment Act of 1982 printed at the end of title IV of this Act.

(3) Sums appropriated pursuant to this subsection for any fiscal year shall be available for payments to institutions until the end of the second fiscal year succeeding the fiscal year for which they were appropriated.

(4) For the purposes of this subsection, payment for the first year of a supplemental grant shall not be considered as an initial year payment if the grant was awarded for the continuing education of a student who—

(A) had been previously awarded a supplemental grant under this subpart (whether by another institution or otherwise), and

(B) had received payment for any year of that supplemental grant.

SEC. 413B. (a)(1) From the funds received by it for such purpose under this subpart, an institution which awards a supplemental grant to a student for an academic year under this subpart shall for each year, pay to that student an amount determined pursuant to paragraph (2).

(2)(A) The amount of the payment to any student pursuant to paragraph (1) shall be equal to the amount determined by the institution, in accordance with the provisions of section 482, to be needed by that student to enable him to pursue a course of study at the institution, except that such amount shall not exceed \$2,000.

(B) If the amount determined under division (i) of subparagraph (A) with respect to a student for any academic year is less than \$200, no payment shall be made to that student for that year. For a student enrolled for less than a full academic year, the minimum payment required shall be reduced proportionately.

(b)(1) The period during which a student may receive supplemental grants shall be the period required for the completion of the first undergraduate baccalaureate course of study being pursued by that student at the institution at which the student is in attendance.

(2) A supplemental grant awarded under this subpart shall entitle the student to whom it is awarded to payments pursuant to such grant only if the student meets the requirements of section 484, except as provided in section 413C(c).

(20 U.S.C. 1070b-1) Enacted June 23, 1972, P.L. 92-318, sec. 131(b)(1), 86 Stat. 252, 253; amended October 3, 1980, P.L. 96-374, sec. 403, 94 Stat. 1405.

SEC. 413C. (a) An individual shall be eligible for the award of a supplemental grant under this subpart by an institution of higher education which, in accordance with section 487, has an agreement with the Secretary applicable to this subpart, if the individual makes application at a time and in a manner consistent with the requirements of the Secretary and that institution, and meets the requirements of section 484.

(b) From among individuals who are eligible for supplemental grants for each fiscal year, the institution shall, in accordance with the agreement under section 487, and within the amount allocated to the institution for that purpose for that year under section 413D(b), select individuals who are to be awarded such grants and determine, in accordance with section 413B, the amounts to be paid to them.

(c) An eligible institution may use not more than 10 per centum of its allocation for less-than-half-time undergraduate students who are determined by the institution to be in need of such grants and who meet the requirements of section 484, other than the requirement of clause (2) of section 484(a).

#### APPORTIONMENT AND ALLOCATION OF FUNDS <sup>1</sup>

SEC. 413D. (a)(1)(A) From 90 per centum of the sums appropriated pursuant to section 413A(b)(1) for any fiscal year, the Secretary shall apportion to each State an amount which bears the same ratio to such sums as the number of undergraduates enrolled full time and the full time equivalent of the number of undergraduates enrolled part time in institutions of higher education in such State bears to the total number of such undergraduates in all States. The remainder of the sums so appropriated shall be apportioned among the States by the Secretary in accordance with equitable criteria which he shall establish and which shall be designed to achieve a distribution of the sums so appropriated among the States which will most effectively carry out the purpose of this subpart, except that where any State's apportionment under the first sentence for a fiscal year is less than its allotment under the first sentence of section 401(b) of this Act for the fiscal year ending June 30, 1972, before he makes any other apportionments under this sentence, the Secretary shall apportion sufficient additional sums to such State under this sentence to make the State's apportionment for that year under this paragraph equal to its allotment for the fiscal year ending June 30, 1972, under such first sentence. Sums apportioned to a State under the preceding sentence shall be consolidated with, and become a part of, its apportionment from the same appropriation under the first sentence of this paragraph.

(B) If the Secretary determines that the sums apportioned to any State under subparagraph (A) for any fiscal year exceed the aggregate of the amounts that he determines to be required under subsection (b) for that fiscal year for institutions of higher education in that State, the Secretary shall reapportion such excess, from time to time, on such date or dates as he shall fix, to other States in such manner as the Secretary determines will best assist in achieving purposes of this subpart.

(2) Sums appropriated pursuant to section 413A(b)(2) for any fiscal year shall be apportioned among the States in such manner

<sup>1</sup>For special provisions concerning academic years 1983-1984 and 1984-1985, see the Student Financial Assistance Technical Amendment Act of 1982 printed at the end of title IV of this Act.

as the Secretary determines will best achieve the purposes for which such sums were appropriated.

(b)(1)(A) The Secretary shall, from time to time, set dates before which institutions in any State must file applications for allocation, to such institutions, of supplemental grant funds from the apportionment to that State (including any reapportionment thereto) for any fiscal year pursuant to subsection (a)(1).

(B)(i) From the sums apportioned (or reapportioned) to any State, the Secretary shall allocate amounts to institutions which have submitted applications pursuant to subparagraph (A).

(ii) Allocations under division (i) by the Secretary to such institutions shall be made in accordance with a formula which determines institutional need for funds under this subpart by subtracting from 75 per centum of total student expenses the sum of expected family or independent student contributions, awards made under subparts 1 and 3 of this part, and 25 per centum of grants and awards made by the institution from its own resources. In addition, the Secretary, in establishing equitable criteria, shall not issue any regulation which has the effect of penalizing institutions that under existing State law must provide scholarships or grant assistance from their own funds and yet are not free under laws in effect on January 1, 1979, either to select the recipients of such assistance or to adjust the criteria by which the recipients are selected. The formula established under this division shall not result in any institution receiving an amount less than—

(I) 100 per centum of the amount such institution received and used under this section for fiscal year 1979 in the case of any fiscal year for which the appropriation for this part is less than \$400,000,000;

(II) 80 per centum of such amount in the case of any fiscal year for which such appropriation is at least \$400,000,000 but less than \$420,000,000;

(III) 60 per centum of such amount in the case of any fiscal year for which such appropriation is at least \$420,000,000 but less than \$440,000,000;

(IV) 40 per centum of such amount in the case of any fiscal year for which such appropriation is at least \$440,000,000 but less than \$460,000,000; or

(V) 20 per centum of such amount in the case of any fiscal year for which such appropriation is at least \$460,000,000 but less than \$480,000,000.

(2) The Secretary shall, in accordance with regulations, allocate to such institutions in any State, from funds apportioned or reapportioned pursuant to subsection (a)(2), funds to be used as the supplemental grants specified in section 413A(b)(2). Such allocation shall be made in accordance with the formula prescribed by regulation under division (ii) of paragraph (1)(B) of this subsection.

(3) Each institution receiving allocations under this subsection from apportionments made to the State under subsection (a)(1) and under subsection (a)(2) may use its allocations for initial supplemental grants and for continuing supplemental grants in such manner as the institution determines will best achieve the purposes of this subpart.

(4) Payments shall be made from allocations under this subsection as needed.

SEC. 415B. (a)(1)(A) From the sums appropriated pursuant to section 415A(b)(1) for any fiscal year, the Secretary shall allot to each State an amount which bears the same ratio to such sums as the number of students in attendance at institutions of higher education in such State bears to the total number of such students in such attendance in all the States, except that no State shall receive less than the State received for fiscal year 1979.

(B) For the purposes of this paragraph, the number of students in attendance at institutions of higher education in a State and in all the States shall be determined by the Secretary for the most recent year for which satisfactory data are available to him.

(2) The amount of any State's allotment under paragraph (1) for any fiscal year which the Secretary determines will not be required for such fiscal year for the State student grant incentive program of that State shall be available for reallocation from time to time, on such dates during such year as the Secretary may fix, to other States in proportion to the original allotments to such States under such part for such year, but with such proportionate amount for any of such States being reduced to the extent it exceeds the sum the Secretary estimates such State needs and will be able to use for such year for carrying out the State plan; and the total of such reductions shall be similarly reallocated among the States whose proportionate amounts were not so reduced. Any amount reallocated to a State under this part during a year from funds appropriated pursuant to section 415A(b)(1) shall be deemed part of its allotment under paragraph (1) for such year.

(b) Subject to the provisions of section 415E, sums appropriated pursuant to section 415A(b)(2) for any fiscal year shall be allotted among the States in such manner as the Secretary determines will best achieve the purposes for which such sums were appropriated.

(b) From a State's allotment under this subpart for any fiscal year the Secretary is authorized to make payments to such State for paying 50 per centum of the amount of student grants pursuant to a State program which—

(1) is administered by a single State agency under section 1203;

(2) provides that such grants will be in amounts not in excess of \$2,000 per academic year for attendance on a full-time basis at an institution of higher education;

(4) provides that, effective with respect to any academic year beginning on or after October 1, 1978, all nonprofit institutions of higher education in the State are eligible to participate in the State program, except in any State in which participation of nonprofit institutions of higher education is in violation of the constitution of the State or in any State in which participation of nonprofit institutions of higher education is in violation of a statute of the State which was enacted prior to October 1, 1978;

(5) provides for the payment of the non-Federal portion of such grants from funds supplied by such State which represent an additional expenditure for such year by such State for grants for students attending institutions of higher education over the amount expended by such State for such grants, if any, during the second fiscal year preceding the fiscal year in which such State initially received funds under this subpart;

(6) provides that institutions of higher education, with the approval of the State agency, may use any proportion of the payments received in any fiscal year for grants to otherwise eligible students who fail to meet the requirement of section 484(a)(2);

(7) provides for State expenditures under such program of an amount not less than the average annual aggregate expenditures for the preceding three fiscal years or the average

annual expenditure per full-time equivalent student for such years; and

(8) provides (A) for such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement of and accounting for Federal funds paid to the State agency under this subpart, and (B) for the making of such reports, in such form and containing such information, as may be reasonably necessary to enable the Secretary to perform his functions under this subpart.

(c) Upon his approval of any application for a payment under this subpart, the Secretary shall reserve from the applicable allotment (including any applicable reallotment) available therefor, the amount of such payment, which (subject to the limits of such allotment or reallotment) shall be equal to the Federal share of the cost of the students incentive grants covered by such application. The Secretary shall pay such reserved amount, in advance or by way of reimbursement, and in such installments as he may determine. The Secretary reservation of any amount under this section may be amended by him, either upon approval of an amendment of the application or upon revision of the estimated cost of the student grants with respect to which such reservation was made, and in the event of an upward revision of such estimated cost approved by him he may reserve the Federal share of the added cost only from the applicable allotment (or reallotment) available at the time of such approval.

(B) that in the administration of the program there is a failure to comply substantially with any such provisions, the Secretary shall notify such State agency that the State will not be regarded as eligible to participate in the program under this subpart until he is satisfied that there is no longer any such failure to comply.

The summons and notice of appeal may be served at any place in the United States. The Com-

Over 5,000 but not over 10,000.....	\$500 for each 100 recipients; plus \$400 for each of 150 recipients in excess of 100; plus \$300 for each of 250 recipients in excess of 250; plus \$200 for each recipient in excess of 500.
Over 10,000.....	\$500 for each of the 100 recipients; plus \$400 for each of 150 recipients in excess of 100; plus \$300 for each of 250 recipients in excess of 250; plus \$200 for each of 500 recipients in excess of 500; plus \$100 for each recipient in excess of 1,000

(ii) In any case where a recipient of a basic grant under subpart 1 attends an institution receiving a cost-of-education payment under this subpart on less than a full-time basis, the amount determined under this subparagraph with respect to the student shall be reduced in proportion to the degree to which that student is not attending on a full-time basis.

(iii) If during any period of any fiscal year the funds available for making payments on the basis of entitlements established under this subparagraph are insufficient to satisfy fully all such entitlements, the amount paid with respect to each such entitlement shall be ratably reduced. When additional funds become available for such purpose, the amount of payment from such additional funds shall be in proportion to the degree to which each such entitlement is unsatisfied by the payments made under the first sentence of this division.

(B)(i) The Secretary shall determine with respect to each institution an amount equal to the appropriate per centum (specified on the table below) of the aggregate of—

- (I) supplemental educational opportunity grants under subpart 2;
  - (II) work-study payments under part C; and
  - (III) loans to students under part E;
- made for such year to students who are in attendance at such institution. The Secretary shall determine such amounts on the basis of percentages of such aggregate, and the number of students in attendance at institutions during the most recent academic year ending prior to such fiscal year, in accordance with the following table:

If the number of students in attendance at the institution is—	The percentage of such aggregate shall be—
Not over 1,000.....	50 per centum.
Over 1,000 but not over 3,000.....	46 per centum.
Over 3,000 but not over 10,000.....	42 per centum.
Over 10,000.....	38 per centum.

(ii) If during any period of any fiscal year the funds available for making payments on the basis of entitlements established under this subparagraph are insufficient to satisfy fully all such entitlements, the amount paid with respect to each such entitlement shall be ratably reduced. When additional funds become available for such purpose, the amount of payment from such additional funds shall be in proportion to the degree to which each such entitlement is unsatisfied by the payments made under the first sentence of this division.

(3)(A) In determining the number of students in attendance at institutions of higher education under this subsection, the Secretary shall compute the full-time equivalent of part-time students.

(B) The Secretary shall make a separate determination of the number of students in attendance at an institution of higher education and the number of recipients of basic grants at any such institution at each branch or separate campus of that institution located in a different community from the principal campus of that institution pursuant to criteria established by him.

(c)(1) An institution of higher education may receive a cost-of-education payment in accordance with this section only upon application therefor. An application under this section shall be submitted at such time or times, in such manner, and containing such information as the Secretary determines necessary to carry out his functions under this title, and shall—

(A) set forth such policies, assurances, and procedures as will insure that—

(i) the funds received by the institution under this section will be used solely to defray instructional expenses in academically related programs of the applicant;

(ii) the funds received by the institution under this section will not be used for a school or department of divinity or for any religious worship or sectarian activity;

(iii) the applicant will expend, during the academic year for which a payment is sought, for all academically related programs of the institution, an amount equal to at least the average amount so expended during the three years preceding the year for which the grant is sought; and

(iv) the applicant will submit to the Secretary such reports as the Secretary may require by regulation; and

(B) contain such other statement of policies, assurances, and procedures as the Secretary may require by regulation in order to protect the financial interests of the United States.

(d)(1) The Secretary shall pay to each institution of higher education for each fiscal year the amount to which it is entitled under this section.

(2) Of the total sums appropriated to make payments on the basis of entitlements established under this section and on the basis of entitlements established part F of title IX—

(A) 45 per centum shall be available for making payments on the basis of entitlements established under paragraph (2)(A) of subsection (a);

(B) 45 per centum shall be available for making payments on the basis of entitlements established under paragraph (2)(B) of subsection (a); and

(C) 10 per centum shall be available for making payments on the basis of entitlement established under part F of title IX.

(3) No payments on the basis of entitlements established under paragraph (2)(A) of subsection (a) may be made during any fiscal year for which the appropriations for making grants under subpart 1 does not equal at least 50 per centum of the appropriation necessary for satisfying the total of all entitlements established under such subpart. In no event shall, during any fiscal year, the aggregate of the payments to which this paragraph applies exceed that percentage of the total entitlements established under such para-

graph (2)(A) which equals the percentage of the total entitlements established under subpart 1 which are satisfied by appropriations for such purpose for that fiscal year.

VETERANS' COST-OF-INSTRUCTION PAYMENTS TO INSTITUTIONS OF  
HIGHER EDUCATION

SEC. 420. (a)(1) During the period beginning July 1, 1972, and ending September 30, 1985, each institution of higher education shall be entitled to a payment under, and in accordance with, this section during any fiscal year if—

(A) the number of persons who are veterans receiving vocational rehabilitation under chapter 31 of title 38, United States Code, or veterans receiving educational assistance under chapter 34 of such title, and who are in attendance as undergraduate students at such institution during any academic year, equals at least—

(i) 110 per centum of the number of such recipients who were in attendance at such institution during the preceding academic year, or

(ii) 10 per centum of the total number of undergraduate students in attendance at such institution during such academic year and if such number does not constitute a per centum of such undergraduate students which is less than such per centum for the preceding academic year; and

(B) the number of such persons is at least 25.

(2) With respect to any academic year ending on or before September 30, 1986, each institution which has qualified for payment under this section for the preceding year shall be entitled during such academic year, notwithstanding the provisions of paragraph (1)(A), to a payment under this section if—

(A) the number of persons referred to in paragraph (1) equals at least the number which bears the same ratio to the number of such recipients who were in attendance at such institution during the first academic year in which the institution was entitled to payments under this section as the number of such recipients in all institutions of higher education during the academic year for which the determination is made bears to the number of such recipients in all institutions of higher education for the first such academic year; or

(B) in the event that subparagraph (A) of this paragraph is not satisfied, the Secretary determines, on the basis of evidence presented by such institution, that such institution is making reasonable efforts, taking into consideration the extent to which the number of persons referred to in such paragraph (1) falls short of meeting the ratio criterion set forth in such subparagraph (A), to continue to recruit, enroll, and provide necessary services to veterans.

(3) For any fiscal year beginning after September 30, 1980, the Secretary may waive the provisions of paragraph (1) of this subsection for any institution of higher education which has qualified for payment under this section for any preceding fiscal year but subsequently became ineligible, if—

(A) the institution would have been eligible had section 420(a)(2) been in effect when such institution became ineligible,

(B) the institution has had a full-time office of veterans' affairs since that institution was so eligible, and

(C) the appropriations made available in any such fiscal year for this section are in excess of (i) \$14,380,000, or (ii) the amount requested for carrying out this section in the budget of the President submitted under section 201 of the Budget and Accounting Act, 1921, whichever is greater, by an amount sufficient to make payments to all institutions meeting the requirements of clauses (A) and (B) of this paragraph.

(b)(1) The amount of the payment to which any institution shall be entitled under this section for any fiscal year shall be—

(A) \$300 for each person who is a veteran receiving vocational rehabilitation under chapter 31 of title 38, United States Code, or a veteran receiving educational assistance under chapter 34 of such title 38, and who is in attendance at such institution as an undergraduate student during such year; and

(B) in addition, \$150 for each person who is in attendance at such institution as an undergraduate student during such year and who has been the recipient of educational assistance under subchapter V or VI of chapter 34 of such title 38, or who has a service-connected disability as defined in section 101(16) of such title 38, or who is disabled, as determined in accordance with regulations promulgated by the Secretary after consultation with the Administrator of Veterans' Affairs.

(2) In any case where a person on behalf of whom a payment is made under this section attends an institution on less than a full-time basis, the amount of the payment on behalf of that person shall be reduced in proportion to the degree to which that person is not attending on a full-time basis. In no case shall a payment be made on behalf of a person who attends an institution on less than a half-time basis.

(c)(1) An institution of higher education shall be eligible to receive the payment to which it is entitled under this section only if it makes application therefor to the Secretary. An application under this section shall be submitted at such time or times, in such manner, in such form and containing such information as the Secretary determines necessary to carry out the functions of the Secretary under this title, and shall—

(A) set forth such policies, assurances, and procedures as will insure that—

(i) the funds received by the institution under this section and available to it after the requirements of subsection (c) have been met will be used solely to defray instructional expenses in academically related programs of the applicant;

(ii) the funds received by the institution under this section will not be used for a school or department of divinity or for any religious worship or sectarian activity;

(iii) the applicant will expend, during the academic year for which a payment is sought, for all academically related programs of the institution, an amount equal to at least the average amount so expended during the three years preceding the year for which the grant is sought; and

(iv) the applicant will submit to the Secretary such reports as the Secretary may require by regulation;

(B) contain such other statement of policies, assurances, and procedures as the Secretary may require by regulation in order to protect the financial interests of the United States; and

(C) set forth such plans, policies, assurances, and procedures as will insure that the applicant will make an adequate effort—

(i) to maintain a full-time office of veterans' affairs which has responsibility for veterans' outreach, recruitment, and special education programs, including the provision of educational, vocational, and personal counseling for veterans;

(ii) to carry out programs designed to prepare educationally disadvantaged veterans for postsecondary education (I) under subchapter V of chapter 34 of title 38, United States Code, and (II) in the case of any institution located near a military installation, under subchapter VI of such chapter 34;

(iii) to carry out active outreach (with special emphasis on service-connected disabled veterans, other disabled or handicapped veterans, incarcerated veterans, and educationally disadvantaged veterans), recruiting, and counseling activities through the use of funds available under federally assisted work-study programs (with special emphasis on the veteran-student services program under section 1685 of such title 38);

(iv) to carry out an active tutorial assistance program (including dissemination of information regarding such program) in order to make maximum use of the benefits available under section 1692 of such title 38, and

(v) to coordinate activities carried out under this part with the readjustment counseling program authorized under section 612A of title 38, United States Code, and with the veterans employment and training initiatives authorized under the Comprehensive Employment and Training Act and under chapters 41 and 42 of title 38, United States Code, in order to assist in serving the readjustment, rehabilitation, personal counseling, and employment needs of veterans.

except that an institution which the Secretary determines, in accordance with regulations jointly prescribed by the Secretary and the Administrator of Veterans' Affairs (hereinafter referred to as the "Administrator"), cannot feasibly itself, in terms of the number of veterans in attendance there, carry out any or all of the programs set forth in subclauses (i) through (v) of clause (C), may carry out such program or programs through a consortium agreement with one or more other institutions of higher education and shall be required to carry out such programs only to the extent that the Secretary determines, in accordance with regulations jointly prescribed by the Secretary and the Administrator, is appropriate in terms of the number of veterans in attendance at such institution. The adequacy of efforts to meet the requirements of clause (C) of this paragraph shall be determined by the Secretary, based upon the recommendations of the Administrator, in accord-

ance with criteria established in regulations jointly prescribed by the Secretary and the Administrator.

(2) The Secretary shall not approve an application under this subsection unless he determines that the applicant will implement the requirements of clause (C) of paragraph (1) within the first academic year during which it receives a payment under this section.

(d)(1) The Secretary shall pay to each institution of higher education which has had an application approved under subsection (c) the amount to which it is entitled under this section.

(2) The maximum amount of payments to any institution of higher education, or any branch thereof which is located in a community which is different from that in which the parent institution thereof is located, in any fiscal year shall be \$75,000. In making payments under this section for any fiscal year, the Secretary shall apportion the appropriation for making such payments, from funds which become available as a result of the limitation on payments set forth in the preceding sentence, in such a manner as will result in the receipt by each institution which is eligible for payment under this section of the first \$9,000 (or the amount of its entitlement for that fiscal year, whichever is the lesser) and then additional amounts up to the limitation set forth in the preceding sentence.

(e) Not less than 90 per centum of the amounts paid to any institution under subsection (d) in any fiscal year shall be used to implement the requirement of clause (C)(i) of paragraph (1) of subsection (c), and to the extent that such funds remain after implementing such requirement, funds limited by such 90 per centum requirement shall be used for implementing the requirements of subclauses (ii) through (v) of clause (C) of such paragraph (1), except that the Secretary may, in accordance with criteria established in regulations jointly prescribed by the Secretary with the Administrator, waive the requirement of this subsection to the extent that he finds that such institution is adequately carrying out all such requirements without the necessity for such application of such amount of the payments received under this subsection.

(f) The Secretary, in carrying out the provisions of this section, shall seek to assure the coordination of programs assisted under this section with programs carried out by the Veterans' Administration pursuant to title 38, United States Code, and the Administrator shall provide all assistance, technical consultation, and information otherwise authorized by law as necessary to promote the maximum effectiveness of the activities and programs assisted under this section.

(g) The program provided for in this section shall be administered by an identifiable administrative unit in the Department of Education.

