**Abstract****Perspective the force in Islamic philosophy**

This research historical and realistic, deals with the philosophy of the power of the Islamic perspective in all aspects in terms of "the term, concept, and sections, and value, and in fact" and that as stated in the context Quranic and Sunnah, and what came from his companions, God bless them, and Ancestors, and has the research presentation of realistic scenes of the biography of the Prophet peace be upon him and his followers, and the researcher through his research that the word force responded forty-one time in twenty-four Surat, and I've included a force in the Islamic philosophy of physical force and force of faith, and that physical force in Islam should not be a cause for ego is mounted to the right and the loss of falsehood, also focused on Islamic philosophy to the body and called for maintaining it, and warned of neglect, with the introduction of the principle of moderation in the life of the world.

percentages, and the suggested proposal was developed to enrich the content of chemistry books at the secondary level.
