among other countries, During 80s it followed the policy of stood by Iraq and Saudi Arabian against Iran. At the beginning of the brake out among Kuwait and Iraq to make an announcement of the failure that come to their territorial blatancy and proved the failure of the assumption of counting neutralism without approaching territorial and international protection from the affective powers ins the world and area, and this policy that Kuwait adapted after the second gulf war and still, until the time being, although the Iraqi danger has been erased by the occupation of Iraq in 2003 A.D.

- There is a high harmonization among Kuwait and council countries in all gulf issues.

- The Kuwaiti Saudi relationships are considered as an example for its gulf relationships, so it's a special well organized relationships because of geographical closeness and harmonization in its external politics.
- The improvement of relations in the area and normalization of Israeli Gulf relations and the political dispute among Kuwait and Saudi Arabia and the rest of the council countries on the one hand what concerns joining Al-Yemen to cooperation council on the other hand, and revealed that there is a weakness and difference in the techniques of foreign politics toward cooperation council in the territorial frame toward national good to each particular country.