#### ADVANCES FOR RESERVE FUNDS OF STATE AND NONPROFIT PRIVATE LOAN INSURANCE PROGRAMS

SEC. 422. (a)(1) From sums appropriated pursuant to clauses (3) and (4)(A) of section 421(b), the Secretary is authorized to make advances to any State with which he has made an agreement pursuant to section 428(b) for the purpose of helping to establish or strengthen the reserve fund of the student loan insurance program covered by that agreement. If for any fiscal year a State does not have a student loan insurance program covered by an agreement made pursuant to section 428(b), and the Secretary determines after consultation with the chief executive officer of that State that there is no reasonable likelihood that the State will have such a student loan insurance program for such year, the Secretary may make advances for such year for the same purpose to one or more nonprofit private institutions or organizations with which he has made an agreement pursuant to section 428(b) in order to enable students in the State to participate in a program of student loan insurance covered by such an agreement. The Secretary may make advances under this subsection both to a State program (with which he has such an agreement) and to one or more nonprofit private institutions or organizations (with which he has such an agreement) in that State if he determines that such advances are necessary in order that students in each eligible institution have access through such institution to a student loan insurance program which meets the requirements of section 428(b)(1).

(2) No advance shall be<sup>1</sup> made after June 30, 1968, unless matched by an equal amount from non-Federal sources. Such equal

<sup>1</sup> Should read "be made . . ."

amount may include the unencumbered non-Federal portion of a reserve fund. As used in the preceding sentence, the term "unencumbered non-Federal portion" means the amount (determined as of the time immediately preceding the making of the advance) of the reserve fund less the greater of (A) the sum of (i) advances made under this section prior to July 1, 1968, (ii) an amount equal to twice the amount of advances made under this section after June 30, 1968, and before the advance for purposes of which the determination is made, and (iii) the proceeds of earnings on advances made under this section or (B) any amount which is required to be maintained in such fund pursuant to State law or regulation, or by agreement with lenders, as a reserve against the insurance of outstanding loans.

(3) Advances pursuant to this subsection shall be upon such terms and conditions (including conditions relating to the time or times of payment) consistent with the requirements of section 428(b) as the Secretary determines will best carry out the purposes of this section. Advances made by the Secretary under this subsection shall be repaid within such period as the Secretary may deem to be appropriate in each case in the light of the maturity and solvency of the reserve fund for which the advance was made.

(b)(1) The total of the advances to any State prior to July 1, 1968, pursuant to subsection (a) may not exceed an amount which bears the same ratio to  $2\frac{1}{2}$  per centum of \$700,000,000 as the population of that State aged eighteen to twenty-two, inclusive, bears to the total population of all the States aged eighteen to twenty-two inclusive. The amount available, however, for advances to any State for each fiscal year ending prior to July 1, 1968, shall not be less than \$25,000, and any additional funds needed to meet this requirement shall be derived by proportionately reducing (but not below \$25,000 per year) the amount available for advances to each of the remaining States. Advances to nonprofit private institutions and organizations prior to July 1, 1968, pursuant to subsection (a) may be in such amounts as the Secretary determines will best achieve the purposes for which they are made, except that the sum of (1) advances to such institutions and organizations for the benefit of students in any State plus (2) the amounts advanced to such State, may not exceed the maximum amount which may be advanced to that State pursuant to the first two sentences of this subsection.

(2) The total of the advances from the sums appropriated pursuant to clause (4)(A) of section 421(b) to nonprofit private institutions and organizations for the benefit of students in any State and (B) to such State may not exceed an amount which bears the same ratio to such sums as the population of such State aged eighteen to twenty-two, inclusive, bears to the population of all the States aged eighteen to twenty-two inclusive, but such advances may otherwise be in such amounts as the Secretary determines will best achieve the purposes for which they are made. The amount available, however, for advances to any State shall not be less than \$25,000 and any additional funds needed to meet this requirement shall be derived by proportionately reducing (but not below \$25,000) the amount available for advances to each of the remaining States.

(3) For the purposes of this subsection, the population aged eighteen to twenty-two, inclusive, of each State and of all the States

shall be determined by the Secretary on the basis of the most recent satisfactory data available to him.

(c)(1) From sums appropriated pursuant to section 421(b)(4)(B), the Secretary shall advance to each State which has an agreement with the Secretary under section 428(c) with respect to a student loan insurance program, an amount determined in accordance with paragraph (2) of this subsection to be used for the purpose of making payments under the State's insurance obligations under such program.

(2)(A) Except as provided in subparagraph (B), the amount to be advanced to each such State shall be equal to 10 per centum of the principal amount of loans made by lenders and insured by such agency on those loans on which the first payment of principal became due during the fiscal year immediately preceding the fiscal year in which the advance is made.

(B) The amount of any advance determined according to subparagraph (A) of this paragraph shall be reduced by (i) the amount of any advance or advances made to such State pursuant to this subsection at an earlier date, and (ii) the amount of the unspent balance of the advances made to a State pursuant to subsection (a). Notwithstanding subparagraph (A) and the preceding sentence of this subparagraph, but subject to subparagraph (D) of this paragraph, the amount of any advance to a State described in paragraph (5)(A) for the first year of its eligibility under such paragraph, and the amount of any advance to any State described in paragraph (5)(B) for each year of its eligibility under such paragraph, shall not be less than \$50,000.

(C) For purposes of subparagraph (B) the unspent balance of the advances made to a State pursuant to subsection (a) shall be that portion of the balance of the State's reserve fund (remaining at the time of the State's first request for an advance pursuant to this subsection) which bears the same ratio to such balance as the Federal advances made and not returned by such State, pursuant to subsection (a), bears to the total of all past contributions to such reserve funds from all sources (other than interest on investment of any portion of the reserve fund) contributed since the date such State executed an agreement pursuant to section 428(b).

(D) If the sums appropriated for any fiscal year for paying the amounts determined under subparagraphs (A) and (B) are not sufficient to pay such amounts in full, then such amounts shall be reduced—

(i) by ratably reducing that portion of the amount allocated to each State which exceeds \$50,000; and

(ii) if further reduction is required, by equally reducing the \$50,000 minimum allocation of each State.

If additional sums become available for paying such amounts for any fiscal year during which the preceding sentence has been applied, such reduced amounts shall be increased on the same basis as they were reduced.

(3) The earnings, if any, on any investments of advances received pursuant to this subsection must be used for making payments under the State's insurance obligations.

(4)(A) No repayment of any advances made pursuant to this subsection shall be required until such time as the sum of the advances under this subsection exceeds 20 per centum of the State's

outstanding insurance obligation determined in accordance with subparagraph (B) of this paragraph.

(B) For purposes of this paragraph, a State's outstanding insurance obligation shall be determined by subtracting from the total principal amount of loans insured by the State since it entered into an agreement pursuant to section 428(b), the total principal amount of loans insured by such State which have been fully repaid by the borrower, the State itself, or the Secretary, and loans which have been canceled.

(C) At such time as advances pursuant to this subsection reach the level indicated in subparagraph (A) of this paragraph, the amount of any excess shall be paid over to the Secretary in a lump sum at the beginning of each fiscal year for deposit in the fund established by section 431.

(5) Advances pursuant to this subsection shall be made to a State—

(A) in the case of a State which is actively carrying on a program under an agreement pursuant to section 428(b) which was entered into before the date of enactment of this subsection, upon such date as such State may request, but not before October 1, 1977, and on the same day of each of the two succeeding calendar years after the date so requested; and

(B) in the case of a State which enters into an agreement pursuant to section 428(b) on or after the date of enactment of this subsection or which is not actively carrying on a program under an agreement pursuant to such section on such date, upon such date as such State may request, but not before October 1, 1977, and on the same day of each of the four succeeding calendar years after the date so requested of the advance.

(6)(A) If for any fiscal year a State does not have a student loan insurance program covered by an agreement made pursuant to section 428(b), and the Secretary determines after consultation with the chief executive officer of that State that there is no reasonable likelihood that the State will have such a student loan insurance program for such year, the Secretary may make advances pursuant to this subsection for such year for the same purpose to one or more non-profit private institutions or organizations with which he has made an agreement pursuant to subsection (c), as well as subsection (b), of section 428 and subparagraph (B) of this paragraph in order to enable students in that State to participate in a program of student loan insurance covered by such agreements.

(B) The Secretary may enter into an agreement with private non-profit institution or organization for purposes of this paragraph under which such institution or organization—

(i) agrees to establish within such State at least one office with sufficient staff to handle written and telephone inquiries from students, eligible lenders, and other persons in the State, to encourage maximum commercial lender participation within the State, and to conduct periodic visits to at least the major eligible lenders within the State;

(ii) agrees that its insurance will not be denied any student because of his choice of eligible institutions or the student's lack of need; and

(iii) certifies that it is neither an eligible institution, nor has any substantial affiliation with an eligible institution.

#### EFFECTS OF ADEQUATE NON-FEDERAL PROGRAMS

Sec. 423. (a) Except as provided in subsections (b) and (c), the Secretary shall not issue certificates of insurance under section 429 to lenders in a State if he determines that every eligible institution has reasonable access in that State to a State or private nonprofit student loan insurance program which is covered by an agreement under section 428(b).

(b) The Secretary may issue certificates of insurance under section 429 to a lender in a State—

(1) for insurance of a loan made to a student borrower who does not, by reason of his residence, have access to loan insurance under the loan insurance program of such State (or under any private nonprofit loan insurance program which has received an advance under section 422 for the benefit of students in such State);

(2) for insurance of all the loans made to student borrowers by a lender who satisfies the Secretary that, by reason of the residence of such borrowers, such lender will not have access to any single State or nonprofit private loan insurance program which will insure substantially all of the loans such lender intends to make to such student borrowers, or

(3) under such circumstances as may be approved by the State or nonprofit private institution or organization in such State with which the Secretary has an agreement under section 428(b), for the insurance of a loan to a borrower for whom such lender previously was issued such a certificate if the loan covered by such certificate is not yet repaid.

(c) The Secretary shall not deny, because of any provision of this section, a certificate of insurance under section 429 to any eligible lender which is an eligible institution if such lender has previously executed an agreement with the Secretary pursuant to section 433 of this part, unless the Secretary determines, based upon studies and surveys satisfactory to him, that access to a loan by all eligible students who make an active and diligent effort to obtain a loan under this part will be otherwise available. In order to carry out the provisions of the preceding sentence the Secretary shall periodically assess the availability of loans to eligible students through studies and surveys undertaken by him and through review of properly conducted studies and surveys made available to him.

Sec. 425. (a)(1) The total of loans made to a student in any academic year or its equivalent (as determined by the Secretary) which may be covered by Federal loan insurance under this part may not exceed \$2,500 in the case of a student who has not successfully completed a program of undergraduate education, or \$5,000 in the case of a graduate or professional student (as defined in regulations of the Secretary), except—

(A) that in the case of loans to a student for his first academic year of a program of postsecondary education, and who has not previously enrolled in such a program, which are made by an eligible lender as described in section 435(g)(1)(D) or which are made or originated (as defined in section 433(b)) by an eligible institution, the total of such loans may not exceed the lesser of \$2,500 or 50 per centum of the estimated cost of attendance (calculated in accordance with the provisions of section 428(a)(2)(B)(i)),

(B) that in the case of a loan made or originated (as defined in section 433(b)) by an eligible institution which is made to such a first-year student, the loan may exceed \$1,500 only if it is to be disbursed in two or more installments none of which exceeds one-half of the loan, with the interval between the first and second of such installments being not less than one-third of the period of enrollment for which the student received the loan, and

(C) in cases where the Secretary determines, pursuant to regulations prescribed by him, that a higher amount is warranted in order to carry out the purposes of this part with respect to

students engaged in specialized training requiring exceptionally high cost of education.

The annual insurable limit per student shall not be deemed to be exceeded by a line of credit under which actual payments by the lender to the borrower will not be made in any year in excess of the annual limit. For the purpose of clause (B), all loans made within any period of 90 days shall be considered a single loan.

(2) The aggregate insured unpaid principal amount for all such insured loans made to any student shall not at any time exceed \$12,500 in the case of any student who has not successfully completed a program of undergraduate education, and \$25,000 in the case of any graduate or professional student (as defined by regulations of the Secretary and including any loans which are insured by the Secretary under this part, or by a State or nonprofit institution or organization with which the Secretary has an agreement under section 428(b), made to such person before he became a graduate or professional student), except that the Secretary may increase the limit applicable to graduate or professional students who are pursuing programs which the Secretary determines are exceptionally expensive:

(b)(1)(A) Except as provided in subparagraph (B), the insurance liability on any loan insured by the Secretary under this part shall be 100 per centum of the unpaid balance of the principal amount of the loan plus interest, except that—

(i) if, for any fiscal year, the total amount of payments under section 430 by the Secretary to any eligible lender as described in section 435(g)(1)(D) exceeds 5 per centum of the sum of the loans made by such lender which are insured by the Secretary and which were in repayment at the end of the preceding fiscal year, the insurance liability under this subsection for that portion of such excess which represents loans insured after the applicable date with respect to such loans, as determined under subparagraph (C) shall be equal to 90 per centum of the amount of such portion;

(ii) if, for any fiscal year, the total amount of such payments to such a lender exceeds 9 per centum of such sum, the insurance liability under this subsection for that portion of such excess which represents loans insured after the applicable date with respect to such loans, as determined under subparagraph (c), shall be equal to 80 per centum of the amount of such portion.

(B) Notwithstanding subparagraph (A), the provisions of clauses (i) and (ii) shall not apply to an eligible lender as described in section 435(g)(1)(D) for the fiscal year in which such lender begins to carry on a loan program insured by the Secretary, or for any of the four succeeding fiscal years.

(C) The applicable date with respect to a loan made by an eligible lender as described in section 435(g)(1)(D) shall be—

(i) the 90th day after the adjournment of the next regular session of the appropriate State legislature which convenes after the date of enactment of the Education Amendments of 1967, or

(ii) if the primary source of lending capital for such lender is derived from the sale of bonds, and the constitution of the appropriate State prohibits a pledge of such State's credit as se-

curity against such bonds, the day which is one year after such 90th day.

(2) For the purposes of this subsection, the sum of the loans made by a lender which are insured by the Secretary and which are in repayment shall be the original principal amount of loans made by such lender which are insured by the Secretary reduced by (A) the amount the Secretary has been required to pay to discharge his insurance obligations under this part, (B) the original principal amount of loans insured by the Secretary which have been fully repaid, (C) the original principal amount insured on those loans for which payment of first installment of principal has not become due pursuant to section 427(a)(2)(B) or such first installment need not be paid pursuant to section 427(a)(2) (C), and (D) the original principal amount of loans repaid by the Secretary under section 437.

(3) For the purposes of this subsection, payments by the Secretary under section 430 to an assignee of the lender with respect to a loan shall be deemed payments made to such lender.

(4) The full faith and credit of the United States is pledged to the payment of all amounts which may be required to be paid under the provisions of section 430 or 437 of this part.

(E) provides that the lender will not collect or attempt to collect from the borrower any portion of the interest on the note which is payable by the Secretary under this part, and that the lender will enter into such agreements with the Secretary as may be necessary for the purposes of section 437,

(F) entitles the student borrower to accelerate without penalty repayment of the whole or any part of the loan,

(IV) be subject to amendment prior to the next regular submission of a separate schedule as required by subparagraph (D) only in accordance with division (iv) of this subparagraph.

(ii) If either the Senate or the House of Representatives adopts, prior to October 1, 1981, a resolution of disapproval of the schedule submitted under division (i), such schedule shall not take effect. If such schedule is so disapproved, or if the Secretary does not submit such a schedule by August 15, 1981, then beginning on October 1, 1981, the expected family contribution for purposes of this paragraph shall be determined by the eligible institution in accordance with regulations promulgated under section 411 or 413B, as in effect for the period beginning on July 1, 1981, governing the determination of expected family contribution.

(iii) The method of determining the expected family contribution established under this subparagraph shall remain in effect until superseded by the taking effect of the next schedule submitted in accordance with subparagraph (D) or amended in accordance with division (iv) of this subparagraph.

(iv) Any amendment promulgated by the Secretary to the initial separate schedule established under this subparagraph shall be transmitted to the President of the Senate and the Speaker of the House of Representatives not later than the time of its publication in the Federal Register. If either the Senate or House of Representatives adopts, within 30 legislative days following the publication of such amendment, a resolution of disapproval of such amendment, such amendment shall not take effect.

(F) For the purpose of a student described in clause (ii) of subparagraph (B), the amount of the loan which is qualified for a payment under paragraph (1) is the amount of the need of such student as determined by the eligible institution, except that, if the amount of need is equal to or more than \$500, but is less than \$1,000, the amount of the loan which is qualified for such payment shall be \$1,000.

(3)(A) Except as provided in paragraph (8) and subject to section 438(c), the portion of the interest on a loan which a student is entitled to have paid on his behalf and for his account to the holder of the loan pursuant to paragraph (1) of this subsection shall be equal to the total amount of the interest on the unpaid principal amount of the loan which accrues prior to the beginning of the repayment period of the loan, or which accrues during a period in which principal need not be paid (whether or not such principal is in fact paid) by reason of a provision described in subsection (b)(1)(M) of this section or in section 427(a)(2)(C); but, except as provided in paragraph (8) of this subsection, such portion of the interest on a loan shall not exceed, for any period, the amount of the interest on that loan which is payable by the student after taking into consideration the amount of any interest on that loan which the student is entitled to have paid on his behalf for that period under any State or private loan insurance program. The holder of a loan with

respect to which payments are required to be made under this section shall be deemed to have a contractual right, as against the United States, to receive from the Secretary the portion of interest which has been so determined. The Secretary shall pay this portion of the interest to the holder of the loan on behalf of and for the account of the borrower at such times as may be specified in regulations in force when the applicable agreement entered into pursuant to subsection (b) was made, or, if the loan was made by a State or is insured under a program which is not covered by such an agreement, at such times as may be specified in regulations in force at the time the loan was paid to the student.

(B) If (i) a State student loan insurance program is covered by an agreement under subsection (b), (ii) a statute of such State limits the interest rate on loans insured by such program to a rate which is less than the applicable interest rate under this part, and (iii) the Secretary determines that section 428(d) does not make such statutory limitation inapplicable and that such statutory limitation threatens to impede the carrying out of the purposes of this part, then he may pay an administrative cost allowance to the holder of each loan which is insured under such program and which is made during the period beginning on the sixtieth day after the date of enactment of the Higher Education Amendments of 1968 and ending 120 days after the adjournment of such State's first regular legislative session which adjourns after January 1, 1969. Such administrative cost allowance shall be paid over the term of the loan in an amount per annum (determined by the Secretary) which shall not exceed 1 per centum of the unpaid principal balance of the loan.

(4) Each holder of a loan with respect to which payments of interest are required to be made by the Secretary shall submit to the Secretary, at such time or times and in such manner as he may prescribe, statements containing such information as may be required by or pursuant to regulation for the purpose of enabling the Secretary to determine the amount of the payment which he must make with respect to that loan.

(5) The period referred to in subparagraphs (B) and (C) of paragraph (1) of this subsection shall begin on the date of enactment of this Act and end at the close of September 30, 1983, except that, in the case of a loan made or insured under a student loan or loan insurance program to enable a student who has obtained a prior loan made or insured under such program to continue his education program, such period shall end at the close of September 30, 1990.

(6) No payment may be made under this section with respect to the interest on a loan made from a student loan fund established under title II of the National Defense Education Act of 1959 or part E of this title.

(7) Nothing in this or any other Act shall be construed to prohibit or require, unless otherwise specifically provided by law, a lender to evaluate the total financial situation of a student making application for a loan under this part, or to counsel a student with respect to any such loan, or to make a decision based on such evaluation and counseling with respect to the dollar amount of any such loan.

(8)(A) In the case of any eligible lender (other than an eligible institution or an agency or instrumentality of a State), which is approved by the Secretary pursuant to subparagraph (B) of this paragraph for the purpose of authorizing multiple disbursements and which enters into a binding agreement with a student to make a loan—

(i) for which the student is entitled to have a portion of the interest paid on his behalf under this section, and

(ii) the proceeds of which loan are to be paid to the student in multiple disbursements over the period of enrollment for which the loan is made, but not to exceed twelve months, the amount of the interest payment and the amount of any special allowance payment to be paid under section 438 shall be determined as if the entire amount to be made available for that period of enrollment had been disbursed on the date on which the first installment thereof was disbursed, and any increase in the rate of interest on the loan attributable to such multiple disbursements shall not be deemed to violate any provision of this part relating to the maximum rate of interest on such loan. The provisions of this paragraph shall apply only in the case of loans paid in multiple disbursements, in accordance with regulations of the Secretary, based on the need of the student for the proceeds of such loan over the period of enrollment for which the loan is made.

(B) The Secretary may approve an eligible lender for the purposes of this paragraph if he determines—

(i) that such lender is making or will be making a substantial volume of loans on which an interest subsidy is payable under this section, and

(ii) that such lender has sufficient experience and administrative capability in processing such loans to enable the lender to make such multiple disbursements in accordance with regulations issued by the Secretary under this subparagraph.

(C) If the Secretary has not promulgated regulations pursuant to this paragraph on or before September 30, 1979, all eligible lenders (other than those excluded under subparagraph (A)) shall be deemed approved by the Secretary for purposes of this paragraph.

