#### ABSTRACT

This document contains two guidebooks--a workbook for students and a handbook for teachers. Class activities are designed for English-as-a-Second Language (ESL) students at level 1B of the Washington State Core Competencies. Some activities may be appropriate for level 1A and/or level 2 students too. Materials are based on experience and are designed to help low-level ESL students find an entry-level job, complete the necessary paperwork, and behave appropriately in the workplace. Special emphasis is given to the communication skills needed in the first few days of employment. The books are divided into 9 units, each covering a different subject area. They include the following: "Names of Occupations"; "Experience and Skills"; "Looking for a Job"; "Application Forms"; "The Job Interview"; "Paperwork"; "Learning a Job"; "Safety"; and "Personal Qualities." In addition, the teacher handbook contains an appendix with full-size line drawings depicting various occupations, items, and activities. #### **INTRODUCTION:**

This handbook was written to accompany the EMPLOY-ABILITY student workbook. Page numbers listed in the directions refer to page numbers in the student workbook, except where "Appendix" is specified. The Appendix is at the end of the Teacher Handbook. Activities are designed for ESL students at Level 1B of the Washington State Core Competencies. Students are assumed to have basic, sentence-level literacy in English. Some activities may be appropriate for Level 1A and/or Level 2 students as well. Materials are based on activities that Whatcom Community College ESL teachers have done in class; they are also based on the SCANS skills. They are designed to help low-level ESL students find an entry-level job, complete the necessary paperwork and behave appropriately in the workplace. Special emphasis is given to the communication skills needed in the first few days of employment (see Unit 7). Many activities specify the use of a teaching assistant. If no assistant is available, ask one of your more advanced students to help you demonstrate.

If not, say the name of the occupation and have the students repeat. Write the name of the occupation on the board. After you do this a couple of times, have the students also repeat the question: "What's his/her job?" When you get to the end of the stack of pictures, write on the board:

2) Give students the worksheets with the occupation pictures, pages 4-7. Have them write in the names of the occupations next to the pictures.

### Form W-4 (1998)

Purpose. Complete Form W-4 so your employer can withhold the correct Federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7, and sign the form to validate it. Your exemption for 1993 expires February 16, 1999.

Note: You cannot claim exemption from withholding if (1) your income exceeds \$700 and includes unearned income (e.g., interest and dividends) and (2) another person can claim you as a dependent on their tax return.

Basic instructions. If you are not exempt, complete the Personal Allowances Worksheet. The worksheets on page 2 adjust your withholding allowances based on itemized deductions, adjustments to income, or two-earner/two-job situations. Complete all worksheets that apply. They will help you figure the number of withholding allowances you are entitled to claim. However, you may claim fewer allowances.

New-Child tax and higher education credits. For details on adjusting withholding for these and other credits, see Pub. 919, Is My Withholding Correct for 1998?

Head of household. Generally, you may claim head of household filing status on your tax retum only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourseif and your dependent(s) or other qualifying individuals.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, you should consider making estimated tax payments using Form 1040-ES. Otherwise, you may owe additional tax. Two earners/two jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one W-4. Your withholding will usually be most accurate when ail allowances are claimed on the W-4 filed for the highest paying job and zero allowances are claimed for the others.

Check your withholding. After your W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your estimated total annual tax. Get Pub. 919 especially if you used the Two-Earner/Two-Job Worksheet and your earnings exceed \$150,000 (Single) or \$200,000 (Married). To order Pub. 919, call 1-800-829-3676. Check your telephone directory for the IRS assistance number for further help.

Sign this form. Form W-4 is not valid unless you sign it.