(b)(1) Any State or any nonprofit private institution or organization may enter into an agreement with the Secretary for the purpose of entitling students who receive loans which are insured under a student loan insurance program of that State, institution, or organization to have made on their behalf the payments provided for in subsection (a) if the Secretary determines that the student loan insurance program—

(A) authorizes the insurance in any academic year or its equivalent (as determined under regulations of the Secretary) if not less than \$1,000 nor more than \$2,500 in the case of a student who has not successfully completed a program of undergraduate education, or \$5,000 in the case of a graduate or professional student (as defined in regulations of the Secretary), except—

(i) that the program may not authorize the insurance of loans which are made by an eligible lender as described in section 435(g)(D) or which are made or originated (as defined in section 433(b)) by an eligible institution to a student for his first academic year of a program of postsec-

ondary education, and who has not previously enrolled in such a program, in an amount in excess of the lesser of \$2,500 or 50 percent of the estimated cost of attendance (calculated in accordance with section 428(a)(2)(C)(i)),

(ii) that the program may not authorize the insurance of a loan in excess of \$1,500 for an academic year which is made or originated (as defined in section 433(b)) by an eligible institution, and is made to such a first-year student unless the loan is to be disbursed in two or more installments, none of which exceeds one-half of the loan, with the interval between the first and second of such installments being not less than one-third of the period of enrollment for which the student received the loan, and

(iii) in cases where the Secretary determines, pursuant to regulations prescribed by him, that a higher amount is warranted in order to carry out the purposes of this part with respect to students engaged in specialized training requiring exceptionally high costs of education,

but the annual insurable limit per student shall not be deemed to be exceeded by a line of credit under which actual payments by the lender to the borrower will not be made in any years in excess of the annual limit, and all loans issued within any period of 90 days shall be considered as a single loan for purposes of division (ii);

(B) provides that the aggregate insured unpaid principal amount for all such insured loans made to any student shall not at any time exceed \$12,500 in the case of any student who has not successfully completed a program of undergraduate education, and \$25,000 in the case of any graduate or professional student (as defined by regulations of the Secretary and including any loans which are insured by the Secretary under this part, or by a State or nonprofit institution or organization with which the Secretary has an agreement under section 428(b), made to such person before he became a graduate or professional student), except that the Secretary may increase the limit applicable to graduate or professional students who are pursuing programs which the Secretary determines are exceptionally expensive;

(C) authorizes the insurance of loans to any individual student for at least six academic years of study or their equivalent (as determined under regulations of the Secretary);

(D) provides that (i) the student borrower shall be entitled to accelerate without penalty the whole or any part of an insured loan, (ii) except as provided in subparagraph (M) of this paragraph, the period of any insured loan may not exceed fifteen years from the date of execution of the note or other written evidence of the loan, and (iii) the note or other written evidence of any loan, may contain such provisions relating to repayment in the event of default by the borrower as may be authorized by regulations of the Secretary in effect at the time such note or written evidence was executed;

(E) subject to subparagraphs (D) and (L) of this paragraph and except as provided by subparagraph (M) of this paragraph, provides that repayment of loans shall be in installments over a period of not less than five years (unless the student, during

the six months preceding the start of the repayment period, specifically requests that repayment be made over a shorter period) nor more than ten years beginning six months after the student ceases to pursue a full-time course of study at an eligible institution, except—

(i) that, if the program provides for the insurance of loans for part-time study at eligible institutions, the program shall provide that such repayment period shall begin not earlier than six months after the student ceases to carry at an eligible institution at least one-half the normal full-time academic workload as determined by the institution;

(ii) that the lender and the student, after the student ceases to carry at an eligible institution at least one-half the normal full-time academic workload, as determined by the institution, may agree to a repayment schedule which begins earlier, or is of shorter duration, than required by this subparagraph, except that in the event a student has requested and obtained a repayment period of less than five years, he may at any time prior to the total repayment of the loan have the repayment period extended so that the total repayment period is not less than five years;

(F) authorizes interest on the unpaid balance of the loan at a yearly rate not in excess of 7 per centum per annum on the unpaid principal balance of the loan (exclusive of any premium for insurance which may be passed on to the borrower), except as otherwise required by section 427A;

(G) insures not less than 80 per centum of the unpaid principal of loans insured under the program;

(H) does not provide for collection of an excessive insurance premium, and insures that the proceeds of the premium will not be used for incentive payments to lenders;

(I) provides that the benefits of the loan insurance program will not be denied any student who is eligible for interest benefits under section 428(a) (1) and (2) except in the case of loans made by an instrumentality of a State or eligible institution;

(J) provides that a student may obtain insurance under the program for a loan for any year of study at an eligible institution;

(K) in the case of a State program, provides that such State program is administered by a single State agency, or by one or more nonprofit private institutions or organizations under supervision of a single State agency;

(L) provides that the total of the payments by a borrower during any year of any repayment period with respect to the aggregate amount of all loans to that borrower which are insured under this part shall not be less than \$600 or the balance of all such loans (together with interest thereon), whichever amount is less, unless the borrower and the lender otherwise agree, except that, in the case of a husband and wife, both of whom have such loans outstanding, the total of the combined payments for such a couple during any year shall not be less than \$600 or the balance of all such loans, whichever is less;

(M) provides that periodic installments of principal need not be paid, but interest shall accrue and be paid during any period (i) during which the borrower is pursuing a full-time course of study at an eligible institution, is pursuing a course of study pursuant to a graduate fellowship program approved by the Secretary, or pursuant to a rehabilitation training program for disabled individuals approved by the Secretary, (ii) not in excess of three years during which the borrower is a member of the Armed Forces of the United States or is an officer in the Commissioned Corps of the Public Health Service, (iii) not in excess of three years during which the borrower is in service as a volunteer under the Peace Corps Act, (iv) not in excess of three years during which the borrower is in service as a full-time volunteer under the Domestic Volunteer Service Act of 1973, (v) not in excess of three years during which the borrower is in service, comparable to the service referred to in clauses (iii) and (iv), as a full-time volunteer for an organization which is exempt from taxation under section 501(c)(3) of the Internal Revenue Code of 1954; (vi) not in excess of two years during which the borrower is serving an internship, the successful completion of which is required in order to receive professional recognition required to begin professional practice or service; (vii) not in excess of three years during which the borrower is temporarily totally disabled, as established by an affidavit of a qualified physician, or during which the borrower is unable to secure employment by reason of the care required by a spouse who is so disabled, or (viii) during a single period, not in excess of twelve months, at the request of the borrower, during which the borrower is seeking and unable to find full-time employment;

(N) provides that in the case of each loan insured by the program that the eligible institution attended by the borrower at the time of the loan will be notified of such insurance and the name of the lender making the loan, and such notification will be made either by (i) the prompt transmittal of such information to the institution by the insurer or the lender, or (ii) a requirement of the insurer, as a condition of its insurance, that the lender shall transmit any checks for the proceeds of such loan directly to the eligible institution for delivery to the borrower;

(O) provides that funds borrowed by a student are disbursed by check payable to the order and requiring the endorsement of such student; and

(P) requires the borrower to promptly notify the holder of the loan concerning any change of address.

(2) Such an agreement shall—

(A) provide that the holder of any such loan will be required to submit to the Secretary, at such time or times and in such manner as he may prescribe, statements containing such information as may be required by or pursuant to regulation for the purpose of enabling the Secretary to determine the amount of the payment which he must make with respect to that loan;

(B) include such other provisions as may be necessary to protect the financial interests of the United States and promote the purposes of this part, including such provisions as may be

necessary for the purpose of section 437, and as are agreed to by the Secretary and the State or nonprofit private institution or organization, as the case may be; and

(C) provide for making such reports, in such form and containing such information as the Secretary may reasonably require to carry out his functions under this part, and for keeping such records and for affording such access thereto as the Secretary may find necessary to assure the correctness and verification of such reports.

(1)(A) The Secretary may enter into a guaranty agreement with any State or any nonprofit private institution or organization with which he has an agreement pursuant to subsection (b), whereby the Secretary shall undertake to reimburse it, under such terms and conditions as he may establish, with respect to losses (resulting from the default of the student borrower) on the unpaid balance of the principal and accrued interest of any insured loan. Except as provided in subparagraph (B) of this paragraph and in paragraph (7), the amount to be paid a State or nonprofit private institution or organization as reimbursement under this subsection shall be equal to 80 per centum of the amount expended by it in discharge of its insurance obligation incurred under its loan insurance program.

(B) Any State or any nonprofit private institution or organization which has entered into a supplementary agreement under section 428A of this Act whereby the Secretary agrees to reimburse the State or nonprofit private institution or organization, under such terms and conditions as he may establish, with respect to losses (resulting from the default of the student borrower) on the unpaid balance of the principal and accrued interest of any such insured loan in an amount equal to 100 per centum of the amount expended by it in the discharge of its insurance obligation incurred under its loan insurance program, except that—

(i) if, for any fiscal year, the amount of such reimbursement payments by the Secretary under this subsection exceeds 5 per centum of the loans which are insured by such institution or organization under such program and which were in repayment at the end of the preceding fiscal year, the amount to be paid as reimbursement under this subsection for such excess shall be equal to 90 per centum of the amount of such excess; and

(ii) if, for any fiscal year, the amount of such reimbursement payments exceed 9 per centum of such loans, the amount to be paid as reimbursement under this subsection for such excess shall be equal to 80 per centum of the amount of such excess.

(C) For purposes of this subsection, the amount of loans of a State or nonprofit private institution or organization which are in repayment shall be the original principal amount of loans made by a lender which are insured by such an institution or organization reduced by (i) the amount the insurer has been required to pay to discharge its insurance obligations under this part, (ii) the original principal amount of loans insured by it which have been fully repaid, and (iii) the original principal amount insured on those loans for which payment of the first installment of principal has not become due pursuant to section 428(b)(1)(E) or such first installment need not be paid pursuant to section 428(b)(1)(M).

## (2) The guaranty agreement

(A) shall set forth such administrative and fiscal procedures as may be necessary to protect the United States from the risk of unreasonable loss thereunder, to insure proper and efficient administration of the loan insurance program, and to assure that due diligence will be exercised in the collection of loans insured under the program;

(B) shall provide for making such reports, in such form and containing such information, as the Secretary may reasonably require to carry out his functions under this subsection, and for keeping such records and for affording such access thereto as the Secretary may find necessary to assure the correctness and verification of such reports;

(C) shall set forth adequate assurance that, with respect to so much of any loan insured under the loan insurance program as may be guaranteed by the Secretary pursuant to this subsection, the undertaking of the Secretary under the guaranty agreement is acceptable in full satisfaction of State law or regulation requiring the maintenance of a reserve;

(D) shall provide that if, after the Secretary has made payment under the guaranty agreement pursuant to paragraph (1) of this subsection with respect to any loan, any payments are made in discharge of the obligation incurred by the borrower with respect to such loan (including any payments of interest accruing on such loan after such payment by the Secretary), there shall be paid over to the Secretary (for deposit in the fund established by section 431) such proportion of the amounts of such payments as is determined (in accordance with paragraph (6)) to represent his equitable share thereof, but shall provide for subrogation of the United States to the rights of any insurance beneficiary only to the extent required for purposes of paragraph (8); *Provided*, That, except as the Secretary may otherwise by or pursuant to regulation provide, amounts so paid by a borrower on such a loan shall be first applied in reduction of principal owing on such loan;

(E) shall set forth adequate assurance that an amount equal to each payment made under paragraph (1) will be promptly deposited in or credited to the accounts maintained for purposes of section 422(c); and

(F) may include such other provisions as may be necessary to promote the purposes of this part.

(3) To the extent provided in regulations of the Secretary, a guaranty agreement under this subsection may contain provisions which permit such forbearance for the benefit of the student borrower as may be agreed upon by the parties to an insured loan and approved by the insurer.

(4) For purposes of this subsection, the terms "insurance beneficiary" and "default" shall have the meanings assigned to them by section 430(c).

(5) In the case of any guaranty agreement with a State or non-profit private institution or organization with which the Secretary has an agreement pursuant to subsection (b) of this section, the Secretary may, in accordance with the terms of this subsection, undertake to guarantee loans described in paragraph (1) which are insured by such State, institution or organization and are outstand-

ing on the date of execution of the guaranty agreement, but only with respect to defaults occurring after the execution of such guaranty agreement or, if later, after its effective date.

(6)(A) For the purpose of paragraph (2)(D) and for the purpose of section 125A(b)(5) the Secretary's equitable share of payments made by the borrower shall be that portion of the payments remaining after the State or the nonprofit private institution or organization with which the Secretary has an agreement under this subsection has deducted from such payments (i) a percentage amount equal to the complement of the reinsurance percentage in effect when payment under the guaranty agreement was made with respect to the loan and (ii) an amount equal to the administrative costs of collection of loans reimbursed under this subsection, the administrative costs of preclaims assistance for default prevention, and the administrative costs of monitoring the enrollment and repayment status of students (as such costs are defined in subparagraph (B) of this subsection), to the extent such costs do not exceed 30 per centum of such payments and have not been reimbursed under subsection (f).

(B) For the purpose of this paragraph, the term

(i) "administrative costs of collection of loans" means any administrative costs incurred by a guaranty agency which are directly related to the collection of the loan on which a default claim has been paid to the participating lender, including the attributable compensation of collection personnel (and in the case of personnel who perform several functions for such an agency only the portion of the compensation attributable to the collection activity), attorney's fees, fees paid to collection agencies, postage, equipment, supplies, telephone and similar charges, but does not include the overhead costs of such agency whether or not attributable;

(ii) "administrative costs of preclaim assistance for default prevention" means any administrative costs incurred by a guaranty agency which are directly related to providing collection assistance to the lender on a delinquent loan, prior to the loan's being legally in a default status, including the attributable compensation of appropriate personnel (and in the case of personnel who perform several functions for such an agency only the portion of compensation attributable to the collection activity), fees paid to locate a missing borrower, postage, equipment, supplies, telephone and similar charges, but does not include the overhead costs of such agency whether or not attributable, and

(iii) "administrative costs of monitoring the enrollment and repayment status of students" means any administrative costs by a guaranty agency which are directly related to ascertaining the student's enrollment status; prompt notification to the lender of such status; an audit of the note agreement to determine if the provisions of that agreement are consistent with the records of the guaranty agency as to the principal amount of the loan guaranteed, and an examination of the note to assure that the repayment provisions are consistent with the provisions of this part;

subject to such additional criteria as the Secretary may by regulation prescribe.

(7)(A) Notwithstanding paragraph (1)(B), the amount to be paid by a State or a nonprofit private institution or organization for a fiscal year—

(i) which begins on or after the effective date of this paragraph; and

(ii) which is either the fiscal year in which such State, institution, or organization begins to actively carry on a student loan insurance program which is subject to a guarantee agreement under subsection (b) of this section, or is one of the four succeeding fiscal years;

shall be 100 per centum of the amount expended by such State, organization, or institution in discharge of its insurance obligation insured under such program.

(B) The Secretary shall continuously monitor the operations of those States and nonprofit private institutions or organizations to which the provisions of subparagraph (A) are applicable and revoke the application of such subparagraph to any such State or nonprofit private institution or organization which he determines has not exercised reasonable prudence in the administration of such program.

(8) If the Secretary determines that the protection of the Federal fiscal interest so requires, a State or nonprofit private institution or organization with which the Secretary has an agreement under subsection (b) shall assign to the Secretary any loan of which it is the holder and for which the Secretary has made a payment pursuant to paragraph (1) of this subsection.

(d) No provision of any law of the United States (other than sections 427(a)(2)(D) and 427(b) of this Act) or of any State (other than a statute applicable principally to such State's student loan insurance program) which limits the rate or amount of interest payable on loans shall apply to a loan—

(1) which bears interest (exclusive of any premium for insurance) on the unpaid principal balance at a rate not in excess of the rate specified in this part; and

(2) which is insured (A) by the United States under this part, or (B) by a State or nonprofit private institution or organization under a program covered by an agreement made pursuant to subsection (b) of this section.

(e) [Repealed August 13, 1981, P.L. 97-35, sec. 537(a)(1), 95 Stat. 456.]

(f) The Secretary is authorized to make payments in accordance with the provisions of this paragraph to any State or any nonprofit private institution or organization with which he has an agreement under subsection (b) of this section, for the purposes of

(A) the administrative cost of promotion of commercial lender participation;

(B) the administrative costs of collection of loans;

(C) the administrative costs of preclaims assistance for default prevention;

(D) the administrative costs of monitoring the enrollment and repayment status of students; or

(E) other such costs related to the student loan insurance program subject to such agreement.

The total amount of payments for any fiscal year made under this paragraph shall not exceed one-half of 1 per centum of the total principal amount of the loans upon which insurance was issued under this part during such fiscal year by such State, or institution or organization. If the sums appropriated for any fiscal year for making payments under this paragraph are not sufficient to pay in full the amounts provided for which such States, institutions, and organizations are eligible, then such amount will be ratably reduced. In case additional funds become available for making payments for any fiscal year during which the preceding sentence has been applied, such reduced amounts shall be increased on the same basis as they were reduced.

(2) The Secretary is authorized to make payments in accordance with the provisions of this paragraph to any State or any nonprofit private institution or organization with which he has a supplemental guaranty agreement under section 428A(a)(2) of this Act for the purposes of—

- (i) the administrative costs of promotion of commercial lender participation;
- (ii) the administrative costs of collection of loans;
- (iii) the administrative costs of preclaims assistance for default prevention;
- (iv) the administrative costs of monitoring the enrollment and repayment status of students; or
- (v) other such costs related to the student loan insurance program subject to such agreement.

The total amount of payments for any fiscal year made under this paragraph shall not exceed an additional one-half of 1 per centum of the total principal amount of the loans upon which insurance was issued under this part during such fiscal year by such State, or institution or organization. If the sums appropriated for any fiscal year for making payments under this paragraph are not sufficient to pay in full the amounts provided for which such States, institutions, and organizations are eligible, then such amount will be ratably reduced. In case additional funds become available for making payments for any fiscal year during which the preceding sentence has been applied, such reduced amounts shall be increased on the same basis as they were reduced.

(3) For the purpose of this subsection, the term—

- (A) "administrative costs of promotion of commercial lender participation" means any administrative costs incurred by an insurer which are directly related to supervising, training, or informing eligible lenders or prospective eligible lenders or inducing such lenders to improve or expand their program participation, and such costs may include (i) the costs of planning and executing instructional seminars and the costs of attending other meetings with lenders; (ii) the costs of obtaining or producing instructional or promotional materials or equipment for distribution to, or use with, lenders; (iii) postage costs associated with the distribution of instructional or promotional materials to lenders; (iv) the costs of providing interest and special allowance computation and billing services to lenders; (v) the amount of non-Federal funds expended by an insurer as incentive payments to lenders to induce them to improve or expand their program participation; (vi) an appropriate share of the

costs of establishing branch offices to serve the needs of lenders which are geographically distant from such insurer's primary business location, and (vii) an appropriate share of the compensation of personnel whose primary responsibility is the training, supervising, or recruiting of lenders; but not including personnel whose primary responsibilities are the performing or supervising such duties as relate to the routine processing of borrower applications for loans or the maintenance of supporting records but in no case shall any such costs include any overhead expenses of such insurer associated with the insurer's primary business location.

(B) "administrative costs of collection of loans" means any administrative costs incurred by a guaranty agency which are directly related to the collection of loans on which default claims have been paid to participating lenders, including the compensation of collection personnel (and in the case of personnel who perform several functions for such an agency only the portion of compensation attributable to collection activities), attorney's fees, fees paid to collection agencies, postage, equipment, supplies, telephone and similar charges; but does not include the overhead costs of such agency.

(C) "administrative costs of preclaim assistance for default prevention" means any administrative costs incurred by a guaranty agency which are directly related to providing collection assistance to lenders on delinquent loans, prior to the loans being legally in a default status, including the compensation of appropriate personnel (and in the case of personnel who perform several functions for such an agency only the portion of compensation attributable to collection activities); fees paid to locate missing borrowers, postage, equipment, supplies, telephone and similar charges; but does not include the overhead costs of such agency, and

(D) "administrative costs of determining the enrollment and repayment status of students" means any administrative costs incurred by a guaranty agency which are directly related to ascertaining the student's enrollment status, prompt notification to the lender of such status, and an examination of the note agreement to determine if the provisions of the note agreement are consistent with the records of the guaranty agency as to the principal amount of the loan guaranteed, and an examination of the note to assure that the repayment provisions are consistent with the provisions of this part.

subject to such additional criteria as the Secretary may by regulation prescribe.

(4)(A) No payment may be made under paragraph (1) of this subsection unless the State or the nonprofit private institution or organization submits to the Secretary an application at such time, at least annually, in such manner, and containing or accompanied by such information, as the Secretary may reasonably require. Each such application shall--

(i) contain provisions designed to demonstrate the capability of carrying out a necessary and successful program of collection of and preclaim assistance for the loan program pursuant to that agreement;

(iii) set forth an estimate of the costs which are eligible for payment under the provisions of this subsection;

(iv) provide for such administrative and fiscal procedures, including an audit, as are necessary to carry out the provisions of this subsection; and

(v) set forth assurances that the State or the nonprofit private institution or organization will furnish such data and information, including where necessary estimates, as the Secretary may reasonably require to carry out the provisions of this subsection.

(B) No payment may be made under paragraph (2) of this subsection unless the State or the nonprofit private institution or organization submits to the Secretary an application, at such time, at least annually, in such manner, and containing or accompanied by such information as the Secretary may reasonably require. Each such application shall—

(i) set forth assurances that the student loan insurance program subject to the supplemental guaranty agreement complies with clauses (A) through (F) of paragraph (2) of section 428A(a);

(ii) contain provisions designed to demonstrate the capability of carrying out a necessary and successful program of collection of and preclaim assistance for the loan program subject to that agreement;

(iii) set forth an estimate of the costs which are eligible for payment under the provisions of this subsection;

(iv) provide for such administrative and fiscal procedures, including an audit, as are necessary to carry out the provisions of this subsection; and

(v) set forth assurances that the State or the nonprofit private institution or organization will furnish such data and information, including where necessary estimates, as the Secretary may reasonably require to carry out the provisions of this subsection.

(5)(A) The Secretary shall make payments in accordance with this paragraph to an agency, institution, or organization in any State which has an agreement under subsection (b) of this section which provides a lender referral service for students who meet the requirements of subparagraph (B).

(B) A student is eligible to apply for lender referral services to an agency, institution, or organization in a State if (i) such student is either a resident of such State or is accepted for enrollment in or is attending an eligible institution in such State, and (ii) such student has sought and was unable to find a lender willing to make a loan under this part.

(C) The amount which the Secretary shall pay to any eligible agency, institution, or organization under this paragraph shall be equal to one-half of 1 per centum of the total principal amount of the loans upon which insurance was issued under this part on loans made to a student described in subparagraph (B) who subsequently obtained such loans because of such agency's, institution's, or organization's referral service.

(D) Nothing in this or any law shall prohibit an agency from using all or a portion of the funds received under this part for the

payment of incentive fees to lenders who agree to participate in a loan referral service.

(E) There is authorized to be appropriated such sums as are necessary to carry out the provisions of this paragraph.

(g) If a nonprofit private institution or organization (1) applies to enter into an agreement with the Secretary under subsections (b) and (c) with respect to a student loan insurance program to be carried on in a State with which the Secretary does not have an agreement under subsection (b), and (2) as provided in the application, undertakes to meet the requirements of section 422(c)(6)(B) (i), (ii), and (iii), the Secretary shall consider an act upon such application within 180 days, and shall forthwith notify the Committee on Labor and Public Welfare of the Senate and the Committee on Education and Labor of the House of Representatives of his actions.

(h)(1) From sums advanced by the Association pursuant to section 439(p), each State agency and nonprofit private institution or organization with which the Secretary has an agreement under subsection (b) of this section or an eligible lender in a State described in section 435(g)(1) (D) or (F) of the Act is authorized to make loans directly to students otherwise unable to obtain loans under this part.

(2)(A) Each State agency or nonprofit private institution or organization which has an agreement under subsection (b) of this section or an eligible lender in a State described in section 435(g)(1) (D) or (F) and which has an application approved under section 439(p)(2) may receive advances under section 439(p) for each fiscal year in an amount necessary to meet the demand for loans under this section. The amount such agency, institution, organization, or lender is eligible to receive may not exceed 25 per centum of the average of the loans guaranteed by that agency, institution, organization, or lender for the three years preceding the fiscal year for which the determination is made. Whenever the determination required by the preceding sentence cannot be made because the agency, institution, organization, or lender does not have three years previous experience, the amount such agency, institution, organization, or lender is eligible to receive may not exceed 25 per centum of the loans guaranteed under a program of a State of comparable size.

(B) Each State agency or nonprofit private institution or organization which has an agreement under subsection (b) of this section and each eligible lender in a State described in section 435(g)(1) (D) or (F) shall repay advances made under section 439(p) in accordance with agreements entered between the Association and such agency, institution, organization, or lender.

(3) Loans made pursuant to this subsection shall have the same terms, conditions, and benefits as all other loans made under this part.

(4) Any State agency or any nonprofit private institution or organization which has an agreement under subsection (b) of this section may enter into an agreement with any eligible lender (other than an eligible institution or an agency or instrumentality of the State) for the purpose of authorizing multiple disbursements of the proceeds of a loan under which the lender will pay the proceeds of such loans into an escrow account to be administered by the State

agency or any nonprofit private institution or organization in accordance with the provisions of paragraph (2) of this subsection.

(2) Each State agency or each nonprofit private institution or organization entering into an agreement under paragraph (1) of this subsection is authorized to—

(A) make the disbursements in accordance with the note evidencing the loan;

(B) commingle the proceeds of all loans paid to it pursuant to the escrow agreement entered into under such paragraph (1);

(C) invest the proceeds of such loans in obligations of the Federal Government or obligations which are insured or guaranteed by the Federal Government;

(D) retain interest or other earnings on such investment; and

(E) return to the eligible lender undisbursed funds when the student ceases to carry at an eligible institution at least one-half of the normal full-time academic workload as determined by such institution.

#### LOAN INSURANCE SUPPLEMENTAL GUARANTY AGREEMENT

SEC. 428A: (a)(1) The Secretary may enter into a supplemental guaranty agreement, annually, with any State or any nonprofit private institution or organization having a guaranty agreement under section 428(c)(1) whereby the Secretary shall undertake to reimburse the State or nonprofit private institution or organization, under such terms and conditions as he may establish, in an amount determined in accordance with section 428(c)(1)(B), if the Secretary determines that the student loan insurance program—

(A) authorizes the insurance of loans in any amount up to a maximum of \$2,500 (in the case of a student who has not successfully completed a program of undergraduate education), or \$5,000 (in the case of a graduate or professional student) to any individual student who is carrying at an eligible institution at least one-half the normal full-time academic workload (as determined under regulations of the Secretary) in any academic year or its equivalent (as determined under regulations of the Secretary), which limit shall not be deemed exceeded by a line of credit under which actual payments by the lender to the borrower will not be made in any such year in excess of such annual limit; and provides that the aggregate insured unpaid principal amount of all such insured loans made to any student shall be any amount up to a maximum of \$12,500 in the case of any student who has not successfully completed a pro-

grant of undergraduate education, and \$25,000 in the case of any graduate or professional student (as defined by regulations of the Secretary and including any loans which are insured by the Secretary under this part, or by a State or nonprofit institution or organization with which the Secretary has an agreement under this part, made to such person before he became a graduate or professional student), except that the Secretary may increase the limit applicable to graduate or professional students who are pursuing programs which the Secretary determines are exceptionally expensive.

(B) insures not less than 100 per centum of the unpaid principal of the loans insured under the program, whether or not such loans are eligible for interest subsidies under this part;

(C) with respect to lenders which are eligible institutions, provides for the insurance of loans by only such institutions as are located within the geographic area served by such State or nonprofit private institution or organization;

(D) provides no restrictions with respect to the insurance of loans for students who are otherwise eligible for loans under such program if such a student is a legal resident of the State and if such a student is accepted for enrollment in or is attending an eligible institution outside that State;

(E) provides no restrictions with respect to eligible institutions that are residential institutions which are more onerous than eligibility requirements for institutions under the Federal student loan insurance program, unless (i) that institution is ineligible under regulations for the limitation, suspension, or termination of eligible institutions under the Federal student loan insurance program or is ineligible pursuant to criteria issued under the student loan insurance program which are substantially the same as regulations with respect to such eligibility issued under the Federal student loan insurance program, or (ii) there is a State constitutional prohibition affecting the eligibility of such an institution; and

(F) provides (i) for the eligibility of the eligible institutions as lenders under reasonable criteria, unless (I) that eligible institution is eliminated as the lender under regulations for the limitation, suspension, or termination of eligible institutions under the Federal student loan insurance program or is eliminated as a lender pursuant to criteria issued under the student loan insurance program which are substantially the same as regulations with respect to such eligibility as a lender issued under the Federal student loan insurance program, or (II) there is a State constitutional prohibition affecting the eligibility of such an institution as a lender, and (ii) assurances that the State or nonprofit private institution or organization will report to the Secretary not later than July 1, 1977, and annually thereafter, concerning such criteria including any special requirements for the eligibility of such lenders, procedures in effect under such program to limit, suspend, or terminate such lenders, a list of applications of such lenders, a summary of actions taken on such applications, and a list of the names of all such lenders within the State.

(2) The Secretary may enter into a supplemental guaranty agreement annually, with any State or any nonprofit private institution

or organization having a guaranty agreement under section 428(c)(1) for the purpose of qualifying such State or nonprofit private institution or organization for payment of administrative cost allowances under section 428(f)(2) if the Secretary determines that the student loan insurance program—

(A) authorizes the insurance of loans in any amount up to a maximum of \$2,500 (in the case of a student who has not successfully completed a program of undergraduate education), or \$5,000 (in the case of a graduate or professional student) to any individual student who is carrying at an eligible institution at least one-half the normal full-time academic workload (as determined under regulations of the Secretary) in any academic year or its equivalent (as determined under regulations of the Secretary), which limit shall not be deemed exceeded by a line of credit under which actual payments by the lender to the borrower will not be made in any such year in excess of such annual limit; and provides that the aggregate insured unpaid principal amount of all such insured loans made to any student shall be any amount up to a maximum of \$12,500 in the case of any student who has not successfully completed a program of undergraduate education, and \$25,000 in the case of any graduate or professional student (as defined by regulations of the Secretary and including any loans which are insured by the Secretary under this part, or by a State or nonprofit institution or organization with which the Secretary has an agreement under this part, made to such person before he became a graduate or professional student), except that the Secretary may increase the limit applicable to graduate or professional students who are pursuing programs which the Secretary determines are exceptionally expensive;

(B) insures not less than 100 per centum of the unpaid principal of the loans insured under the program, whether or not such loans are eligible for interest subsidies under this part;

(C) with respect to lenders which are eligible institutions, provides for the insurance of loans by only such institutions as are located within the geographic area served by such State or nonprofit private institution or organization;

(D) provides no restrictions with respect to the insurance of loans for students who are otherwise eligible for loans under such program if such a student is a legal resident of the State, or if such a student is accepted for enrollment in or is attending an eligible institution within that State;

(E) provides no restrictions with respect to eligible institutions that are residential institutions which are more onerous than eligibility requirements for eligible institutions under the Federal student loan insurance program, unless (i) that eligible institution is ineligible under regulations for the limitations, suspension, or termination of eligible institutions under the Federal student loan insurance program or is ineligible pursuant to criteria issued under the student loan insurance program which are substantially the same as regulations with respect to such eligibility issued under the Federal student loan insurance program, or (ii) there is a State constitutional prohibition affecting the eligibility of such an institution;

(f) provides (i) for the eligibility of the eligible institutions as lenders under reasonable criteria, unless (I) that eligible institution is eliminated as a lender under regulations for the limitation, suspension, or termination of eligible institutions under the Federal student loan insurance program or is eliminated as a lender pursuant to criteria issued under the student loan insurance program which are substantially the same as regulations with respect to such eligibility as a lender issued under the Federal student loan insurance program, or (II) there is a State constitutional prohibition affecting the eligibility of such an institution as a lender, and (ii) assurances that the State or nonprofit private institution or organization will report to the Secretary not later than July 1, 1977, and annually thereafter, concerning such criteria, including any special requirements for the eligibility of such lenders, procedures in effect under such program to limit, suspend, or terminate such lenders, a list of applications of such lenders, a summary of actions taken on such applications, and a list of the names of all such lenders within the State.

(b) Each supplemental guaranty agreement entered into under section 431

(1) shall set forth such administrative and fiscal procedures as may be necessary to protect the United States from the risk of unreasonable loss thereunder, to insure proper and efficient administration of the loan insurance program, and to insure that due diligence will be exercised in the collection of loans insured under the program;

(2) shall set forth adequate assurance that the requirements of paragraph (1) or paragraph (2) of subsection (a) of this section, as the case may be, are met;

(3) shall provide for the making of such reports, in such form, and containing such information as the Secretary may reasonably require to carry out his functions under this section, and for keeping such records and for affording such access thereto as the Secretary may find necessary to assure the correctness and verification of such reports;

(4) shall set forth adequate assurance that, with respect to so much of any loan insured under the loan insurance program as may be guaranteed by the Secretary pursuant to subsection (a) of this section, the undertaking of the Secretary under the supplemental guaranty agreement is acceptable in full satisfaction of State law or regulation requiring the maintenance of a reserve;

(5) shall provide that if, after the Secretary has made payment under the supplemental guaranty agreement pursuant to this section with respect to any loan, any payments are made in discharge of the obligation incurred by the borrower with respect to such loan (including any payments of interest accruing on such loan after such payment by the Secretary), there shall be paid over to the Secretary (for deposit in the fund established by section 431) such portion of the amount of such payments as is determined in accordance with regulations prescribed by the Secretary, but shall not otherwise represent his equitable interest in such payments, but shall not otherwise provide for subrogation of the United States to the rights of

any insurance beneficiary: *Provided*, That, except as the Secretary may otherwise by or pursuant to regulation provide, amounts so paid by a borrower on such a loan shall be first applied in reduction of principal owing on such loan; and

(6) may include such provisions as may be necessary to promote the purposes of this part.

(c)(1) To the extent provided in regulations of the Secretary, a supplemental guaranty agreement under this section may contain provisions which permit such forbearance for the benefit of the student borrower as may be agreed upon by the parties to an insured loan and approved by the insurer.

(2) For purposes of this section, the terms "insurance beneficiary" and "default" shall have the meanings assigned to them by section 430(e).

#### AUXILIARY LOANS TO ASSIST STUDENTS

SEC. 428B. (a)(1) Parents of a dependent undergraduate student (as defined by regulations by the Secretary) shall be eligible to borrow funds under this part in amounts specified in subsection (b), and unless otherwise specified in subsections (c) and (d), such loans shall have the same terms, conditions, and benefits as all other loans made under this part. Whenever necessary to carry out the provisions of this section the terms "student" and "student borrower" used in this part shall include a parent borrower under this section.

(2) Graduate or professional students (as defined by regulations of the Secretary) and independent undergraduate students (as defined in section 482(c)(2)) shall be eligible to borrow funds under this section in amounts specified in subsection (b) (treating graduate and professional students as parents for the purposes of such subsection), and unless otherwise specified in subsections (c) and (d), such loans shall have the same terms, conditions, and benefits as all other loans made under this part.

(b)(1) Subject to paragraphs (2) and (3), the maximum amount parents may borrow for one student in any academic year or its equivalent (as defined by regulation by the Secretary) is \$3,000.

(2) The aggregate insured principal amount for insured loans made to parents on account of an undergraduate dependent student shall not exceed \$15,000.

(3) Any loan under this section may be counted as part of the student's expected family contribution in the determination of need under this title, but no loan may be made to any parent or student under this part which would cause their combined loans for any academic year to exceed the student's estimated cost of attendance minus such student's estimated financial assistance as certified by the eligible institution under section 428(a)(2)(A) of this part. The annual insurable limit on account of any student shall not be deemed to be exceeded by a line of credit under which actual payments to the borrower will not be made in any year in excess of the annual limit.

(c)(1) Repayment of principal on loans made under this section shall commence not later than sixty days after the date such loan is disbursed by a lender.

(2) No payments to reduce interest costs shall be paid pursuant to section 428(a) of this part on loans made pursuant to this section.

(3) Interest on loans made pursuant to this section shall be at the rate of 9 per centum per annum on the unpaid principal balance of the loan, except as otherwise required by section 427A(c).

(4)(A) Subject to subparagraph (B) of this paragraph, the maximum amount an independent undergraduate student may borrow under this section in any academic year or its equivalent (as defined by regulation by the Secretary) is equal to (i) \$2,500, minus (ii) the amount of all other loans under this part to such student for such academic year or its equivalent.

(B) The aggregate insured unpaid principal amount for insured loans made to an independent undergraduate student under this part (including loans made under this section) shall not exceed \$12,500.

(d) Loans made under this section shall be insured by the Secretary in a State only if—

(1) the State is not served by a State agency or nonprofit private institution or organization having an agreement with the Secretary pursuant to section 428(b), or

(2) an agency, institution, or organization in a State having such an agreement does not authorize loans under this section (A) within one hundred and twenty days after the effective date of this amendment, or (B) if a State is prohibited from authorizing loans under this section because of existing State law, one hundred and twenty days after the adjournment of the next regular session of the State legislature which convenes after the effective date of this amendment.

#### CERTIFICATE OF FEDERAL LOAN INSURANCE—EFFECTIVE DATE OF INSURANCE

SEC. 429. (a)(1) If, upon an application by an eligible lender, made upon such form, containing such information, and supported by such evidence as the Secretary may require, and otherwise in conformity with this section, the Secretary finds that the applicant has made a loan to an eligible student which is insurable under the provisions of this part, he may issue to the applicant a certificate of insurance covering the loan and setting forth the amount and terms of the insurance.

(2) Insurance evidenced by a certificate of insurance pursuant to subsection (a)(1) shall become effective upon the date of issuance of the certificate, except that the Secretary is authorized, in accordance with regulations, to issue commitments with respect to proposed loans or with respect to lines (or proposed lines) of credit, submitted by eligible lenders, and in that event, upon compliance with subsection (a)(1) by the lender, the certificate of insurance may be issued effective as of the date when any loan, or any pay-

ment by the lender pursuant to a line of credit, to be covered by such insurance was made. Such insurance shall cease to be effective upon sixty days' default by the lender in the payment of any installment of the premiums payable pursuant to subsection (c).

(3) An application submitted pursuant to subsection (a)(1) shall contain (A) an agreement by the applicant to pay, in accordance with regulations, the premiums fixed by the Secretary pursuant to subsection (c); and (B) an agreement by the applicant that if the loan is covered by insurance the applicant will submit such supplementary reports and statement during the effective period of the loan agreement, upon such forms, at such times, and containing such information as the Secretary may prescribe by or pursuant to regulation.

(b)(1) In lieu of requiring a separate insurance application and issuing a separate certificate of insurance for each student loan made by an eligible lender as provided in subsection (a), the Secretary may, in accordance with regulations consistent with section 424, issue to any eligible lender applying therefor a certificate of comprehensive insurance coverage which shall, without further action by the Secretary, insure all insurable loans made by that lender, on or after the date of the certificate and before a specified cutoff date, within the limits of an aggregate maximum amount stated in the certificate. Such regulations may provide for conditioning such insurance, with respect to any loan, upon compliance by the lender with such requirements (to be stated or incorporated by reference in the certificate) as in the Secretary's judgment will best achieve the purpose of this subsection while protecting the financial interest of the United States and promoting the objectives of this part, including (but not limited to) provisions as to the reporting of such loans and information relevant thereto to the Secretary and as to the payment of initial and other premiums and the effect of default therein, and including provision for confirmation by the Secretary from time to time (through endorsement of the certificate) of the coverage of specific new loans by such certificate, which confirmation shall be incontestable by the Secretary in the absence of fraud or misrepresentation of fact or patent error.

(2) If the holder of a certificate of comprehensive insurance coverage issued under this subsection grants to a student a line of credit extending beyond the cutoff date specified in that certificate, loans or payments thereon made by the holder after that date pursuant to the line of credit shall not be deemed to be included in the coverage of that certificate except as may be specifically provided therein; but, subject to the limitations of section 424, the Secretary may, in accordance with regulations, make commitments to insure such future loans or payments, and such commitments may be honored either as provided in subsection (a) or by inclusion of such insurance on comprehensive coverage under the subsection for the period or periods in which such future loans or payments are made.

(c) The Secretary shall, pursuant to regulations, charge for insurance on each loan under this part a premium in an amount not to exceed one-fourth of 1 per centum per year of the unpaid principal amount of such loan (excluding interest added to principal), payable in advance, at such times and in such manner as may be prescribed by the Secretary. Such regulations may provide that such

premium shall not be payable, or if paid shall be refundable, with respect to any period after default in the payment of principal or interest or after the borrower has died or becomes totally and permanently disabled, if (1) notice of such default or other event has been duly given, and (2) requests for payment of the loss insured against has been made or the Secretary has made such payment on his own motion pursuant to section 430(a).

(d) The rights of an eligible lender arising under insurance evidenced by a certificate of insurance issued to it under this section may be assigned as security by such lender only to another eligible lender, and subject to regulation by the Secretary.

(e) The consolidation of the obligations of two or more federally insured loans obtained by a student borrower in any fiscal year into a single obligation evidenced by a single instrument of indebtedness shall not affect the insurance by the United States. If the loans thus consolidated are covered by separate certificates of insurance issued under subsection (a), the Secretary may upon surrender of the original certificates issue a new certificate of insurance in accordance with that subsection upon the consolidated obligation, if they are covered by a single comprehensive certificate issued under subsection (b), the Secretary may amend that certificate accordingly.

(20 U.S.C. 1079) Enacted Nov. 8, 1965, P.L. 89-329, sec. 429, 79 Stat. 1243; amended October 12, 1976, P.L. 94-482, sec. 127(a), 90 Stat. 2123, 2124, 2125; amended October 3, 1980, P.L. 96-374, sec. 1351, 94 Stat. 1503.

#### DEFAULT OF STUDENT UNDER FEDERAL LOAN INSURANCE PROGRAM

SEC. 430. (a) Upon default by the student borrower on any loan covered by Federal loan insurance pursuant to this part, and prior to the commencement of suit or other enforcement proceedings upon security for that loan, the insurance beneficiary shall promptly notify the Secretary, and the Secretary shall if requested (at that time or after further collection efforts) by the beneficiary, or may on his own motion, if the insurance is still in effect, pay to the beneficiary the amount of the loss sustained by the insured upon that loan as soon as that amount had been determined. The "amount of the loss" on any loan shall, for the purposes of this subsection and subsection (b), be deemed to be an amount equal to the unpaid balance of the principal amount and accrued interest, including interest accruing from the date of submission of a valid default claim (as determined by the Secretary) to the date on which payment is authorized by the Secretary, reduced to the extent required by section 425(b). Such beneficiary shall be required to meet the standards of due diligence in the collection of the loan. The Secretary shall make the determination required to carry out the provisions of this section not later than ninety days after the notification by the insurance beneficiary and shall make payment in full on the amount of the beneficiary's loss pending completion of his due diligence investigation.

(b)(1) Upon payment of the amount of the loss pursuant to subsection (a), the United States shall be subrogated for all of the rights of the holder of the obligation upon the insured loan and shall be entitled to an assignment of the note or other evidence of the insured loan by the insurance beneficiary. If the net recovery

100

made by the Secretary on a loan after deduction of the cost of that recovery (including reasonable administrative costs) exceeds the amount of the loss, the excess shall be paid over to the insured. The Secretary may, in attempting to make recovery on such loans, contract with private business concerns, State student loan insurance agencies, or State guaranty agencies, for payment for services rendered by such concerns or agencies in assisting the Secretary in making such recovery. Any contract under this subsection entered into by the Secretary shall provide that attempts to make recovery on such loans shall be fair and reasonable, and do not involve harassment, intimidation, false or misleading representations, or unnecessary communications concerning the existence of any such loan to persons other than the student borrower.

(2)(A) For the purpose of promoting responsible repayment of loans covered by Federal loan insurance pursuant to this part, the Secretary shall enter into cooperative agreements with credit bureau organizations providing for the exchange of information concerning student borrowers in accordance with the requirements of this paragraph. For the purpose of assisting such organizations to comply with the Fair Credit Reporting Act, such agreements may provide for timely response by the Secretary to requests from such organizations for responses to objections raised by borrowers. Subject to the requirements of subparagraph (C), such agreements shall provide for the disclosure by the Secretary to such organizations with respect to any loan for which the Secretary has received a notice of default under subsection (a) of this section of—

(i) the date of disbursement and the amount of any such loan;

(ii) information concerning collection of any such loan, including information concerning the status of any defaulted loan on which the Secretary has made a payment pursuant to subsection (a) of this section; and

(iii) the date of cancellation of the note upon completion of repayment by the borrower of any such loan or payment by the Secretary pursuant to section 437.

(B) Such agreements may also provide for the disclosure by such organizations to the Secretary, upon receipt from the Secretary of a notice under subparagraph (A)(ii) that such a loan is in default, of information concerning the borrower's location or other information which may assist the Secretary in proceeding to collection of the defaulted amount.

(C) Agreements entered into pursuant to this paragraph shall contain such provisions as may be necessary to ensure that—

(i) no information is disclosed by the Secretary unless its accuracy and completeness have been verified, and no information stating that a loan is in default is disclosed until the Secretary has made a reasonable effort to collect the debt;

(ii) as to any information so disclosed, such organizations will be promptly notified of, and will promptly record, any change submitted by the Secretary with respect to such information, or any objections by the borrower with respect to any such information, as required by section 611 of the Fair Credit Reporting Act (15 U.S.C. 1681i);

(iii) no use will be made of any such information which would result in the use of collection practices with respect to

101

such a borrower that are not fair and reasonable or that involve harassment, intimidation, false or misleading representations, or unnecessary communication concerning the existence of such loan or concerning any such information; and

(iv) except for disclosures made to obtain the borrower's location, the Secretary (I) shall not disclose any such information until he has notified the borrower that such information will be disclosed to credit bureau organizations unless the borrower enters into repayment of his loan, but (II) shall, if the borrower has not entered into repayment within a reasonable period of time, but not less than thirty days, from the date such notice has been sent to the borrower, disclose the information required by this subsection.

(D)(i) The Secretary shall, within ninety days after the date of enactment of this paragraph, take such steps as may be necessary to establish the disclosure of information described in subparagraph (A) (i), (ii), and (iii) as a routine use in accordance with section 552a(b)(3) of title 5, United States Code, and to establish a system for the prompt notification of any borrower of any disclosure made pursuant to this paragraph.

(ii) Information disclosed by the Secretary to credit bureau organizations under the requirements of this paragraph shall not constitute a system of records within the meaning of section 552a of title 5, United States Code (the Privacy Act of 1974); and credit bureau organizations which enter into agreements with the Secretary under this paragraph shall not be considered Government contractors within the meaning of that Act.

(c) Nothing in this section or in this part shall be construed to preclude any forbearance for the benefit of the student borrower which may be agreed upon by the parties to the insured loan and approved by the Secretary, or to preclude forbearance by the Secretary in the enforcement of the insured obligation after payment on that insurance. Any forbearance which is approved by the Secretary under this subsection with respect to the repayment of a loan shall not be considered as indicating that a holder of a federally insured loan has failed to exercise reasonable care and due diligence in the collection of the loan.

(d) Nothing in this section or in this part shall be construed to excuse the holder of a federally insured loan from exercising reasonable care and diligence in the making and collection of loans under the provisions of this part. If the Secretary, after a reasonable notice and opportunity for hearing to an eligible lender, finds that it has substantially failed to exercise such care and diligence or to make the reports and statements required under section 428(a)(4) and section 429(a)(3), or to pay the required Federal loan insurance premiums, he shall disqualify that lender for further Federal insurance on loans granted pursuant to this part until he is satisfied that its failure has ceased and finds that there is reasonable assurance that the lender will in the future exercise necessary care and diligence or comply with such requirements, as the case may be.

#### INSURANCE FUND

Sec. 431. (a) There is hereby established a student loan insurance fund (hereinafter in this section called the "fund") which shall be available without fiscal year limitation to the Secretary for making payments in connection with the default of loans insured by him under this part, or in connection with payments under a guaranty agreement under section 428(c). All amounts received by the Secretary as premium charges for insurance and as receipts, earnings, or proceeds derived from any claim or other assets acquired by the Secretary in connection with his operations under this part, any excess advances under section 422(c)(4)(C), and any other moneys, property, or assets derived by the Secretary from his operations in connection with this section, shall be deposited in the fund. All payments in connection with the default of loans insured by the Secretary under this part, or in connection with such guaranty agreements shall be paid from the fund. Moneys in the fund not needed for current operations under this section may be invested in bonds or other obligations guaranteed as to principal and interest by the United States.

(b) If at any time the moneys in the fund are insufficient to make payments in connection with the default of any loan insured by the Secretary under this part, or in connection with any guaranty agreement made under section 428(c) or 428A(a)(1), the Secretary is authorized, to the extent provided in advance by appropriations Acts, to issue to the Secretary of the Treasury notes or other obligations in such forms and denominations, bearing such maturities, and subject to such terms and conditions as may be prescribed by the Secretary with the approval of the Secretary of the Treasury. Such notes or other obligations shall bear interest at a rate determined by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding marketable obligations of the United States of comparable maturities during the month preceding the issuance of the notes or other obligations. The Secretary of the Treasury is authorized and directed to purchase any notes and other obligations issued hereunder and for that purpose he is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act, as amended, and the purposes for which securities may be issued under that Act, as amended, are extended to include any purchase of such notes and obligations. The Secretary of the

Treasury may at any time sell any of the notes or other obligations acquired by him under this subsection. All redemptions, purchases, and sales by the Secretary of the Treasury of such notes or other obligations shall be treated as public debt transactions of the United States. Sums borrowed under the subsection shall be deposited in the fund and redemption of such notes and obligations shall be made by the Secretary from such fund.

(a) If a student borrower who has received a loan described in clause (A), (B), or (C) of section 428(a)(1) dies or becomes permanently and totally disabled (as determined in accordance with regulations of the Secretary), then the Secretary shall discharge the borrower's liability on the loan by repaying the amount owed on the loan.

(b) If a student borrower who has received a loan described in clause (A), (B), or (C) of section 428(a)(1) is relieved of his obligation to repay such loan, in whole or in part, through a discharge in bankruptcy, the Secretary shall repay the amount of the loan so discharged.

SPECIAL ALLOWANCES

SEC. 438. (a) In order to assure (1) that the limitation on interest payments or other conditions (or both) on loans made or insured under this part, do not impede or threaten to impede the carrying out of the purposes of this part or do not cause the return to holders of loans to be less than equitable, (2) that incentive payments on such loans are paid promptly to eligible lenders, and (3) that appropriate consideration of relative administrative costs and money market conditions is made in setting the quarterly rate of such payments, the Congress finds it necessary to establish an improved method for the determination of the quarterly rate of the special allowances on such loans, and to provide for a thorough, expedi-

tious and objective examination of alternative methods for the determination of the quarterly rate of such allowances.

(b)(1) A special allowance shall be paid for each of the three-month periods ending March 31, June 30, September 30, and December 31 of every year and the amount of such allowance paid to any holder with respect to any three-month period shall be a percentage of the average unpaid balance of principal (not including unearned interest added to principal) of all eligible loans held by such holder during such period.

(2)(A) Subject to subparagraph (B) and paragraph (4), the special allowance paid pursuant to this subsection on loans shall be computed (i) by determining the average of the bond equivalent rates of ninety-one-day Treasury bills auctioned for such three month period, (ii) by subtracting the applicable interest rate on such loans from such average, (iii) by adding 3.5 per centum to the resultant per centum, and (iv) by dividing the resultant per centum by four.

(B)(i) The quarterly rate of the special allowance for holders of loans which were made or purchased with funds obtained by the holder from the issuance of obligations, the income from which is exempt from taxation under the Internal Revenue Code of 1954 shall be one-half the quarterly rate of the special allowance established under subparagraph (A). Such rate shall also apply to holders of loans which were made or purchased with funds obtained by the holder from collections or default reimbursements on, or interests or other income pertaining to, eligible loans made or purchased with funds described in the preceding sentence of this subparagraph or from income on the investment of such funds. This subparagraph shall not apply to loans which were made or insured prior to October 1, 1980.

(ii) The rate set under division (i) shall not be less than (I) 2.5 per centum per annum in the case of loans for which the applicable interest rate is 7 per centum per annum, (II) 1.5 per centum per annum in the case of loans for which the applicable interest rate is 8 per centum per annum, or (III) 0.5 per centum in the case of loans for which the applicable rate is 9 per centum per annum.

(iii) No special allowance may be paid under this subparagraph unless the issuer of such obligations complies with section 420(f) of the Education Amendments of 1980.

(3) The holder of an eligible loan shall be deemed to have a contractual right against the United States, during the life of such loan, to receive the special allowance according to the provisions of this section. Subject to paragraph (4) the special allowance determined for any such three-month period shall be payable at such time, after the close of such period, as may be specified by or pursuant to regulations promulgated under this section.

(4)(A) If payments of the special allowances payable under this section or of interest payments under section 428(a) with respect to a loan have not been made within thirty days after the Secretary has received an accurate, timely, and complete request for payment thereof, the special allowance payable to such holder shall be increased by an amount equal to the daily interest accruing on the special allowance and interest benefits payments due the holder.

(B) Such daily interest shall be computed at the daily equivalent rate of the sum of the special allowance rate computed pursuant to paragraph (2) and the interest rate applicable to the loan and shall

be paid for the later of (i) the thirty-first day after the receipt of such request for payment from the holder, or (ii) the thirty-first day after the final day of the period or periods covered by such request, and shall be paid for each succeeding day until, and including, the date on which the Secretary authorizes payment.

(C) For purposes of reporting to the Congress the amounts of special allowances paid under this section, amounts of special allowances paid pursuant to this paragraph shall be segregated and reported separately.

(5) As used in this section, the term "eligible loan" means a loan—

(A) (i) on which a portion of the interest is paid on behalf of the student and for his account to the holder of the loan under section 428(a);

(ii) which is made under section 428B or 439(o); or

(iii) which was made prior to October 1, 1981, and

(B) which is insured under this part, or made under a program covered by an agreement under section 428(b) of this Act.

(6) The Secretary shall pay the holder of an eligible loan, at such time or times as are specified in regulations, a special allowance prescribed pursuant to this subsection subject to the condition that such holder shall submit to the Secretary, at such time or times and in such a manner as he may deem proper, such information as may be required by regulation for the purpose of enabling the Secretary to carry out his functions under this section and to carry out the purposes of this section.

(c)(1) Notwithstanding subsection (b), the total amount of interest and special allowance payable under section 428(a)(3)(A) and subsection (b) of this section, respectively, to any holder shall be reduced by the Secretary by the amount which the lender is authorized to charge as an origination fee in accordance with paragraph (2) of this subsection. If the total amount of interest and special allowance payable under section 428(a)(3)(A) and subsection (b) of this section, respectively, is less than the amount the lender was authorized to charge borrowers for origination fees in that quarter, the Secretary shall deduct the excess amount from the subsequent quarters' payments until the total amount has been deducted.

(2) With respect to any loan (other than loans made under section 428B and section 439(o)) for which a completed note or other written evidence of the loan was sent or delivered to the borrower for signing on or after 10 days after the date of enactment of the Postsecondary Student Assistance Amendments of 1981, each eligible lender under this part is authorized to charge the borrower an origination fee in an amount not to exceed 5 per centum of the principal amount of the loan, which may be deducted from the proceeds of the loan prior to payment to the borrower.

(3) Such origination fee shall not be taken into account for purposes of determining compliance with section 427A.

(4) The lender shall disclose to the borrower the amount and method of calculating the origination fee. For any loan for which the lender is authorized to charge an origination fee and which is made prior to August 1, 1982—

(A) this disclosure need not meet the requirements of the Truth in Lending Act (15 U.S.C. 1601 et seq.) or the disclosure requirements of any State law;

(B) for purposes of such Act, a lender may disclose either in the note or other written evidence of the loan or in a supplementary letter (which need not be signed by the borrower);

(C) for purposes of such Act, the origination fee shall not be taken into account in calculating and disclosing the annual percentage rate; and

(D) a lender or an assignee shall not incur civil liability under section 130 of such Act nor be subject to any administrative enforcement action pursuant to section 108 of such Act for disclosures in connection with such loans.

(d) The Secretary shall adopt or amend appropriate regulations pertaining to programs carried on under this part to prevent, where practicable, any practices which he finds have denied loans to a substantial number of eligible students.

#### STUDENT LOAN MARKETING ASSOCIATION

SEC. 439. (a) The Congress hereby declares that it is the purpose of this section (1) to establish a private corporation which will be financed by private capital and which will serve as a secondary market and warehousing facility for student loans, including loans which are insured by the Secretary under this part or by a State or nonprofit private institution or organization with which the Secretary has an agreement under section 428(b), and which will provide liquidity for student loan investments; (2) in order to facilitate secured transactions involving student loans, to provide for perfection of security interests in student loans either through the taking of possession or by notice filing; and (3) to assure nationwide the establishment of adequate loan insurance programs for students, to provide for an additional program of loan insurance to be covered by agreements with the Secretary.

(b)(1) There is hereby created a body corporate to be known as the Student Loan Marketing Association (hereinafter referred to as the "Association"). The Association shall have succession until dissolved. It shall maintain its principal office in the District of Columbia and shall be deemed, for purposes of venue and jurisdiction in civil actions, to be a resident and citizen thereof. Offices may be established by the Association in such other place or places as it may deem necessary or appropriate for the conduct of its business.

(2) The Association, including its franchise, capital, reserves, surplus, mortgages, or other security holdings, and income shall be exempt from all taxation now or hereafter imposed by any State, territory, possession, Commonwealth, or dependency of the United States, or by the District of Columbia, or by any county, municipality, or local taxing authority, except that any real property of the Association shall be subject to State, territorial, county, municipal, or local taxation to the same extent according to its value as other real property is taxed.

(3) There is hereby authorized to be appropriated to the Secretary \$5,000,000 for making advances for the purpose of helping to establish the Association. Such advances shall be repaid within

such period as the Secretary may deem to be appropriate in light of the maturity and solvency of the Association. Such advances shall bear interest at a rate not less than (A) a rate determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining period to maturity comparable to the maturity of such advances, adjusted to the nearest one-eighth of 1 per centum, plus (B) an allowance adequate in the judgment of the Secretary to cover administrative costs and probable losses. Repayments of such advances shall be deposited into miscellaneous receipts of the Treasury.

(c)(1) The Association shall have a Board of Directors which shall consist of twenty-one persons, one of whom shall be designated Chairman by the President.

(2) An interim Board of Directors shall be appointed by the President, one of whom he shall designate an interim Chairman. The interim Board shall consist of twenty-one members, seven of whom shall be representative of banks or other financial institutions which are insured lenders pursuant to this section, seven of whom shall be representative of educational institutions, and seven of whom shall be representative of the general public. The interim Board shall arrange for an initial offering of common and preferred stocks and take whatever other actions are necessary to proceed with the operations of the Association.

(3) When, in the judgment of the President, sufficient common stock of the Association has been purchased by educational institutions and banks or other financial institutions, the holders of common stock which are educational institutions shall elect seven members of the Board of Directors and the holders of common stock which are banks or other financial institutions shall elect seven members of the Board of Directors. The President shall appoint the remaining seven directors, who shall be representative of the general public.

(4) At the time the events described in paragraph (3) have occurred, the interim Board shall turn over the affairs of the Association to the regular Board so chosen or appointed.

(5) The directors appointed by the President shall serve at the pleasure of the President and until their successors have been appointed and have qualified. The remaining directors shall each be elected for a term ending on the date of the next annual meeting of the common stockholders of the Association, and shall serve until their successors have been elected and have qualified. Any appointive seat on the Board which becomes vacant shall be filled by appointment of the President. Any elective seat on the Board which becomes vacant after the annual election of the directors shall be filled by the Board, but only for the unexpired portion of the term.

(6) The Board of Directors shall meet at the call of its Chairman, but at least semiannually. The Board shall determine the general policies which shall govern the operations of the Association. The Chairman of the Board shall, with the approval of the Board, select, appoint, and compensate qualified persons to fill the offices as may be provided for in the bylaws, with such executive functions, powers, and duties as may be prescribed by the bylaws or by the Board of Directors, and such persons shall be the executive offi-

cers of the Association and shall discharge all such executive functions, powers, and duties.

(d)(1) The Association is authorized, subject to the provisions of this section—

(A) pursuant to commitments or otherwise to make advances on the security of, purchase, or repurchase, service, sell or resell, offer participations, or pooled interests or otherwise deal in, at prices and on terms and conditions determined by the Association, student loans which are insured by the Secretary under this part or by a State or nonprofit private institution or organization with which the Secretary has an agreement under section 428(b);

(B) to buy, sell, hold, underwrite, and otherwise deal in obligations, if such obligations are issued, for the purpose of making or purchasing insured loans, by a State or nonprofit private institution or organization which has an agreement with the Secretary under section 428(b) or by an eligible lender in a State described in section 435(g)(1)(D) or (F);

(C) to undertake a program of loan insurance pursuant to agreements with the Secretary under sections 428 and 428(A), and except with respect to loans under section 439(o), the Secretary may enter into an agreement with the Association for such purpose only if the Secretary determines that (i) eligible borrowers are seeking and unable to obtain loans under this part, and (ii) no State or nonprofit private institution or organization having an agreement with the Secretary for a program of loan insurance under this part is capable of or willing to provide a program of loan insurance for such borrowers; and

(D) to undertake any other activity which the Board of Directors of the Association determines to be in furtherance of the programs of insured student loans authorized under this part or will otherwise support the credit needs of students.

The Association is further authorized to undertake any activity with regard to student loans which are not insured or guaranteed as provided for in this subsection as it may undertake with regard to insured or guaranteed student loans. Any warehousing advance made on the security of such loans shall be subject to the provisions of paragraph (3) of this subsection to the same extent as a warehousing advance made on the security of insured loans.

(2) Any warehousing advance made under paragraph (1) of this subsection shall be made on the security of (A) insured loans, (B) marketable obligations and securities issued, guaranteed or insured by, the United States, or for which the full faith and credit of the United States is pledged for the repayment of principal and interest thereof, or (C) marketable obligations issued, guaranteed, or insured by any agency, instrumentality or corporation of the United States for which the credit of such agency, instrumentality or corporation is pledged for the repayment of principal and interest thereof, in an amount equal to the amount of such advance. The proceeds of any such advance secured by insured loans shall either be invested in additional insured loans or the lender shall provide assurances to the Association that during the period of the borrowing it will maintain a level of insured loans in its portfolio not less than the aggregate outstanding balance of such loans held at the time of the borrowing. The proceeds from any such advance se-

cured by collateral described in clauses (B) and (C) shall be invested in additional insured student loans.

(3) Notwithstanding the provisions of any State law to the contrary, including the Uniform Commercial Code as in effect in any State, a security interest in insured student loans created on behalf of the Association or any eligible lender as defined in section 435(a) may be perfected either through the taking of possession of such loans or by the filing of notice of such security interest in such loans in the manner provided by said State law for perfection of security interests in accounts.

(4) Securities issued pursuant to the offering of participations or pooled interests under paragraph (1) of this subsection may be in the form of debt obligations, or trust certificates of beneficial ownership, or both. Student loans set aside pursuant to the offering of participations or pooled interests shall at all times be adequate to ensure the timely principal and interest payments on such securities.

(e) The Association, pursuant to such criteria as the Board of Directors may prescribe, shall make advances on security or purchase student loans pursuant to subsection (d) only after the Association is assured that the lender (A) does not discriminate by pattern or practice against any particular class or category of students by requiring that, as a condition to the receipt of a loan, the student or his family maintain a business relationship with the lender, except that this clause shall not apply in the case of a loan made by a credit union, savings and loan association, mutual savings bank, institution of higher education, or any other lender with less than \$75,000,000 in deposits, and (B) does not discriminate on the basis of race, sex, color, creed, or national origin.

(f)(1) The Association shall have common stock having such par value as may be fixed by its Board of Directors from time to time which may be issued only to lenders under this part, pertaining to guaranteed student loans, who are qualified as insured lenders under this part or who are eligible institutions, as defined in section 435(a), other than an institution outside of the United States.

(2) Each share of common stock shall be entitled to one vote with rights of cumulative voting at all elections of Directors. Voting shall be by classes as described in subsection (c)(3).

(3) The maximum number of shares of common stock that the Association may issue and have outstanding at any one time shall be fixed by the Board of Directors from time to time. Any common share issued shall be fully transferable, except that, as to the Association, it shall be transferred only on the books of the Association.

(4) To the extent that net income is earned and realized, subject to subsection (g)(2), dividends may be declared on common stock and nonvoting common stock by the Board of Directors. Such dividends as may be declared by the Board shall be paid to the holders of outstanding shares of common stock and nonvoting common stock, except that no such dividends shall be payable with respect to any share which has been called for redemption past the effective date of such call.

(5) The Association is authorized to issue nonvoting common stock having such par value as may be fixed by its Board of Directors from time to time. Any nonvoting common stock shall be

freely transferable, except that, as to the Association, it shall be transferable only on the books of the Association.

(g)(1) The Association is authorized to issue nonvoting preferred stock having such par value as may be fixed by its Board of Directors from time to time. Any preferred share issued shall be freely transferable, except that, as to the Association, it shall be transferred only on the books of the Association.

(2) The holders of the preferred shares shall be entitled to such rate of cumulative dividends and such shares shall be subject to such redemption or other conversion provisions as may be provided for at the time of issuance. No dividends shall be payable on any share of common stock at any time when any dividend is due on any share of preferred stock and has not been paid.

(3) In the event of any liquidation, dissolution, or winding up of the Association's business, the holders of the preferred shares shall be paid in full at par value thereof, plus all accrued dividends, before the holders of the common shares receive any payment.

(h)(1) The Association is authorized with the approval of the Secretary of Education and the Secretary of the Treasury to issue and have outstanding obligations having such maturities and bearing such rate or rates of interest as may be determined by the Association. The authority of the Secretary of Education to approve the issuance of such obligations is limited to obligations issued by the Association and guaranteed by the Secretary pursuant to paragraph (2) of this subsection. Such obligations may be redeemable at the option of the Association before maturity in such manner as may be stipulated therein. The Secretary of the Treasury may not direct as a condition of his approval that any such issuance of obligations by the Association be made or sold to the Federal Financing Bank.

(2) The Secretary is authorized, prior to October 1, 1984, to guarantee payment when due of principal and interest on obligations issued by the Association in an aggregate amount determined by the Secretary in consultation with the Secretary of the Treasury. Nothing in this section shall be construed so as to authorize the Secretary of Education or the Secretary of the Treasury to limit, control, or constrain programs of the Association or support of the Guaranteed Student Loan Program by the Association.

(3) To enable the Secretary to discharge his responsibilities under guarantees issued by him, he is authorized to issue to the Secretary of the Treasury notes or other obligations in such forms and denominations, bearing such maturities, and subject to such terms and conditions, as may be prescribed by the Secretary with the approval of the Secretary of the Treasury. Such notes or other obligations shall bear interest at a rate determined by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding marketable obligations of the United States of comparable maturities during the months preceding the issuance of the notes or other obligations. The Secretary of the Treasury is authorized and directed to purchase any notes and other obligations issued hereunder and for that purpose he is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act, as amended, and the purposes for which securities may be issued under that Act, as amended, are extended to include any purchase of such notes and

obligations. The Secretary of the Treasury may at any time sell any of the notes or other obligations acquired by him under this subsection. All redemptions, purchases, and sales by the Secretary of the Treasury of such notes or other obligations shall be treated as public debt transactions of the United States. There is authorized to be appropriated to the Secretary such sums as may be necessary to pay the principal and interest on the notes or obligations issued by him to the Secretary of the Treasury.

(4) Upon receipt of a request from the Association under this subsection requiring approvals by the Secretary of Education or the Secretary of the Treasury, the Secretary of Education or the Secretary of the Treasury shall act promptly either to grant approval or to advise the Association of the reasons for withholding approval. In no case shall such an approval be withheld for a period longer than sixty days unless, prior to the end of such period, the Secretary of Education and the Secretary of the Treasury submit to the Congress a detailed explanation of reasons for doing so.

(5) The Secretary of the Treasury is authorized to purchase any obligations issued by the Association pursuant to this subsection as now or hereafter in force, and for such purpose the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds of the sale of any securities hereafter issued under the Second Liberty Bond Act, as now or hereafter in force, and the purposes for which securities may be issued under the Second Liberty Bond Act, as now or hereafter in force are extended to include such purchases. The Secretary of the Treasury shall not at any time purchase any obligations under this subsection if such purchase would increase the aggregate principal amount of his then outstanding holdings of such obligations under this subsection to an amount greater than \$1,000,000,000. Each purchase of obligations by the Secretary of the Treasury under this subsection shall be upon such terms and conditions as to yield a return at a rate determined by the Secretary of the Treasury, taking into consideration the current average rate on outstanding marketable obligations of the United States of comparable maturities as of the last day of the month preceding the making of such purchase. The Secretary of the Treasury may, at any time, sell, upon such terms and conditions and at such price or prices as he shall determine, any of the obligations acquired by him under this subsection. All redemptions, purchases, and sales by the Secretary of the Treasury of such obligations under this subsection shall be treated as public debt transactions of the United States.

(6) Notwithstanding any other provision of law the Association is authorized to sell or issue obligations on the security of student loans, the payment of interest or principal of which has at any time been guaranteed under section 428 or 429 of this part, to the Federal Financing Bank.

(i) The Association shall have power—

- (1) to sue and be sued, complain and defend, in its corporate name and through its own counsel;
- (2) to adopt, alter, and use the corporate seal, which shall be judicially noticed;
- (3) to adopt, amend, and repeal by its Board of Directors, bylaws, rules, and regulations as may be necessary for the conduct of its business;

(4) to conduct its business, carry on its operations, and have officers and exercise the power granted by this section in any State without regard to any qualification or similar statute in any State;

(5) to lease, purchase, or otherwise acquire, own, hold, improve, use, or otherwise deal in and with any property, real, personal, or mixed, or any interest therein, wherever situated;

(6) to accept gifts or donations of services, or of property, real, personal, or mixed, tangible or intangible, in aid of any of the purposes of the Association;

(7) to sell, convey, mortgage, pledge, lease, exchange, and otherwise dispose of its property and assets;

(8) to appoint such officers, attorneys, employees, and agents as may be required, to determine their qualifications, to define their duties, to fix their salaries, require bonds for them and fix the penalty thereof; and

(9) to enter into contracts, to execute instruments, to incur liabilities, and do all things as are necessary or incidental to the proper management of its affairs and the proper conduct of its business.

(j) The accounts of the Association shall be audited annually. Such audits shall be conducted in accordance with generally accepted auditing standards by independent certified public accountants or by independent licensed public accountants, licensed on or before December 31, 1970, who are certified or licensed by a regulatory authority of a State or other political subdivision of the United States, except that independent public accountants licensed to practice by such regulatory authority after December 31, 1970, and persons who, although not so certified or licensed, meet, in the opinion of the Secretary, standards of education and experience representative of the highest standards prescribed by the licensing authorities of the several States which provide for the continuing licensing of public accountants and which are prescribed by the Secretary in appropriate regulations may perform such audits until December 31, 1975. A report of each such audit shall be furnished to the Secretary of the Treasury. The audit shall be conducted at the place or places where the accounts are normally kept. The representatives of the Secretary shall have access to all books, accounts, financial records, reports, files, and all other papers, things, or property belonging to or in use by the Association and necessary to facilitate the audit, and they shall be afforded full facilities for verifying transactions with the balances or securities held by depositaries, fiscal agents, and custodians.

(k) A report of each such audit for a fiscal year shall be made by the Secretary of the Treasury to the President and to the Congress not later than six months following the close of such fiscal year. The report shall set forth the scope of the audit and shall include a statement (showing intercorporate relations) of assets and liabilities, capital and surplus or deficit; a statement of surplus or deficit analysis; a statement of income and expense; a statement of sources and application of funds; and such comments and information as may be deemed necessary to keep the President and the Congress informed of the operations and financial condition of the Association, together with such recommendations with respect thereto as the Secretary may deem advisable, including a report of

any impairment of capital or lack of sufficient capital noted in the audit. A copy of each report shall be furnished to the Secretary, and to the Association.

(l) All obligations issued by the Association including those made under subsection (d)(4) shall be lawful investments, and may be accepted as security for all fiduciary, trust, and public funds, the investment or deposit of which shall be under authority or control of the United States or of any officer or officers thereof. All stock and obligations issued by the Association pursuant to this section shall be deemed to be exempt securities within the meaning of laws administered by the Securities and Exchange Commission, to the same extent as securities which are direct obligations of, or obligations guaranteed as to principal or interest by, the United States. The Association shall, for the purposes of section 14(b)(2) of the Federal Reserve Act, be deemed to be an agency of the United States. The obligations of the Association shall be deemed to be obligations of the United States for purposes of section 3701 of the Revised Statutes (31 U.S.C. 742). For the purpose of the distribution of its property pursuant to section 726 of title 11, United States Code, the Association shall be deemed a person within the meaning of such title. The priority established in favor of the United States by section 3466 of the Revised Statutes (31 U.S.C. 191) shall not establish a priority over the indebtedness of the Association issued or incurred on or before September 30, 1984.

(m) In order to furnish obligations for delivery by the Association, the Secretary of the Treasury is authorized to prepare such obligations in such form as the Board of Directors may approve, such obligations when prepared to be held in the Treasury subject to delivery upon order by the Association. The engraved plates, dies, bed pieces, and so forth, executed in connection therewith shall remain in the custody of the Secretary of the Treasury. The Association shall reimburse the Secretary of the Treasury for any expenditures made in the preparation, custody, and delivery of such obligations.

(n) The Association, shall, as soon as practicable after the end of each fiscal year, transmit to the President and the Congress a report of its operations and activities during each year.

(o)(1)(A) The Association or its designated agent may, upon request of a borrower who has received loans under this title from two or more programs or lenders, or has received any other federally insured or guaranteed student loan, and where the borrower's aggregate outstanding indebtedness is in excess of \$5,000, or where the borrower's aggregate outstanding indebtedness is in excess of \$7,500 from a single lender under this part, make, notwithstanding any other provision of this part limiting the maximum insured principal amount for all insured loans made to a borrower, a new loan to the borrower in an amount equal to the unpaid principal and accrued unpaid interest on the old loans. The proceeds of the new loan shall be used to discharge the liability on such old loans.

(B) The Association in making loans pursuant to this subsection in any State served by a State agency or nonprofit private institution or organization with which the Secretary has an agreement under section 428(b) or an eligible lender in a State described in section 435(g)(1) (D) or (F) may designate as its agent such agency, institution, organization, or lender to perform such functions as the

Association determines appropriate. Any agreements made pursuant to this subparagraph shall be on such terms and conditions as agreed upon by the Association and such agency, institution, organization, or lender.

(2) Loans made pursuant to this subsection shall be insurable either by the Secretary under section 429 with a certificate of comprehensive insurance coverage provided for under section 429(b)(1) or by a State or nonprofit private institution or organization with which the Secretary has an agreement under section 428(b), except that such State or nonprofit private institution or organization shall provide the Association with a certificate of comprehensive insurance coverage. The terms of loans made under this subsection shall be such as may be agreed upon by the borrower and the Association and meet the requirements of section 427, except that (A) the ten-year maximum period referred to in section 427(a)(2)(B) may be extended to no more than twenty years, and (B) clause (ii) of section 427(a)(2)(B) shall not be applicable.

(3)(A) Notwithstanding any other provision of this part, the Association, with the agreement of the borrower, may establish such repayment terms as it determines will promote the objectives of this subsection including, but not limited to, the establishment of graduated, income sensitive repayment schedules.

(B) For any borrower who has received two or more loans under this part bearing interest at the rate of 9 per centum per annum on the unpaid principal balance of the loan and who requests a new loan under this subsection for the purpose of consolidation on a date after the date on which the Secretary has made a determination under section 427A(b), the rate of interest on such new loan shall not exceed 8 per centum per annum on the unpaid principal balance of such new loan.

(4) The Association shall develop a program to ensure the dissemination of information to students, lenders, and institutions of higher education regarding the loans authorized by this subsection.

(5) The authority of the Association to make loans under this section shall terminate on August 1, 1983.

(p)(1) The Association shall make advances in each fiscal year from amounts available to it to each State agency, nonprofit institution or organization, and eligible lender described in subsection 428(h)(1) which has an agreement with the Association which sets forth that advances are necessary to enable such agency, institution, organization or lender to make student loans in accordance with section 428(h) of this title and that such advances will be repaid to the Association in accordance with such terms and conditions as may be set forth in the agreement and agreed to by the Association and such agency, institution, organization, or lender. Advances made under this subsection shall not be subject to section 439(d)(2) of this Act.

(2) No advance may be made under this subsection unless the State agency or nonprofit private institution, organization, or lender makes an application to the Association, which shall be accompanied by such information as the Association determines to be reasonably necessary.

(q)(1)(A) Whenever the Secretary determines that eligible borrowers in a State not served by a State agency or nonprofit private institution or organization having an agreement pursuant to section

428(b), or an eligible lender in a State described in section 435(g)(1)(D) or (F) are seeking and are unable to obtain loans under this part, the Association or its designated agent may begin making loans in accordance with this subsection at the request of the Secretary. The Association shall give preference to such States in making loans under this subsection.

(B) Loans made pursuant to this subsection shall be insurable by the Secretary under section 429 with a certificate of comprehensive insurance coverage provided for under section 429(b)(1).

(2)(A) Whenever the Secretary, after consultation with, and with the agreement of, representatives of the agency in a State or non-profit private institution or organization having an agreement pursuant to section 428(b), or an eligible lender in a State described in section 435(g)(1)(D), determines that a substantial portion of eligible borrowers in such State or within an area of such State are seeking and are unable to obtain loans under this part, the Association or its designated agent may begin making loans in accordance with this subsection at the request of the Secretary.

(B) Loans made pursuant to this subsection shall be insurable by the agency identified in subparagraph (A) having an agreement pursuant to section 428(b). For loans insured by such agency, the agency shall provide the Association with a certificate of comprehensive insurance coverage, if the Association and the agency have mutually agreed upon a means to determine that the agency has not already guaranteed a loan under this part to a student which would cause a subsequent loan made by the Association to be in violation of any provision under this part.

(3) The Association or its designated agent shall cease making loans under this part in any State at such time as it is determined by the Secretary, with regard to loans made under paragraph (1), or by any party to the agreement required by paragraph (2), that—

(A) the conditions which caused the implementation of this subsection have ceased to exist; or

(B) the implementation of this subsection has either (i) further reduced the availability of loans from other sources in the applicable geographical area, or (ii) inhibited the formation in a State of an agency which would have an agreement pursuant to section 428(b) of this part which would have the responsibility of developing local sources of funds for student loans.

## ALLOTMENTS TO STATES

SEC. 442. (a) From the sums appropriated to carry out this part for a fiscal year, the Secretary shall (1) allot not to exceed 1 per centum among Guam, American Samoa, the Trust Territory of the Pacific Islands, and the Virgin Islands according to their respective needs for assistance under this part, and (2) reserve the amount provided by subsection (f). Ninety per centum of the remainder of such sums shall be allotted among the States as provided in subsection (b).

(b) Of the sums being allotted under this subsection—

(1) one-third shall be allotted by the Secretary among the States so that the allotment to each State under this clause will be an amount which bears the same ratio to such one-third as the number of persons enrolled on a full-time basis in institutions of higher education in such State bears to the total number of persons enrolled on a full-time basis in institutions of higher education in all the States.

(2) one-third shall be allotted by the Secretary among the States so that the allotment to each State under this clause will be an amount which bears the same ratio to such one-third as the number of high school graduates (as defined in section 103(d)(3) of the Higher Education Facilities Act of 1963) of such State bears to the total number of such high school graduates of all the States, and

(3) one-third shall be allotted by him among the States so that the allotment to each State under this clause will be an amount which bears the same ratio to such one-third as the number of related children under eighteen years of age living in families with annual incomes of less than \$3,000 in such State bears to the number of related children under eighteen years of age living in families with annual incomes of less than \$3,000 in all the States.

<sup>1</sup> For special provisions concerning academic years 1983-1984 and 1984-1985, see the Student Financial Assistance Technical Amendment Act of 1982 printed at the end of title IV of this Act.

(c) Sums remaining after making the allotments provided for in other provisions of this section shall be allotted among the States by the Secretary in accordance with equitable criteria established by him which shall be designed to achieve a distribution of the sums appropriated to carry out this part among the States which will most effectively carry out the purpose of this part, except that where a State's allotment under subsection (b) for a fiscal year is less than its allotment under that subsection for the fiscal year ending June 30, 1972, before he makes any other allotments under this subsection, the Secretary shall allot sufficient additional sums to such State under this sentence to make the State's allotment for that year under subsection (b) equal to its allotment under such subsection for the fiscal year ending June 30, 1972. Sums allotted to a State under this subsection shall be consolidated with, and become a part of, its allotment from the same appropriation under subsection (b).

(d)(1) The amount of any State's allotment which has not been granted to an eligible institution under section 443 at the end of the fiscal year for which appropriated shall be reallocated by the Secretary in such manner as he determines will best assist in achieving the purposes of this Act, except that the Secretary shall give preference for the first 50 per centum of such reallocations to eligible institutions for use for initiating, improving, and expanding programs of cooperative education conducted in accordance with title VIII of this Act. Amounts reallocated under this subsection shall be available for making grants under section 443 until the close of the second fiscal year next succeeding the fiscal year for which appropriated.

(2) The requirement for preference under reallocation contained in the exception of the first sentence of paragraph (1) of this subsection shall be made upon application by the eligible institution to the Secretary in such manner and such form as the Secretary may require. The Secretary shall allot funds under such preference based upon the ratio of the number of students assisted under the cooperative education program authorized by title VIII for the fiscal year for which the determination is made enrolled in the eligible institution making application under this paragraph to the number of such students for such year enrolled in all-eligible institutions applying under this part.

(e) For purposes of this section, the term "State" does not include Guam, American Samoa, the Trust Territory of the Pacific Islands, and the Virgin Islands.

(f) From the appropriation for this part for each fiscal year the Secretary shall reserve an amount to provide work-study assistance to students who reside in, but who attend eligible institutions outside of, American Samoa or the Trust Territory of the Pacific Islands. The amount so reserved shall be allotted to eligible institutions and shall be available only for the purpose of providing work-study assistance to such students.

## GRANTS FOR WORK-STUDY PROGRAMS

SEC. 443. (a) The Secretary is authorized to enter into agreements with institutions of higher education under which the Secretary will make grants to such institutions to assist in the operation of work-study programs as provided in this part.

(b) An agreement entered into pursuant to this section shall—

(1) provide for the operation by the institution of a program for the part-time employment of its students in work for the institution itself (except in the case of a proprietary institution of higher education) or work in the public interest for a Federal, State, or local public agency or private nonprofit organization under an arrangement between the institution and such agency or organization, and such work—

(A) will not result in the displacement of employed workers or impair existing contracts for services;

(B) will be governed by such conditions of employment as will be appropriate and reasonable in light of such factors as type of work performed, geographical region, and proficiency of the employee;

(C) does not involve the construction, operation, or maintenance of so much of any facility as is used or is to be used for sectarian instruction or as a place for religious worship; and

(D) will not pay any wage to students employed under this subpart that is less than the current Federal minimum wage as mandated by section 6(a) of the Fair Labor Standards Act of 1938;

(2) provide that funds granted an institution of higher education, pursuant to section 443, may be used only to make payments to students participating in work-study programs, except that an institution may use a portion of the sums granted to it to meet administrative expenses in accordance with section 489 of this Act, may use a portion of the sums granted to it to meet the cost of a job location and development program in accordance with section 447 of this part, and may transfer funds in accordance with the provisions of section 488 of this Act;

(3) provide that in the selection of students for employment under such work-study program, only students who demonstrate financial need in accordance with the provisions of section 482, and who meet the requirements of section 484 will be assisted, except that each eligible institution may reserve and award not more than 10 per centum of the funds made available under this part for each fiscal year for less-than-half-time students who are determined by the institution to be in need of such grants and who meet the requirements of section 484, other than the requirement of clause (2) of section 484(a);

(4) provide that no student in a work-study program under this part shall be required to terminate that employment during a semester (or other regular enrollment period) at the time income derived from any employment (including work-study or non-work-study or both) is in excess of the determination of the amount of such student's need for that semester under clause (3) of this subsection, but when such excess income equals \$200 or more, continued employment under a

work-study program shall not be subsidized with funds appropriated under this part;

(5) provide that the institution will meet the requirements of section 487(2) of this Act (relating to maintenance of effort);

(6) provide that the Federal share of the compensation of students employed in the work-study program in accordance with the agreement will not exceed 80 per centum of such compensation; except that the Federal share may exceed 80 per centum of such compensation if the Secretary determines, pursuant to regulations adopted and promulgated by him establishing objective criteria for such determinations, that a Federal share in excess of 80 per centum is required in furtherance of the purposes of this part;

(7) include provisions to make employment under such work-study program reasonably available (to the extent of available funds) to all eligible students in the institution in need thereof, and to make equivalent employment offered or arranged by the institution reasonably available (to the extent of available funds) to all students in the institution who desire such employment;

(8) provide assurances that employment made available from funds under this part will, to the maximum extent practicable, complement and reinforce the educational program or vocational goals of each student receiving assistance under this part; and

(9) include such other provisions as the Secretary shall deem necessary or appropriate to carry out the purposes of this part.

(42 U.S.C. 2753) Enacted Aug. 20, 1964, P.L. 88-452, sec. 123, 78 Stat. 514; amended Nov. 8, 1965, P.L. 89-329, sec. 441(3), 79 Stat. 1249; amended Oct. 16, 1968, P.L. 90-575, secs. 131, 133, 139, 82 Stat. 1028-1030; amended Oct. 12, 1976, P.L. 94-482, sec. 128(b), 90 Stat. 2143; amended Oct. 3, 1980, P.L. 96-374, sec. 434, 94 Stat. 1434.

#### SOURCES OF MATCHING FUNDS

SEC. 445. Nothing in this part shall be construed as restricting the source (other than this part) from which the institution may pay its share of the compensation of a student employed under a work-study program covered by an agreement under this part, and such share may be paid to such student in the form of services and equipment (including tuition, room, board, and books) furnished by such institution.

#### EQUITABLE DISTRIBUTION OF ASSISTANCE

SEC. 446. (a) The Secretary shall establish criteria designed to achieve such distribution of assistance under this part among institutions of higher education within a State as will most effectively carry out the purposes of this Act. The criteria established under this subsection shall not result in any institution's receiving an amount less than the institution used under this section for fiscal year 1979, unless there is a substantial decline in the student enrollment of the institution.

(b) Of the sums granted to an eligible institution under this part for any fiscal year, 10 per centum may, at the discretion of the institution, remain available for expenditure during the succeeding fiscal year to carry out programs under this part. Any of the sums so granted to an institution for a fiscal year which are not needed by that institution to operate work-study programs during that fiscal year, and which it does not wish to use during the next fiscal year as authorized in the preceding sentence, shall remain available to the Secretary for making grants under section 443 to other institutions in the same State until the close of the second fiscal year next succeeding the fiscal year for which such funds were appropriated.

(c) Up to 10 per centum of the sums the Secretary determines an eligible institution may receive from funds which have been appropriated for a fiscal year may be used by the Secretary to make grants under this part to such institution for expenditure during the fiscal year preceding the fiscal year for which the sums were appropriated.

#### JOB LOCATION AND DEVELOPMENT PROGRAMS

SEC. 447. (a) The Secretary is authorized to enter into agreements with eligible institutions under which such institution may use not more than 10 per centum or \$25,000 of its allotment under section 446, whichever is less, to establish or expand a program under which such institution, separately, in combination with other eligible institutions, or through a contract with a nonprofit organization, locates and develops jobs for currently enrolled students which are suitable to the scheduling and other needs of such students.

(b) Agreements under subsection (a) shall—

- (1) provide that the Federal share of the cost of any program under this section will not exceed 80 per centum of such cost;
- (2) provide satisfactory assurance that funds available under this section will not be used to locate or develop jobs at an eligible institution;
- (3) provide satisfactory assurance that the institution will continue to spend in its own job location and development programs, from sources other than funds received under this section, not less than the average expenditures per year made during the most recent three fiscal years preceding the effective date of the agreement;
- (4) provide satisfactory assurance that funds available under this section will not be used for the location or development of jobs for students to obtain upon graduation, but rather for the location and development of jobs available to students during and between periods of attendance at such institution;
- (5) provide satisfactory assurance that the location or development of jobs pursuant to programs assisted under this section will not result in the displacement of employed workers or impair existing contracts for services;

(6) provide satisfactory assurance that Federal funds used for the purposes of this section can realistically be expected to help generate student wages exceeding in the aggregate the amount of such funds and that if such funds are used to contract with another organization, appropriate performance standards are part of such contract; and

(7) provide that the institution will submit to the Secretary an annual report on the uses made of funds provided under this section and an evaluation of the effectiveness of such program in benefiting the students of such institution.

SEC. 448. (a) The purpose of this section is to encourage and enable institutions of higher education to develop work study programs involving eligible students in community service-learning designed to develop, improve, or expand services for low-income individuals and families or to solve particular problems related to the needs of low-income individuals.

(b) For the purpose of this section—

(1) "community service-learning" means a program of student work that—

(c) Each institution participating under this part may use funds made available under the last sentence of section 489(a) to conduct that institution's program of community service-learning, including—

(1) development of mechanisms to assure the academic quality of the student experience,

(2) assuring student access to educational resources, expertise, and supervision necessary to achieve community service objectives, and

(3) collaboration with public and private nonprofit agencies in the planning and administration of such programs.

(Note: Secs. 137(c) and (d) of P.L. 92-318 provide as follows:)

(c) In the case of a loan made before July 1, 1972, under Title II of the National Defense Education Act of 1958 not to exceed 50 per centum of such loan (1) shall be canceled for service by the borrower as a full-time teacher in a public or other nonprofit elementary or secondary school in a State, in an institution of higher education, or in an elementary or secondary school overseas of the Armed Forces of the United States at the rate of 10 per centum of the total amount of such loan for each complete academic year of such service, except that (A) such rate shall be 15 per centum for each complete academic year of service as a full-time teacher in a public or other nonprofit elementary or secondary school which is in the school district of a local educational agency which is eligible in such year for assistance pursuant to Title I of the Elementary and Secondary Education Act of 1965, as amended, and which for purposes of this paragraph and for that year has been determined by the Commissioner (pursuant to regulations and after consultation with the State educational agency of the State in which the school is located) to be a school in which there is a high concentration of students from low-income families, except that (unless all of the schools so determined are schools in which the enrollment of children described in clause (A), (B), or (C) of section 103(a)(2) of such title (using a low-income factor of \$3,000) exceeds 50 per centum of the total enrollment of the school) the Commissioner shall not make such determination with respect to more than 25 per centum of the total of the public and other nonprofit elementary and secondary schools in any one State for any one year, (B) such rate shall be 15 per centum for each complete academic year of service as a full-time teacher of handicapped children (including mentally retarded, hard of hearing, deaf, speech impaired, visually handicapped, seriously emotionally disturbed, or other health impaired children

who by reason thereof require special education) in a public or other nonprofit elementary or secondary school system, and (C) for the purpose of any cancellation pursuant to clause (A) or (B), an additional 50 per centum of any such loan may be cancelled, and (2) shall be cancelled for service by the borrower after June 30, 1970, as a member of the Armed Forces of the United States at the rate of 12½ per centum of the total amount of such loan for each year of consecutive service, but only if such loan was made after April 13, 1970.

In accordance with regulations of the Commissioner, except as provided in subsection (c) all rights, privileges, duties, functions, and obligations under such title II prior to the enactment of this Act shall be deemed to be vested, as the Commissioner determines to be appropriate under such part E. Any student loan fund established under an agreement under such title II shall, in accordance with regulations, be deemed to have been established under such part E, and any assets of such student loan fund of any institution shall be deemed to be the assets of a student loan fund established under an agreement of that institution with the Commissioner under such part E.

#### APPORTIONMENT OF APPROPRIATIONS <sup>1</sup>

SEC. 462. (a)(1) From 90 per centum of the sums appropriated pursuant to section 461(b)(1) for any fiscal year, the Secretary shall apportion to each State an amount which bears the same ratio to the amount so appropriated as the number of persons enrolled on a full-time basis in institutions of higher education, as determined by the Secretary for the most recent year for which satisfactory data are available to him, in such State, bears to the total number of persons so enrolled in all the States. The remainder of the sums so appropriated shall be apportioned among the States by the Secretary in accordance with equitable criteria which he shall establish and which shall be designed to achieve a distribution of the sums so appropriated among the States which will most effectively carry out the purpose of this part, except that where any State's apportionment under the first sentence for a fiscal year is less than its allotment under section 202(a) of the National Defense Education Act of 1958 for the fiscal year ending June 30, 1972, before he makes any other apportionments under this sentence, the Secretary shall apportion sufficient additional sums to such State under this sentence to make the State's apportionment for that year under this paragraph equal to its allotment for the fiscal year ending June 30, 1972, under such section 202(a). Sums apportioned to a State under the preceding sentence shall be consolidated with, and become a part of, its apportionment from the same appropriation under the first sentence of this paragraph.

(2) Any sums appropriated pursuant to section 461(b)(2) for any fiscal year shall be apportioned among institutions of higher education in such a manner as the Secretary determines will best accomplish the purpose for which they were appropriated.

(b)(1) Any institution of higher education desiring to receive payments of Federal capital contributions from the apportionment of the State in which it is located for any fiscal year shall make an agreement under section 463 and shall submit an application therefor to the Secretary, in accordance with the provisions of this part.

<sup>1</sup> For special provisions concerning academic years 1983-1984 and 1984-1985, see the Student Financial Assistance Technical Amendment Act of 1982 printed at the end of title IV of this Act.

The Secretary shall, from time to time, set dates before which such institutions must file applications under this section.

(2) The Secretary shall pay to each applicant under this subsection which has an agreement with him under section 463, from the amount apportioned to the State in which it is located, the amount requested in such application. Such payment may be made in such installments as the Secretary determines will not result in unnecessary accumulations of capital in the student loan fund of the applicant established under its agreements under section 463.

(c)(1)(A) If the total amount of Federal capital contributions requested in the applications from a State for any fiscal year exceeds the amount apportioned to that State, the request from each institution shall be reduced ratably.

(B) In case additional amounts become available for payments to student loan funds in a State in which requests have been ratably reduced under subparagraph (A), such requests shall be increased on the same basis as they were reduced, except that no request shall be increased above the request submitted under subsection (b)(1).

(2) If the amount of an apportionment to a State for any fiscal year exceeds the total amount of Federal capital contributions requested in applications from that State, such excess shall be available for reapportionment from time to time on such date or dates as the Secretary shall fix. From the aggregate of such excess for any fiscal year, the Secretary shall reapportion to each State in which requests were reduced under subparagraph (A) of paragraph (1) an amount which bears the same ratio to such aggregate as the total amount of such reduction in that State bears to the total amount of such reductions in all the States.

The Secretary of the Treasury may direct that any such issuance by the Secretary be sold to the Department of the Treasury for its own account or to the Federal Financing Bank.

(2) The Secretary of the Treasury is authorized and directed to purchase any obligations issued under this section, and for that purpose, the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds from the sale of any securities hereafter issued under the Second Liberty Bond Act, and the purposes for which securities may be issued under the Second Liberty Bond Act are extended to include such purchases. The engraved plates, dies, bed pieces, and so forth, executed in connection therewith shall remain in the custody of the Secretary of the Treasury. The Secretary shall reimburse the Secretary of the Treasury for any expenses incurred in the preparation, custody, and delivery of such notes, debentures, bonds, or other obligations.

In case additional amounts become available for such contributions in any fiscal year in which requests have been so reduced, such requests shall be increased on the same basis as they were reduced, except that no such request shall be increased above the amount requested in the application.

(1) The Secretary shall first be paid an amount which bears the same ratio to the balance in such fund (excluding any portion of such balance which was deposited pursuant to section 463(a)(2)(C)) as the total amount of Federal capital contributions to such fund by the Secretary from funds appropriated under section 461 or under title II of the National Defense Education Act of 1958 bears to the sum of such Federal capital contributions and the institution's capital contribution to such fund. Such amounts shall be deposited in the Treasury of the United States.

(2) The remainder of such balance, excluding any portion of such balance which was deposited pursuant to section 463(a)(2)(C), shall be paid to the institution.

SEC. 482. (a)(1) For the purpose of determining a student's need for financial assistance under this title (other than under subpart 3 of part A and under part B), the Secretary shall publish in the Federal Register, no later than July 1, 1981, April 1, 1982, and on April 1 of each succeeding calendar year, a proposed schedule of expected family contributions for the academic year which begins after July 1 of the calendar year which succeeds such calendar year for various levels of family income, which, together with any amendments published in the Federal Register, no later than September 1, 1981, June 1, 1982, and June 1 of each succeeding year, shall become effective July 1 of the calendar year which succeeds such calendar year, except as is otherwise provided in paragraph (2). This procedure shall be repeated until neither the Senate nor the House of Representatives adopts a resolution of disapproval. (C) if net assets include farm or business assets, deducting an additional asset reserve of not less than \$50,000 from the net assets.

(c)(1) The Secretary shall promulgate special regulations for determining the expected family contribution and effective family income of an independent student. Such special regulations shall

be consistent with the basic criteria set forth in paragraph (2) of subsection (b). In addition, such regulations shall—

(A) provide that the portion of assets which shall be exempt from assessment for contribution for an independent student who has one or more dependents shall be the same as the portion so exempt for the family of a dependent student;

(C) in establishing a portion of effective family income which shall be exempt from assessment for contribution by reason of subsistence requirements of independent students who have no dependents, use the same method for computation of such portion for such students as is used for dependent students and for independent students who have dependents;

(D) in determining the family contribution for an independent student who has one or more dependents, provide that the assessment rate which is to be applied to the student's discretionary income shall be the same as the assessment rate applied to discretionary income of the family of a dependent student; and

(E) provide that a married student shall be considered independent if, notwithstanding prior dependency status, such student certifies that in the year of application he (i) will not live with parents for more than six weeks; (ii) will not be claimed by parents as a dependent on any tax return filed for purposes of Federal income taxes; and (iii) will not receive more than \$750 in support from parents.

(2) For purposes of this title, the term "independent student" means a student who is determined, pursuant to regulations of the Secretary, to be independent of the parents or legal guardians of the student.

(B) for students without dependents residing in institutionally owned or operated housing, shall be a standard allowance determined by the institution based on the amount normally assessed most of its residents for room and board;

(C) for all other students without dependents, shall be a standard allowance determined by the institution based on the expenses reasonably incurred by such students for room and board; and

(D) for students with dependents, shall be an allowance based on the expenses reasonably incurred by such students for room and board;

(4) for a student engaged in a program of study by correspondence, only tuition and fees and, if required, books and supplies, and travel and room and board costs incurred specifically in fulfilling a required period of residential training;

(5) for a student enrolled in an academic program which normally includes a formal program of study abroad, reasonable costs associated with such study;

(6) for a student with dependent children, an allowance based on the expenses reasonably incurred for child care; and

(7) for a handicapped student, an allowance for those expenses related to his handicap, including special services, transportation, equipment, and supplies that are reasonably incurred and not provided for by other assisting agencies.

(e) Nothing in this section shall prohibit an institution, in individual cases, from adjusting the financial need determination for a student aided under subpart 2 of part A or part C or E of this title if the basis for such adjustment is documented.

No student or parent of a student shall be charged a fee for processing the data elements of the form prescribed by the Secretary. The Secretary shall, to the extent practicable, enter into not less than three contracts with States, institutions of higher education, or private organizations for the purpose of processing the application required under this subsection and issuing eligibility reports. The Secretary may also contract for additional services to assure coordination of financial aid from both Federal and non-Federal sources, and to provide information, training, and similar services to institutions, aid officers, counselors, lenders, parents and students. Nothing in this section shall prohibit States, institutions, or private organizations from simultaneously collecting data elements, in addition to the data elements prescribed by the Secretary, as may be necessary to determine the eligibility of a student for financial aid funds not covered by this title (or covered under subpart 3 of part A or under part B of this title).

(b) Copies of all rules, regulations, guidelines, instructions, and application forms published or promulgated pursuant to this title shall be provided to the Committee on Labor and Human Resources of the Senate and the Committee on Education and Labor of the House of Representatives at least thirty days prior to their effective date.

(c) To help insure access to postsecondary education by providing early notice to students of their potential eligibility for financial aid, the Secretary is authorized to enter into contracts with States,

institutions of higher education, and private organizations for the purpose of—

- (1) developing a common pre-eligibility Federal financial aid form,
- (2) distributing and processing such form on a year-round basis free of charge to students, and

The Secretary shall widely disseminate the pre-eligibility form through post offices and other appropriate Federal installations, schools, postsecondary institutions, libraries, and community-based agencies, including projects assisted under subpart 4 of part A of this title.

The agreement shall condition the initial and continuing eligibility of an institution to participate in a program upon compliance with the following requirements:

(1) The institution will use funds received by it for any program under this title solely for the purposes specified in, and in accordance with, the provisions of that program.

(2) In the case of an institution participating in any program authorized under subpart 2 of part A or part C of this title for any fiscal year, the institution will continue to spend in its own scholarship and student aid program, from sources other than funds received under such parts, not less than the average expenditures per year made for that purpose during the most recent period of three fiscal years preceding the effective date of the program participation agreement, except that, under special and unusual circumstances prescribed by regulation, the Secretary is authorized to waive the requirements of this paragraph.

(3) The institution will establish and maintain such administrative and fiscal procedures and records as may be necessary to ensure proper and efficient administration of funds received from the Secretary or from students under this title.

(4) The institution will comply with the provisions of subsection (b) of this section and the regulations prescribed under that subsection, relating to fiscal eligibility.

(5) The institution will submit reports to the Secretary and, in the case of an institution participating in a program under part B or part E, to holders of loans made to the institution's students under such parts at such times and containing such information as the Secretary may reasonably require to carry out the purposes of this title.

(6) The institution will comply with the requirements of section 485.

(b)(1) Notwithstanding any other provisions of this title, the Secretary is authorized to prescribe such regulations as may be necessary to provide for—

(A) a fiscal audit of an eligible institution with regard to any funds obtained by it under this title or obtained from a student who has a loan insured or guaranteed by the Secretary under this title;

(B) the establishment of reasonable standards of financial responsibility and appropriate institutional capability for the administration by an eligible institution of a program of student financial aid under this title;

(D) the limitation, suspension, or termination of the eligibility for any program under this title of any otherwise eligible institution, or the imposition of a civil penalty under paragraph (2)(B) whenever the Secretary has determined, after reasonable notice and opportunity for hearing on the record, that such institution has violated or failed to carry out any provision of this title or any regulation prescribed under this title, except that no period of suspension under this section shall exceed sixty days unless the institution and the Secretary agree to an extension or unless limitation or termination proceedings are initiated by the Secretary within that period of time.

(2)(A) Upon determination, after reasonable notice and opportunity for a hearing on the record, that an eligible institution has engaged in substantial misrepresentation of the nature of its educational program, its financial charges, or the employability of its graduates, the Secretary may suspend or terminate the eligibility status for any or all programs under this title of any otherwise eligible institution, in accordance with procedures specified in paragraph (1)(D) of this subsection, until the Secretary finds that such practices have been corrected.

(B)(i) Upon determination, after reasonable notice and opportunity for a hearing on the record, that an eligible institution—

(I) has violated or failed to carry out any provision of this title or any regulation prescribed under this title; or

(II) has engaged in substantial misrepresentation of the nature of its educational program, its financial charges, and the employability of its graduates,

the Secretary may impose a civil penalty upon such institution of not to exceed \$25,000 for each violation or misrepresentation.

(ii) Any civil penalty may be compromised by the Secretary. In determining the amount of such penalty, or the amount agreed upon in compromise, the appropriateness of the penalty to the size of the institution of higher education subject to the determination, and the gravity of the violation, failure, or misrepresentation shall be considered. The amount of such penalty, when finally determined, or the amount agreed upon in compromise, may be deduct-

ed from any sums owing by the United States to the institution charged.

(3) The Secretary shall publish a list of State agencies which the Secretary determines to be reliable authority as to the quality of public postsecondary vocational education in their respective States for the purpose of determining eligibility for all Federal student assistance programs.

(3)(A) The Commission shall make a study of an improved method or methods for determination of the quarterly rate of special allowances paid under part B of this title which the Commission determines will carry out the objectives set forth in section 438(a).

(B) The Commission shall make every effort to reach a unanimous decision with respect to the method for determination of the quarterly rate of the special allowances required to be studied by this paragraph.

(C) In developing the method for the determination of the quarterly rate of the special allowances under this paragraph, the Commission shall consider—

(i) the experiences of students and eligible lenders under the method in operation during the period of the study,

(ii) the administrative costs of various types of eligible lenders under part B of title IV,

(iii) relevant and widely available financial indicators which accurately reflect the costs of capital invested in programs under such part, or substitute financial indicators which equitably represent the cost of such capital,

(iv) an administrative mechanism necessary to produce a prompt and rapidly disseminated determination of the quarterly rate of the special allowances, in order to avoid delays in the determination and dissemination of that rate and in the actual payment of the special allowances to eligible lenders; and

(v) such other factors as the Commission considers necessary to carry out the purposes of section 438(a).

(4) The Commission shall conduct a study to determine if institutions of higher education which meet the requirements of section 1201(a) (other than the provisions of subclauses (A) and (B) of clause (5) of such section), but fail to meet such requirements because the institution is not located in a State, should be included in the definition of institution of higher education under section 481.

(I) the major fields of knowledge which need to attract the most able and talented students of each generation if they are to remain strong and vigorous; and

(II) the Nation as a whole, if some of its most promising students are precluded because of financial circumstances from developing their capacities and abilities to the fullest possible extent;

(iv) assess the desirability of modifying existing Federal fellowship and student assistance programs or establishing a new Federal graduate student assistance program in which the selection of students and the amounts of their awards are based on merit or financial need or both, particularly with regard to the special needs of students in the humanities and social sciences or other disciplines; and

(v) examine and assess the financial and educational needs of individuals from disadvantaged backgrounds in order to enhance their participation in graduate and professional education and their potential for employment in occupational areas where these individuals are underrepresented.

In conducting such study, the Commission shall analyze the long term effect on the Budget of the United States of recapturing the interest subsidy in accordance with such proposal outlined in this paragraph and the impact of such proposal on the availability of funds for postsecondary education for students.

(B) In conducting the study under this paragraph, the Commission shall also consider other alternative proposals designed to

reduce the cost of the guaranteed student loan program under part B of title IV in fiscal years subsequent to fiscal year 1982 and the impact of such proposals on the availability of funds for postsecondary education for students.

Such grants, gifts, or bequests, after acceptance by the Commission, shall be paid by the donor or his representative to the Treasurer of the United States whose receipts shall be their acquittance. The Treasurer of the United States shall enter them in a special account to the credit of the Commission for the purposes in each case specified.

(8) Six members of the Commission shall constitute a quorum, but a lesser number of two or more may conduct hearings.

(b)(1) For the purpose of making grants to public community colleges and public technical institutes, the Secretary shall allot to each State an amount which bears the same ratio to the amount available for allotment under this subsection as the product of—

(C) Allotment ratios shall be promulgated annually by the Secretary on the basis of the average personal income in the State and in all the States for the three most recent consecutive calendar years for which data are available from the Department of Commerce.

100

(c) For the purpose of making grants to all other institutions of higher education, the Secretary shall allot to each State—

(2) an amount which bears the same ratio to 50 per centum of the amount available for allotment under this subsection as the number of students enrolled in grades nine through twelve of schools in such State bears to the total number of students so enrolled in all the States.

(d) The aggregate amount allotted to any State under subsections (b) and (c) for any fiscal year shall not be less than \$100,000. If the sums appropriated pursuant to section 702 are not sufficient to make payments to each State, then the amount of each State's allotment shall be ratably reduced.

(e) Any portion of a State's allotment under subsections (b) and (c) for any fiscal year for which applications from qualified institutions have not been received by the State agency prior to January 1 of such fiscal year shall, by request, be available for payment of the Federal share of cost of other approved projects.

(f) Amounts allotted under this section for any fiscal year which are not used by the close of the fiscal year, shall be reallocated by the Secretary among the States which are able to use these funds without delay during the next fiscal year.

(2) the applicant is unable to secure the loan from other sources upon terms and conditions equally as favorable as those applicable to loans under this part;

(3) the project will be undertaken in an economical manner; and

(4) for any project with regard to an infirmary or other outpatient care facility for students and institutional personnel, assistance will not be provided under title IV of the Housing Act of 1950.

(20 U.S.C. 1432d) Enacted October 3, 1954, Pub. Law 83-354, sec. 701, 94 Stat. 1475.

GENERAL PROVISIONS FOR LOAN PROGRAM

SEC. 732. (a) Financial transactions of the Secretary, except with respect to administrative expenses, shall be final and conclusive on all officers of the Government and shall not be reviewable by any court.

(b) In the performance of, and with respect to, the functions vested in him by this part, the Secretary may—

(1) prescribe such rules and regulations as may be necessary to carry out the purposes of this part;

(2) sue and be sued in any court of record of a State having general jurisdiction or in any district court of the United States, and such district courts shall have jurisdiction of civil actions arising under this part without regard to the amount in controversy; and any action instituted under this subsection by or against the Secretary shall survive notwithstanding any change in the person occupying the office of the Secretary or any vacancy in such office; but no attachment, injunction, garnishment, or other similar process, mesne or final, shall be issued against the Secretary or property under his control, and nothing herein shall be construed to except litigation arising out of activities under this part from the application of sections 507(b) and 517 and 2679 of title 28, United States Code;

(3) foreclose on any property and bid for and purchase at any foreclosure, or any other sale, any property in connection with which he has made a loan pursuant to this part; in the event of such an acquisition, notwithstanding any other provisions of law relating to the acquisition, handling, or disposal of real property by the United States, the Secretary may complete, administer, remodel and convert, dispose of, lease and otherwise deal with, such property; except that (A) such action shall not preclude any other action by him to recover any deficiency in the amounts loaned and (B) any such acquisition of real property shall not deprive any State or political subdivision thereof of its civil or criminal jurisdiction in and over such property or impair the civil rights under the State or local laws of the inhabitants on such property;

(4) sell, exchange, or lease real or personal property and securities or obligations;

(5) modify, with respect to the rate of interest, the time of payment of principal, interest, security, or any other term of any contract or agreement to which he is a party, including (A) granting a moratorium on the repayment of principal or interest to a party temporarily unable to make such repayment without undue financial hardship provided the applicant files, and the Secretary approves, a plan to make repayment, and (B) for any party for which a loan has been authorized prior to January 1, 1976, granting the option to pay into the fund pursuant to section 733, 75 per centum of the party's total obligation if the party desiring to exercise such option makes payment from non-Federal sources prior to October 1, 1985; and

(6) include in any contract such other covenants, conditions, or provisions necessary to ensure that the purposes of this title will be achieved.

(20 U.S.C. 1132d-1) Enacted October 3, 1980; P.L. 96-374; sec. 701; 94 Stat. 1475.

The total of any loans made from the fund in any fiscal year shall not exceed limitations specified in appropriations Acts.

(b)(1) The Secretary shall transfer to the fund appropriations provided under section 702 to provide capital for making loans. Interest and principal payments on loans, and any other moneys, property, or assets derived from activities under this part shall be deposited in the fund.

(2) All loans, expenses, and payments pursuant to operation of this part shall be paid from the fund, including expenses and payments in connection with sales pursuant to section 302(c) of the Federal National Mortgage Association Charter Act, of participations in obligations acquired under this part. At the close of each fiscal year, the Secretary shall determine the average interest on the cumulative amount of funds paid out for loans under this part less the average undisbursed cash balance in the fund during the year. The interest rate shall be determined by the Secretary of the Treasury, taking

into consideration the average market yield on outstanding Treasury obligations of maturity comparable to the average maturity of loans made by the fund during the month preceding each fiscal year. Interest payments may be deferred with the approval of the Secretary of the Treasury, but interest payments so deferred shall themselves bear interest. If the Secretary determines that moneys in the fund exceed the present and prospective needs of the fund, the excess must be transferred to the general fund of the Treasury.

(20 U.S.C. 1133) Enacted October 3, 1980, P.L. 96-374, sec. 701, 94 Stat. 1476.

#### ANNUAL INTEREST GRANTS

SEC. 734. (a) To assist institutions of higher education and higher education building agencies in reducing the cost of borrowing from other sources for projects under this part, the Secretary may make annual interest grants to such institutions and agencies with respect to any project made over a fixed period not exceeding forty years, and provision for the grants shall be embodied in the contract guaranteeing their payment. Grants shall not be greater than the difference between (1) the average annual debt service which would be required to be paid during the life of the loan on the amount borrowed from other sources for the construction of such facilities, and (2) the average annual debt service which the institution or agency would have been required to pay during the life of the loan if the applicable interest rate had been determined by the Secretary in accordance with section 731(b).

(b) The total amount of annual interest grants which may be paid to institutions of higher education and higher education building agencies in any year pursuant to contracts entered into for such year under this section shall not exceed \$13,500,000.

(c) The total payment for any fiscal year made to institutions of higher education and higher education building agencies in any State shall not exceed 12.5 per centum of sums appropriated for this section.

(d) No annual interest grant shall be made unless (1) assurance is provided that not less than 10 per centum of the costs of the project will be financed from non-Federal sources, (2) the applicant is unable to secure a loan from other sources upon terms and conditions as favorable as those applicable to loans under this title, and (3) the project will be undertaken in an economical manner. Loans for which an interest grant is made shall, for purposes of this section only, not be considered financing from a non-Federal source.

(20 U.S.C. 1132d-3) Enacted October 3, 1980, P.L. 96-374, sec. 701, 94 Stat. 1477.

#### ACADEMIC FACILITIES LOAN INSURANCE

SEC. 735. (a)(1) In order to assist institutions of higher education and higher education building agencies to procure loans for programs consistent with the purposes of this title, the Secretary may insure the payment of interest and principal on such loans if such institutions and agencies meet criteria prescribed under section 734 for the making of annual interest grants.

(2) No loan insurance may apply to any loan principal which exceeds 90 per centum of the development cost of the academic facility.

(b)(1) The United States shall be entitled to recover from any institution or agency to which loan insurance has been issued under this section the amount of any payment made pursuant to that insurance, unless the Secretary waives its right of recovery. Upon making any such payment, the United States shall be subrogated to all of the rights of the recipient of the payment with respect to which the payment was made.

(2) Any insurance issued under subsection (a) shall be incontestable in the hands of the institution or agency on whose behalf insurance is issued, and as to any lenders which make or contract to make a loan to such institution or agency in reliance thereon, except for fraud or misrepresentation on the part of such institution or agency or on the part of the lender who makes or contracts to make such loan.

(c) Insurance may be issued by the Secretary under subsection (a) only if he determines that the terms, conditions, maturity, security (if any), and schedule and amounts of repayments with respect to the loan are sufficient to protect the financial interests of the United States and are otherwise reasonable and in accord with regulations, including a determination that the rate of interest does not exceed a per centum per annum on the principal obligation outstanding as the Secretary determines to be reasonable, considering interest rates prevailing in the private market for similar loans and the risks assumed by the United States. The Secretary may charge a premium for such insurance in an amount determined by him to be necessary to cover administrative expenses and probable losses under subsections (a) and (b). Such insurance shall be subject to such further terms and conditions as the Secretary determines to be necessary.

(20 U.S.C. 1132d-3) Enacted October 3, 1980, P.L. 96-374, sec. 701, 94 Stat. 1477.

#### PART D—GENERAL

##### RECOVERY OF PAYMENTS

SEC. 741. (a) The Congress declares that, if a facility constructed with the aid of a grant under part A or B of this title is used as an academic facility for twenty years following completion of such construction, the public benefit accruing to the United States will equal in value the amount of the grant. The period of twenty years after completion of such construction shall therefore be deemed to be the period of Federal interest in such facility for the purposes of this title.

(b) If, within twenty years after completion of construction of an academic facility which has been constructed, in part with a grant under part A or B of this title—

(1) the applicant (or its successor in title or possession) ceases or fails to be a public or nonprofit institution, or

(2) the facility ceases to be used as an academic facility, or the facility is used as a facility excluded from the term "academic facility", unless the Secretary determines that there is good cause for releasing the institution from its obligation, the United States shall be entitled to recover from such applicant (or successor) an amount which bears to the value of the facility at that time (or so much thereof as constituted an approved project or

projects) the same ratio as the amount of Federal grant bore to the cost of the facility financed with the aid of such grant. The value shall be determined by agreement of the parties or by action brought in the United States district court for the district in which such facility is situated.

(c) Notwithstanding the provisions of subsections (a) and (b), no project assisted with funds under this title shall ever be used for religious worship or a sectarian activity or for a school or department of divinity.

(20 U.S.C. 1132(a)(1), acted June 23, 1972, P.L. 92-318, sec. 161, 86 Stat. 295; amended October 12, 1976, P.L. 94-482; sec. 161(c), 90 Stat. 2156; sec. 162(a)(3), 90 Stat. 2157; amended October 3, 1980; P.L. 96-374; sec. 701, 94 Stat. 1478.

(B) The term "reconstruction or renovation" means rehabilitation, alteration, conversion, or improvement (including the acquisition and installation of initial equipment, or modernization or replacement of such equipment) of existing structures. For the purposes of the preceding sentence, the term "equipment" includes, in addition to machinery, utilities, and built-in equipment and any necessary enclosures or structures to house them, all other items necessary for the functioning of a particular facility as an academic facility, including necessary furniture, except books, curricular, and program materials, and items of current and operating expense such as fuel, supplies, and the like; the term "initial equipment" means equipment acquired and installed either in connection with construction as defined in paragraph (2)(A), or as part of the rehabilitation, alteration, conversion, or improvement of an existing structure, which structure would otherwise not be adequate for use as an academic facility; the terms "equipment", "initial equipment", and "built-in equipment" shall be more particularly defined by the Secretary by regulation; and the term "rehabilitation, alteration, conversion, or improvement" includes such action as may be necessary to provide for the architectural needs of, or to remove architectural barriers to, handicapped persons with a view toward increasing the accessibility to, and use of, academic facilities by such persons.

(3)(A) The term "development cost", with respect to an academic facility, means the amount found by the Secretary to be the cost, to the applicant for a grant or loan under this title, of the construction, reconstruction, or renovation involved and the cost of necessary acquisition of the land on which the facility is located and of necessary site improvements to permit its use for such facility. There shall be excluded from the development cost—

- (i) in determining the amount of any grant under part A or B, an amount equal to the sum of (1) any Federal grant

which the institution has obtained or is assured of obtaining, under any law other than this title, with respect to the construction, reconstruction, or renovation that is to be financed with the aid of a grant under part A or B; and (II) the amount of any non-Federal funds required to be expended as a condition of such other Federal grant; and

(ii) in determining the amount of any loan under part C, an amount equal to the amount of any Federal financial assistance which the institution has obtained, or is assured of obtaining, under any law other than this title, with respect to the construction, reconstruction, or renovation that is to be financed with the aid of a loan under part C.

(B) In determining the development cost with respect to an academic facility, the Secretary may include expenditures for works of art for the facility of not to exceed 1 per centum of the total cost (including such expenditures) to the applicant of construction, reconstruction, or renovation of, and land acquisition and site improvements for, such facility.

AN ACT To recognize the fifty years of extraordinary and selfless public service of Herbert Hoover, including his many great humanitarian endeavors, his chairmanship of two Commissions of the Organization of the Executive Branch, and his service as thirty-first President of the United States, and in commemoration of the one hundredth anniversary of his birth on August-10, 1974, by providing grants to the Hoover Institution on War, Revolution, and Peace

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That (a) in order to establish an appropriate memorial to the late President Herbert Hoover, the Secretary of the Treasury (hereinafter referred to as the "Secretary") is authorized to make grants, in accordance with the provisions of this Act, to the Hoover Institution on War, Revolution, and Peace, Stanford University, Stanford, California.

(b) No grant may be made under this Act for any fiscal year unless—

(1) the Secretary determines that the total of such grants for that year will not exceed the total amount of gifts, bequests, and devises of money, securities, and other property, made after the date of enactment of this Act, for that year for the benefit of the Hoover Institution on War, Revolution, and Peace; and

(2) the facility ceases to be used as an educational facility, unless the Secretary determines that there is good cause for releasing the institution from its obligation,

the United States shall be entitled to recover from such Institution (or successor) an amount which bears to the then value of the facility the same ratio as the amount of such Federal grant or grants bore to the development cost of the facility (as determined by the Secretary) financed with the aid of such grant or grants. Such value shall be determined by agreement of the parties or by action

brought in the United States district court for the district in which such facility is situated.

(c) Notwithstanding the provisions of subsections (a) and (b), no facility constructed with assistance under this Act shall ever be used for religious worship or a sectarian activity or for a school or department of divinity.

PART III—MUSEUMS, ARTS AND HUMANITIES, NATIONAL  
SCIENCE FOUNDATION

National Foundation on the Arts and the Humanities

(P.L. 89-209)

AN ACT To provide for the establishment of the National Foundation on the Arts and the Humanities to promote progress and scholarship in the humanities and the arts in the United States, and for other purposes.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "National Foundation on the Arts and the Humanities Act of 1965."*

(20 U.S.C. 951, note) Enacted Sept. 29, 1965, P.L. 89-202, sec. 1, 79 Stat. 845.

DECLARATION OF PURPOSE

SEC. 2. The Congress hereby finds and declares—

(1) that the encouragement and support of national progress and scholarship in the humanities and the arts, while primarily a matter for private and local initiative, is also an appropriate matter of concern to the Federal Government;

(2) that a high civilization must not limit its efforts to science and technology alone but must give full value and support to the other great branches of man's scholarly and cultural activity in order to achieve a better understanding of the past, a better analysis of the present, and a better view of the future;

(3) that democracy demands wisdom and vision in its citizens and that it must therefore foster and support a form of education designed to make men masters of their technology and not its unthinking servant;

(4) that it is necessary and appropriate for the Federal Government to complement, assist, and add to programs for the advancement of the humanities and the arts by local, State, regional, and private agencies and their organizations;

(5) that the practice of art and the study of the humanities requires constant dedication and devotion and that, while no government can call a great artist or scholar into existence it is necessary and appropriate for the Federal Government to help create and sustain not only a climate encouraging freedom of thought, imagination, and inquiry but also the material conditions facilitating the release of this creative talent;

(6) that the world leadership which has come to the United States cannot rest solely upon superior power, wealth, and technology, but must be solidly founded upon worldwide respect and admiration for the Nation's high qualities as a leader in the realm of ideas and of the spirit; and

(235)

(7) that, in order to implement these findings, it is desirable to establish a National Foundation on the Arts and the Humanities.

The Chairman may enter into interagency agreements to promote or assist with the arts-related activities of other Federal agencies, on a reimbursable or nonreimbursable basis, and may use funds authorized to be appropriated for the purposes of subsection (c) for the costs of such activities.

(d) The Chairman of the National Endowment for the Arts, with the advice of the National Council on the Arts, is authorized, in accordance with the provisions of this subsection, to establish and carry out a program of contracts with, or grants-in-aid to, public agencies and private nonprofit organizations, on a national, State, or local level, for the purpose of strengthening quality by—

#### ESTABLISHMENT OF THE NATIONAL ENDOWMENT FOR THE HUMANITIES

Sec. 7. (a) There is established within the Foundation a National Endowment for the Humanities.

(b)(1) The Endowment shall be headed by a chairman, who shall be appointed by the President, by and with the advice and consent of the Senate.

(2) The term of office of the Chairman shall be four years, and the Chairman shall be eligible for reappointment. The provisions of this paragraph shall apply to any person appointed to fill a vacancy in the office of the Chairman. Upon expiration of his term of office the Chairman shall serve until his successor shall have been appointed and shall have qualified.

(c) The Chairman, with the advice of the National Council on the Humanities (hereinafter established), is authorized to—

(1) develop and encourage the pursuit of a national policy for the promotion of progress and scholarship in the humanities;

(2) initiate and support research and programs to strengthen the research and teaching potential of the United States in the humanities by making arrangements (including contracts, grants, loans, and other forms of assistance) with individuals or groups to support such activities; any loans made by the Endowment shall be made in accordance with terms and conditions approved by the Secretary of the Treasury;

(3) award fellowships and grants to institutions or individuals for training and workshops in the humanities. Fellowships awarded to individuals under this authority may be for the purpose of study or research at appropriate non-profit institutions supported by the Endowment or such aid for stated periods of time;

(4) disseminate or disseminate information in the humanities; (5) enter into such grants or other arrangements with groups, individuals, or institutions for the funding and application of the annual fees;

(6) support the purchase of selected books in the humanities.

(7) assistance in the form of its programs will also be available to certain areas where such programs would otherwise be unattainable due to geographic or economic reasons.

In the case of institutions under clause (6) of this subsection such programs may be supported without regard for the provisions of section 101, or title 44, United States Code; only if the Chairman consults with the Joint Committee on Printing of the Congress and the Chairman submits to the Committee on Labor and Human Resources of the Senate and the Committee on Education and Labor

of the House of Representatives a report justifying any exemption from such section 501.

(d) The Chairman shall correlate the programs of the National Endowment for the Humanities, insofar as practicable, with existing Federal programs, designated State humanities agencies and with those undertaken by other public agencies or private groups, and shall develop the programs of the Endowment with due regard to the contribution to the objectives of this Act which can be made by other Federal agencies under existing programs.

(e) The total amount of any grant under subsection (c)(3) to any group engaging in workshop activities for which an admission or other charge is made to the general public shall not exceed 30 per centum of the total cost of such activities.

(f) The Chairman, with the advice of the National Council on the Humanities, is authorized, in accordance with the provisions of this subsection, to establish and carry out a program of grants-in-aid in each of the several States in order to support not more than 50 per centum of the cost of existing activities which meet the standards enumerated in subsection (c) of this section, and in order to develop a program in the humanities in such a manner as will furnish adequate programs in the humanities in each of the several States.

(2) A. Whenever a State desires to designate or to provide for the establishment of a State agency, as the sole agency for the administration of the State plan, such State shall designate the humanities council in existence on the date of the enactment of the Arts and Humanities Act of 1986, as the State agency, and shall match from State funds a sum equal to 50 per centum of that portion of Federal financial assistance received by such State under this subsection which is described in the first sentence of paragraph (4) relating to the minimum State grant, or 25 per centum of the total amount of Federal financial assistance received by such State under this subsection, whichever is greater, for the fiscal year involved. In any State in which the State selects the option described in this subparagraph, the State shall submit, before the beginning of each fiscal year, an application for grants and accompany such application with a plan which the Chairman finds—

(1) designates or provides for the establishment of a State agency hereinafter in this section referred to as the "State agency" as the sole agency for the administration of the State plan;

(2) provides that the chief executive of the State will appoint as members of the State humanities council designated under the provisions of this subparagraph, as vacancies occur or beginning at the expiration of the terms of members of such council, until the chief executive has appointed all of the members of such council;

(3) provides from State funds an amount equal to 50 per centum of that portion of Federal financial assistance received by such State under this subsection which is described in the first sentence of paragraph (4) relating to the minimum State grant, or 25 per centum of the total amount of Federal financial assistance received by such State under this subsection, whichever is greater, for the fiscal year involved;

(iv) provides that funds paid to the State under this subsection will be expended solely on programs approved by the State agency which carry out the objectives of subsection (c) and which are designed to bring the humanities to the public;

(v) provides assurances that State funds will be newly appropriated for the purpose of meeting the requirements of this subparagraph; and

(vi) provides that the State agency will make such reports, in such form and containing such information, as the Chairman may require.

(B) In any State in which the chief executive officer of the State fails to submit an application under subparagraph (A), the grant recipient in such State shall—

(i) establish a procedure which assures that four members of the governing body of such grant recipient shall be appointed by an appropriate officer or agency of such State, except that in no event may the number of such members exceed 20 per centum of the total membership of such governing body; and

(ii) provide, from any source, an amount equal to the amount of Federal financial assistance received by such grant recipient under this subsection for the fiscal year involved.

(3) Whenever a State selects to receive Federal financial assistance under this subsection for any fiscal year under paragraph (2)(B), any appropriate entity desiring to receive such assistance shall submit an application for such assistance at such time as shall be specified by the Chairman. Each such application shall be accompanied by a plan which the Chairman finds—

(A) provides assurances that the grant recipient will comply with the requirements of paragraph (2)(B);

(B) provides that funds paid to the grant recipient will be expended solely on programs which carry out the objectives of subsection (c);

(C) establishes a membership policy which is designed to assure broad public representation with respect to programs administered by such grant recipient;

(D) provides a nomination process which assures opportunities for nomination to membership from various groups within the State involved and from a variety of segments of the population of such State, and including individuals who by reason of their achievement, scholarship, or creativity in the humanities, are especially qualified to serve;

(E) provides for a membership rotation process which assures the regular rotation of the membership and officers of such grant recipient;

(F) establishes reporting procedures which are designed to inform the chief executive officer of the State involved, and other appropriate officers and agencies, of the activities of such grant recipient;

(G) establishes procedures to assure public access to information relating to such activities; and

(H) provides that such grant recipient will make reports to the Chairman, in such form, at such times, and containing such information, as the Chairman may require.

4. Of the sums available to carry out this subsection for any fiscal year, each State and each grant recipient which has a plan

approved by the Chairman shall be allotted at least \$200,000. If the sums appropriated are insufficient to make the allotments under the preceding sentence in full, such sums shall be allotted among such States and grant recipients in equal amounts. In any case where the sums available to carry out this subsection for any fiscal year are in excess of the amount required to make the allotments under the first sentence of this paragraph—

(A) 34 per centum of the amount of such excess for such fiscal year shall be available to the Chairman for making grants under this subsection to States and regional groups and entities applying for such grants;

(B) 44 per centum of the amount of such excess for such fiscal year shall be allotted in equal amounts among the States and grant recipients which have plans approved by the Chairman; and

(C) 22 per centum of the amount of such excess for such fiscal year shall be allotted among the States and grant recipients which have plans approved by the Chairman in amounts which bear the same ratio to such excess as the population of the State for which the plan is approved (or, in the case of a grant recipient other than a State, the population of the State in which such grant recipient is located) bears to the population of all the States.

(5)(A) The amount of each allotment to a State for any fiscal year under this subsection shall be available to each State or grant recipient which has a plan or application approved by the Chairman in effect on the first day of such fiscal year, to pay not more than 50 per centum of the total cost of any project or production described in paragraph (4). The amount of any allotment made under paragraph (4) for any fiscal year—

(i) which exceeds \$125,000, but

(ii) which does not exceed 20 per centum of such allotment;

shall be available, at the discretion of the Chairman, to pay up to 100 per centum of the cost of programs under this subsection if such programs would otherwise be unavailable to the residents of that State.

(B) Any amount allotted to a State under the first sentence of paragraph (4) for any fiscal year which is not obligated by the State agency or grant recipient prior to sixty days prior to the end of the fiscal year for which such sums are appropriated shall be available to the Chairman for making grants to regional groups.

(C) Funds made available under this subsection shall not be used to supplant non-Federal funds.

(D) For the purposes of this paragraph, the term "regional group" means any multistate group, whether or not representative of contiguous States.

(E) For purposes of paragraph (4)(B), the term "State" and the term "grant recipient" include, in addition to the several States of the Union, only those special jurisdictions specified in section 3(g) which have a population of 200,000 or more, according to the latest decennial census.

(6) All amounts allotted or made available under paragraph (4) for a fiscal year which are not granted to any entity during such

fiscal year shall be available to the National Endowment for the Humanities for the purpose of carrying out subsection (c).

(7) Whenever the Chairman, after reasonable notice and opportunity for hearing, finds that--

(A) a group or grant recipient is not complying substantially with the provisions of this subsection;

(B) a State agency or grant recipient is not complying substantially with terms and conditions of its State plan grant recipient application approved under this subsection; or

(C) any funds granted to any group or State agency or grant recipient under this subsection have been diverted from the purposes for which they are allotted or paid,

the Chairman shall immediately notify the Secretary of the Treasury and the group, State agency, or grant recipient with respect to which such finding was made that no further grants will be made under this subsection to such group, State agency, or grant recipient until there is no longer a default or failure to comply or the diversion has been corrected, or, if the compliance or correction is impossible, until such group, State agency, or grant recipient repays or arranges the repayment of the Federal funds which have been improperly diverted or expended.

(8) Except as provided in paragraphs (4), (5), and (6), the Chairman may not make grants under this subsection to more than one entity in any State.

(g) It shall be a condition of the receipt of any grant under this section that the group, individual, or State agency or entity receiving such grant furnish adequate assurances to the Secretary of Labor that (1) all professional performers and related or supporting professional personnel employed on projects or productions which are financed in whole or in part under this section will be paid, without subsequent deduction or rebate on any account, not less than the minimum compensation as determined by the Secretary of Labor to be the prevailing minimum compensation for persons employed in similar activities; and (2) no part of any project or production which is financed in whole or in part under this section will be performed or engaged in under working conditions which are unsanitary or hazardous or dangerous to the health and safety of the employees engaged in such project or production. Compliance with the safety and sanitary laws of the State in which the performance or part thereof is to take place shall be prima facie evidence of compliance. The Secretary of Labor shall have the authority to prescribe standards, regulations, and procedures as he may deem necessary or appropriate to carry out the provisions of this subsection.

(h)(1) The Chairman of the National Endowment for the Humanities, with the advice of the National Council on the Humanities, is authorized, in accordance with the provisions of this subsection, to establish and carry out a program of contracts with, or grant-in-aid to, public agencies and private nonprofit organizations for the purpose of--

(A) enabling cultural organizations and institutions to increase the levels of continuing support and to increase the range of contributors to the program of such organizations or institutions;

(B) providing administrative and management improvements for cultural organizations and institutions, particularly in the field of long-range financial planning;

(C) enabling cultural organizations and institutions to increase audience participation in, and appreciation of, programs sponsored by such organizations and institutions;

(D) stimulating greater cooperation among cultural organizations and institutions especially designed to serve better the communities in which such organizations or institutions are located;

(E) fostering greater citizen involvement in planning the cultural development of a community; and

(F) for bicentennial programs, assessing where our society and Government stand in relation to the founding principles of the Republic, primarily focused on projects which will bring together the public and private citizen sectors in an effort to find new processes for solving problems facing our Nation in its third century.

(2)(A) Except as provided in subparagraph (B) of this paragraph, the total amount of any payment made under this subsection for a program or project may not exceed 50 per centum of the cost of such program or project.

(B) The Chairman, with the advice of the Council, may waive all or part of the requirement of matching funds provided in subparagraph (A) of this paragraph, but only for the purposes described in clause (F) of paragraph (1), whenever he determines that highly meritorious proposals for grants and contracts under such clause, could not otherwise be supported from non-Federal sources or from Federal sources other than funds authorized by section 11(a)(3), unless such matching requirement is waived. Such waiver may not exceed 15 per centum of the amount appropriated in any fiscal year and available to the National Endowment on the Humanities for the purpose of this subsection.

(3) In carrying out the program authorized by this subsection, the Chairman of the National Endowment for the Humanities shall have the same authority as is established in section 7(c) and section 10.

(d) The term of office of each member of the Board shall be six years; except that any member appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed shall be appointed for the remainder of such term. Any person, other than the Director, who has been a member of the Board for twelve consecutive years shall thereafter be ineligible for appointment during the two-year period following the expiration of such twelfth year.

(e) The Board shall meet annually on the third Monday in May unless, prior to May 10 in any year, the Chairman has set the annual meeting for a day in May other than the third Monday and at such other times as the Chairman may determine; but he shall also call a meeting whenever one-third of the members so request in writing. A majority of the members of the Board shall constitute a quorum. Each member shall be given notice, by registered mail or certified mail mailed to his last known address of record, not less than fifteen days prior to any meeting, of the call of such meeting.

(f) The election of the Chairman and Vice Chairman of the Board shall take place at each annual meeting occurring in an even-numbered year. The Vice Chairman shall perform the duties of the Chairman in his absence. In case a vacancy occurs in the chairmanship or vice chairmanship, the Board shall elect a member to fill such vacancy.

(g) The Board shall render an annual report to the President, for submission on or before the 31st day of April of each year to the Congress, on the status and health of science and its various disciplines. Such report shall include an assessment of such matters as national scientific resources and trained manpower, progress in selected areas of basic scientific research, and an indication of those aspects of such progress which might be applied to the needs of American society. The report may include such recommendations as the Board may deem timely and appropriate.

(h) The Board may, with the concurrence of a majority of its members, permit the appointment of a staff consisting of not more than five professional staff members and such clerical staff members as may be necessary. Such staff shall be appointed by the Director and assigned at the direction of the Board. The professional members of such staff may be appointed without regard to the provisions of title 5, United States Code, governing appointments in the competitive service, and the provisions of chapter 51 of such title relating to classification, and compensated at a rate not exceeding the appropriate rate provided for individuals in grade GS-15 of the General Schedule under section 5332 of such title, as may be necessary to provide for the performance of such duties as may be prescribed by the Board in connection with the exercise of its powers and functions under this Act. Each appointment under this subsection shall be subject to the same security requirements as those required for personnel of the Foundation appointed under section 14(a).

(i) The Board is authorized to establish such special commissions as it may from time to time deem necessary for the purposes of this Act.

(j) The Board is also authorized to appoint from among its members such committees as it deems necessary, and to assign to committees so appointed such survey and advisory functions as the Board deems appropriate to assist it in exercising its powers and functions under this Act.

(k) The Board shall render an annual report to the President, for submission to the Congress on or before March 31 in each year. Such report shall deal essentially, though not necessarily exclusively, with policy issues or matters which affect the Foundation or with which the Board in its official role as the policymaking body of the Foundation is concerned.

The Director shall receive basic pay at the rate provided for level II of the Executive Schedule under section 5313 of title 5, United States Code, and shall serve for a term of six years unless sooner removed by the President.

(b) Except as otherwise specifically provided in this Act (1) the Director shall exercise all of the authority granted to the Foundation by this Act (including any powers and functions which may be

delegated to him by the Board; and (2) all actions taken by the Director pursuant to the provisions of this Act or pursuant to the terms of a delegation from the Board shall be final and binding upon the Foundation.

(c) The Director may from time to time make such provisions as he deems appropriate authorizing the performance by any other officer, agency, or employee of the Foundation of any of his functions under this Act, including functions delegated to him by the Board; except that the Director may not redelegate policy-making functions delegated to him by the Board.

(d) The formulation of programs in conformance with the policies of the Foundation shall be carried out by the Director in consultation with the Board.

(e) The Director shall not make any contract, grant, or other arrangement pursuant to section 11(c) without the prior approval of the Board, except that a grant, contract, or other arrangement involving a total commitment of less than \$2,000,000 or less than \$500,000 in any one year, or a commitment of such lesser amount or amounts and subject to such other conditions as the Board in its discretion may from time to time determine to be appropriate and publish in the Federal Register, may be made if such action is taken pursuant to the terms and conditions set forth by the Board, and if each such action is reported to the Board at the Board meeting next following such action.

(f) The Director, in his capacity as ex officio member of the Board, shall, except with respect to compensation and tenure, be coordinate with the other members of the Board. He shall be a voting member of the Board and shall be eligible for election by the Board as Chairman or Vice Chairman of the Board.

#### DEPUTY DIRECTOR AND ASSISTANT DIRECTORS

SEC. 6. Before any person is appointed as Deputy Director, the President shall afford the Board and the Director an opportunity to make recommendations to him with respect to such appointment. The Deputy Director shall receive basic pay at the rate provided for level III of the Executive Schedule under section 5314 of title 5, United States Code, and shall perform such duties and exercise such powers as the Director may prescribe. The Deputy Director shall act for, and exercise the powers of, the Director during the absence or disability of the Director or in the event of a vacancy in the office of Director.

(b) There shall be four Assistant Directors of the Foundation (each referred to in this Act as an "Assistant Director") who shall be appointed by the President, by and with the advice and consent of the Senate. Before any person is appointed as an Assistant Director, the President shall afford the Board and the Director an opportunity to make recommendations to him with respect to such appointment. The first part of the paper discusses the importance of understanding the
 underlying mechanisms of the observed effects. This is particularly true in
 the case of the current study, where the effects are both large and
 statistically significant. The authors argue that a thorough understanding
 of these mechanisms is essential for developing effective interventions
 and policies.

The second part of the paper presents the results of the study. The
 authors report that the intervention had a significant positive impact
 on the outcome variable. This finding is consistent with the
 theoretical framework proposed in the introduction. The authors also
 discuss the limitations of the study and the need for further research.

In conclusion, the authors emphasize the importance of continued
 research in this area. They suggest that future studies should focus on
 understanding the underlying mechanisms of the observed effects and
 developing more targeted interventions.

The authors of this paper have conducted a thorough analysis of the
 data and have found strong evidence in support of their hypotheses.
 The results of the study are both statistically significant and
 practically important. This finding has important implications for
 the field and for policy-making. The authors hope that their
 work will contribute to a better understanding of the underlying
 mechanisms of the observed effects and lead to more effective
 interventions and policies.

The authors would like to thank the following individuals for their
 contributions to this work: [List of names].

This research was supported by the following grants: [List of grant
 numbers].

The authors declare that they have no conflicts of interest.

The first part of the report is devoted to a general discussion of the problem of the distribution of income and wealth in the United States. It is pointed out that the distribution of income and wealth is not only a social and economic problem, but also a political one. The report then discusses the various causes of the inequality of income and wealth, and the various methods of measuring it. It is concluded that the inequality of income and wealth is a result of the operation of the laws of supply and demand, and that it is not necessarily a result of any unfairness or injustice on the part of the government or the courts.

The second part of the report is devoted to a discussion of the various methods of measuring the inequality of income and wealth. It is pointed out that there are two main methods of measuring it, the Lorenz curve method and the Gini coefficient method. The Lorenz curve method is based on the assumption that the total income of a country is divided into a certain number of equal parts, and that these parts are distributed among the population in a certain order. The Gini coefficient method is based on the assumption that the total income of a country is divided into a certain number of equal parts, and that these parts are distributed among the population in a certain order. It is concluded that the Lorenz curve method is the more accurate method of measuring the inequality of income and wealth.

The third part of the report is devoted to a discussion of the various methods of reducing the inequality of income and wealth. It is pointed out that there are two main methods of reducing it, the progressive income tax method and the social insurance method. The progressive income tax method is based on the assumption that the total income of a country is divided into a certain number of equal parts, and that these parts are distributed among the population in a certain order. The social insurance method is based on the assumption that the total income of a country is divided into a certain number of equal parts, and that these parts are distributed among the population in a certain order. It is concluded that the progressive income tax method is the more effective method of reducing the inequality of income and wealth.

1. The first step in the process of identifying a problem is to recognize that a problem exists. This is often done by comparing current performance with a desired state. For example, if a company's sales are declining, this may indicate a problem that needs to be addressed.

2. Once a problem is identified, the next step is to define it clearly. This involves describing the problem in terms of its symptoms and its causes. For example, if a company's sales are declining, it may be due to a variety of factors, such as changes in the market, competition, or the company's own actions.

3. The third step is to analyze the problem. This involves gathering information about the problem and its causes. This can be done through a variety of methods, such as interviews, surveys, and data analysis.

4. The fourth step is to generate alternative solutions. This involves brainstorming ideas for how to solve the problem. It is important to consider a wide range of options, even those that may seem unlikely or unconventional.

5. The fifth step is to evaluate the alternative solutions. This involves comparing the different options and determining which one is the most likely to solve the problem. This can be done by weighing the pros and cons of each option and considering the resources available.

6. The sixth step is to implement the chosen solution. This involves putting the solution into action and monitoring its progress. It is important to be flexible and willing to make adjustments if the solution is not working as expected.

7. The final step is to evaluate the results of the solution. This involves comparing the current performance with the desired state and determining whether the problem has been solved. If not, the process may need to be repeated.
